Identifying SWOT and Specific Gaps and Barriers

- General Lack of Services for both youth and elder populations, especially awareness or knowledge of State programs across entire region.
- Lack of coordinated BH response in crisis; Training and Crisis Plan need to be developed and providers trained
- Youth Mental and Behavioral Health programs needs to look at implementing best evidence-based program to student population
- Lack of Behavioral Health Workforce across Southern RBHC's region.
- Lack of BH Supportive Housing for SMI & SUD.
- Substance Use Disorder and need for prevention, educational programs, treatment and coordinated efforts.
