

Pediatric Concurrent Care in Nevada

ANGELA BERG DNP, APRN, CPNP
PROCARE HOSPICE/CAREOUSEL
PEDIATRIC PROGRAM

History

- 2009 First pediatric specific program
- 2010 ACA and concurrent care legislation
- 2013 first establishment of concurrent care model
- How many
Then 10-10
Now 95

Biggest win; helping parents navigate a very broken system with dignity and focus on the child coupled with decreased number of hospitalizations in fragile children

Biggest issue; High overhead is needed in order to navigate the system barriers to getting what is needed to continue cost effective care
