Trade Mitigation Summary & Outlook

Devin Wilcox-McCombs

Trade Mitigation

Food Purchase and Distribution Program (FPDP)

USDA and the Agricultural Marketing Service (AMS) identified targeted commodities affected by trade disputes with foreign nations and made available \$1.2 billion nationally for purchases of these commodities.

The bulk of this food has been distributed through the TEFAP program, which is USDA's primary outlet for foods purchased through market support mechanisms.

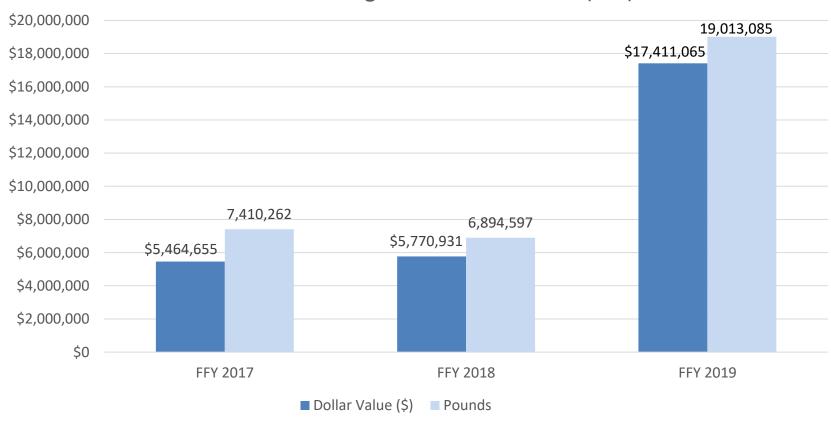

Summary

- Administered by NDA
- Implemented by the Three Square Food Bank, the Food Bank of Northern Nevada, and their community partners
- Volume and Variety
 - 200% increase in the amount of food available through TEFAP in Nevada
 - Significant increase in food diversity
 - Increase in high-value foods

Targeted Commodities (Top 9)

	National Targets	Nevada Receipts	<u>Nat'l %</u>
Pork	\$558M	\$5.8M	1.05%
Apples	\$93M	\$1.3M	1.39%
Pistachios	\$85M	\$1.2M	1.40%
Dairy	\$84M	\$1.2M	1.42%
Oranges	\$59M	\$900k	1.62%
Grapes	\$48M	\$745k	1.55%
Rice	\$48M	\$598k	1.24%
Potatoes	\$44M	\$437k	0.98%
Walnuts	\$34M	\$735k	2.13%

Trade Mitigation Funding

Due to the substantial increase in the total amount of food delivered through Trade Mitigation, USDA, through the Commodity Credit Corporation, made available \$50 million in additional admin funds.

- NDA received \$758,000 for Phases II, III, and IV
- 100% of funds were passed to FBNN and Three Square
 - Operational Costs
 - Capital Improvements
 - Equipment Purchases

Outlook

Nevada will continue to receive Trade Mitigation food and funding through December 2020.

- Phases I and II ordered thru June 2020
- Initial volume consistent with 2019
