**Governor Sisolak releases statement on conclusion of 31st
Special Session**

Carson City, NV — Nevada Governor Steve Sisolak released the following statement after the Nevada Legislature adjourned the 31st Special Session to fill a historic \$1.2 billion budget shortfall caused by the COVID-19 global pandemic. As the final bills are transmitted to the Governor for signature, he will sign them into law.

The Governor released the following statement:

I appreciate the hard work of the Nevada Legislature during the 31st special session in making the difficult decisions that were necessary to amend the state's Fiscal Year 2020-21 budget and address the \$1.2 billion shortfall caused by the COVID-19 pandemic. Some of the reductions were restored with limited one-time funding options that were identified and additional Medicaid dollars identified at the start of the session based on just released utilization rates. Yet, with a \$1.2 billion shortfall, we know our state will be challenged to provide the essential services Nevadans deserve in health care, education, and so much more.

Legislation passed during the special session includes the requested flexibility to take advantage of any direct federal funding for state governments, if authorized, for this purpose, to replace lost revenue and restore reductions. Flexibility is also included to continue to take advantage of the enhanced Federal Medical Assistance Percentage (FMAP) if it is extended later this

month, which could also reduce the impact of the related reductions during this fiscal year.

While all states are facing devastating impacts to their budgets as a result of the COVID-19 recession, Nevada once again finds itself hit the hardest due to an overreliance on an unbalanced revenue structure and the continued need to successfully diversify our economy beyond hospitality and tourism.

As Governor, I have been faced with these budget realities and difficult decisions day in and day out since this global pandemic hit Nevada a little over four months ago in March. I know our lawmakers have also seen the impacts of this virus in their districts, and in this special session they have weighed the magnitude of this situation and its impacts on our State as a whole. Now that the immediate budget crisis has been addressed, we must recommit ourselves to uniting under our shared values and goals.

When faced with these unprecedented challenges, there is an expectation that disagreement will occur. Going forward, we must not focus on what divides us, but commit ourselves to the overwhelming consensus that was expressed by both parties during this session. That there are longstanding, structural problems that must be addressed to ensure Nevada is no longer the most vulnerable state in the nation every time the economy takes a downturn. We owe it to our fellow Nevadans, most importantly our children, to seize this opportunity going forward. I look forward to partnering with legislators and community leaders on this great task ahead of us.

We are in a constantly changing, unpredictable economic environment due to the COVID-19 pandemic. With governors around the country and our state legislators, I will continue to work to protect lives and advocate for federal assistance for the replacement of lost revenue that none of the COVID-19 bills have provided to date. I am grateful for the flexibility under the special session legislation to restore the reductions in whole or in part from any additional revenue that may be generated in this fiscal year.

BACKGROUND:

Gov. Sisolak called lawmakers into a special session 12 days ago, on July 8, to finalize the necessary reductions while prioritizing resources to protect Nevada's residents as much as possible.

Prior to the start of the special session, Gov. Sisolak released the Nevada COVID-19 Fiscal Report and details about the Fiscal Year 2021 budget. The document, [which can be found here](#), laid out the proposed reductions, as well as the Governor's priorities for restorations if additional funding was received from the federal government, if additional revenues were approved by the Legislature or if actual revenues sufficiently exceed current projections.

During the session, the Governor's Office worked collaboratively with legislative leadership to find an additional \$138.6 million in funding, which will help restore the following:

- \$49 million for additional Medicaid services, including dental, hospice services, behavioral health and supporting housing services
- \$514,000 for pediatric intensive care
- \$7.4 million for essential inpatient and outpatient mental health services across southern Nevada, including Behavioral Health Professionals, Crisis Triage Centers, and Housing supports
- \$1.4 million for behavioral health practitioners, intensive case management, and medication clinics in northern Nevada
- \$1.5 million for behavioral health practitioners and housing support programs in rural Nevada
- \$1.8 million for the Teach Nevada program
- \$700,000 for computer science and technology program
- \$25.8 million to reduce the number of furlough days for state employees from 12 to 6 days
- \$14.3 million to reinstate merit pay for state employees
- \$1.4 million to avoid certain state employee layoffs

Additionally, the Governor worked with the Speaker of the Assembly and Majority Leader of the Senate to expedite the delivery of \$50 million in Coronavirus Relief Funds (CRF) under the Coronavirus Aid, Relief and Economic Security Act (CARES Act) to the Nevada Department of Education

for a new education grant program that will help students most impacted by the loss of in-person instruction due to the COVID-19 pandemic.

If the State of Nevada receives additional federal funds, lawmakers authorized the State of Nevada to offset revenue shortfalls in Fiscal Year 2020-2021 in the following priorities:

- New Nevada Education Funding Plan
- Read by Grade Three
- Elimination of furlough
- Any other budgetary reduction

CHAPTER.....

AN ACT relating to state financial administration; reducing certain appropriations and other money budgeted for Fiscal Year 2020-2021; authorizing certain sums appropriated to the Department of Health and Human Services to be transferred among the various budget accounts of the Department under certain circumstances; requiring the transfer of certain money to the State General Fund; revising various provisions relating to the authority for such transfers; authorizing certain expenditures; temporarily suspending the transfer from the State General Fund to the Account to Stabilize the Operation of the State Government for Fiscal Year 2020-2021; temporarily increasing the limitation on the amount of annual leave that certain state employees are authorized to carry forward to the next calendar year; providing for a 1-month suspension during Fiscal Year 2020-2021 of the payment of subsidies by the State to the Public Employees' Benefits Program for group insurance for certain active and retired public officers and employees; requiring state employees to take a certain number of hours of unpaid furlough leave during a certain period of Fiscal Year 2020-2021; providing exceptions and requirements relating to the furlough leave; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

The Legislature appropriated various sums of money for the support of the government of the State of Nevada and for other specific purposes during the 2019 Legislative Session. **Sections 1-8, 10-14, 16-56 and 57-81** of this bill reduce certain appropriations for Fiscal Year 2020-2021.

Existing law provides a procedure for the revision of the work program of any department, institution or agency of the Executive Department of the State Government. (NRS 353.220) During the remainder of Fiscal Year 2020-2021, **section 15** of this bill authorizes the transfer of certain sums appropriated to the Department of Health and Human Services among the various budget accounts of the Department in the same manner and within the same limits as allowed for revisions of work programs in NRS 353.220. **Section 15** also provides that the appropriations made to the Supreme Court of Nevada for Fiscal Year 2019-2020 and Fiscal Year 2020-2021 are available for both fiscal years and authorizes transfers of such money among certain budget accounts of the Supreme Court and from one fiscal year to the other upon certain approval.

Section 82 of this bill reduces the current amount of money budgeted for Fiscal Year 2020-2021 for certain programs and services of various state agencies and provides for the reversion of those amounts to the State General Fund at the close of Fiscal Year 2020-2021.

Sections 83-107 of this bill require the State Controller to transfer various sums of money from certain funds and accounts in Fiscal Year 2020-2021 to the State General Fund Budget Reserve Account to offset the difference between projected

revenues and collections and to be used only as necessary to meet existing and future obligations of the State. **Section 108** of this bill provides for the reversion of those amounts to the State General Fund at the close of Fiscal Year 2020-2021. **Sections 9 and 120-131** of this bill specifically authorize such transfers in provisions in existing law. **Sections 109-118** of this bill authorize certain additional expenditures by various state agencies for certain purposes. **Sections 56.5 and 118.5** of this bill authorize the Department of Health and Human Services to accept additional federal money during Fiscal Year 2019-2020 or Fiscal Year 2020-2021 for the Nevada Medicaid budget and the Nevada Check-Up Program budget to support those budgets without requiring an offsetting decrease in State General Fund appropriations.

The Account to Stabilize the Operation of the State Government, also known as the Rainy Day Account, is a special revenue fund into which surplus state revenues are deposited to be used in case of fiscal emergencies. Under existing law, the State Controller is required to transfer from the State General Fund to the Account to Stabilize the Operation of the State Government at the beginning of each fiscal year that begins on or after July 1, 2017, 1 percent of the total anticipated revenue projected for that fiscal year by the Economic Forum in May of odd-numbered years, as adjusted by any legislation enacted by the Legislature that affects state revenue for that fiscal year. (NRS 353.288) **Section 119** of this bill suspends this transfer to be made for Fiscal Year 2020-2021.

Under existing law, employees in the Executive Department of the State Government are entitled to a prescribed amount of annual leave for each month of continuous public service. With certain exceptions, existing law provides that any annual leave in excess of 30 working days must be used before January 1 of the year following the year in which the annual leave in excess of 30 working days is accumulated or the amount of annual leave in excess of 30 working days is forfeited on that date. (NRS 284.350) For purposes of calendar years 2020 and 2021, **sections 123.5 and 135** of this bill increase to 40 working days the limitation on the amount of annual leave that an employee is authorized to carry forward from each of those calendar years to the next calendar year.

Existing law requires each state agency that participates in the Public Employees' Benefits Program to pay to the Program a monthly assessment for each state officer and employee who is employed by the agency on a permanent and full-time basis and who elects to participate in the Program. (NRS 287.044, 287.0445) In addition, the State is also required to pay to the Program a portion of the cost of the premiums or contributions for group insurance for persons who retire with state service and continue to participate in the Program. (NRS 287.046) The monthly amounts of these subsidies are established for each fiscal year biennially. (See, e.g., chapter 523, Statutes of Nevada 2019, p. 3118) **Section 131.1** of this bill provides for a state agency premium holiday by requiring that a participating state agency only pay such subsidies for 11 months in Fiscal Year 2020-2021. Although a corresponding premium holiday is not provided for the state officers and employees and retirees in this bill, **section 131.1** specifically provides that those state officers and employees and retirees must not be required to pay the portion of the cost of the premiums and contributions that would have otherwise been paid by the State during the one month of the premium holiday.

Section 131.2 of this bill requires each full-time state employee to take 48 hours of unpaid furlough leave, and part-time employees to take a proportional amount of such hours, during the period between January 1, 2021, and June 30, 2021, unless: (1) the employee's position is exempted from this requirement pursuant to **section 131.4** of this bill because the employee is determined to fill a position of critical need; or (2) the employee is employed by the Department of

Tourism and Cultural Affairs and has a standard workweek of 32 hours or less. If an employee's position is exempted from the furlough requirement, **section 131.4** requires that the employee's salary be reduced by 4.6 percent during the period between January 1, 2021, and June 30, 2021, that the position is not subject to furlough leave. **Section 131.3** of this bill provides that state employees and employees of the other employers who participate in the Public Employees' Retirement System who take furlough leave due to extreme financial need are held harmless in the accumulation of retirement service credit and reported salary for purposes of their retirement. **Sections 134.5 and 135** of this bill eliminate the furlough leave requirements if the State of Nevada receives certain federal money.

Section 131.6 of this bill provides that if additional federal money is made available to the State of Nevada, the Chief of the Budget Division of the Office of Finance is required to disburse the money to restore budgetary reductions in this bill and other purposes in a prescribed priority order.

Section 132 of this bill provides that the provisions of this bill do not apply to the extent that they would constitute an impairment of the rights of holders of bonds or similar obligations issued by the State.

5. Disbursement for any other purpose authorized by law.

Sec. 132. necessary to protect the interests of the State and the rights of the holders of the bonds and similar obligations.
