AN ACT relating to housing; creating the Critical Needs Fund;
authorizing money in the Fund to be used for certain
purposes relating to very low income housing, supportive
housing and supportive services; increasing the real
property transfer tax; requiring the money from the
increased tax to be deposited in the Fund; and providing
other matters properly relating thereto.

Legislative Counsel’s Digest:

1 Existing law imposes a tax on certain transfers of real property. The tax is
2 based on the value of the transferred property in increments of \$500 or a fraction
3 thereof. (NRS 375.020) Existing law requires the State Controller to deposit a
4 portion of that transfer tax into the Account for Affordable Housing, which is
5 administered by the Housing Division of the Department of Business and Industry
6 in order to assist certain persons in obtaining or keeping affordable housing. (NRS
7 319.500, 319.510, 375.070) **Section 14** of this bill: (1) creates the Critical Needs
8 Fund; (2) requires the Division to administer the Fund; and (3) requires the money
9 in the Fund to be used to provide certain assistance for very low income housing,
10 supportive housing and supportive services. **Section 21** of this bill increases the tax
11 on certain transfers of real property by 20 cents for each \$500 of value or fraction
12 thereof, and **section 22** of this bill requires the State Controller to deposit the
13 amount attributable to the increase into the Fund. **Section 14** also authorizes the
14 Division to apply for and accept gifts, bequests, grants, donations and other sources
15 of money for credit to the Fund. **Sections 3-13** of this bill define certain terms
16 related to the use of money in the Fund.

Existing law divides this State into five behavioral health regions and creates a regional behavioral health policy board for each region. (NRS 433.428, 433.429) Existing law requires each policy board to advise certain agencies, including the Department of Health and Human Services, concerning priorities for allocating money to support and develop behavioral health services in each region. (NRS 433.4295) **Section 15** of this bill requires the Division to annually allocate money in the Fund to be used in each behavioral health region and prescribes the manner in which the Division is required to calculate such allocations. From the money allocated for use in a behavioral health region, **sections 15 and 23** of this bill require the policy board created for the region to determine an amount to be used for: (1) rental assistance or home repair assistance for very low income housing; and (2) supportive housing and supportive services.

Section 16 of this bill requires the Division to distribute the money allocated by each policy board to rental and home repair assistance for very low income housing to the housing authorities whose area of operation includes any part of the behavioral health region. **Section 16** requires each housing authority to distribute that money to provide rental and home repair assistance for very low income housing in the applicable behavioral health region, prioritizing households with the lowest income.

Section 17 of this bill requires the Division to distribute the money allocated by each policy board to supportive housing projects and supportive services in the following order of priority: (1) first, to itself for the purpose of awarding grants to provide rental assistance to supportive housing projects within the applicable behavioral health region; and (2) second, to the Department of Health and Human Services for the purpose of awarding grants to provide supportive services within the applicable behavioral health region. **Sections 18 and 19** of this bill require the Division and the Department, respectively, to: (1) award such grants; and (2) adopt regulations prescribing the process for awarding those grants. **Section 20** of this bill prescribes certain conditions applicable to the grants.
