Facility Attestation of Employee Licensure

In accordance with NRS 459.035 the applicant for registration of a radiation machine must attest to proper licensure of employees. [Effective January 1, 2020.] The Division shall not issue or renew the registration of a radiation machine pursuant to regulations adopted by the State Board of Health unless the applicant for issuance or renewal of the registration attests that the persons employed by the applicant to operate the radiation machine are properly licensed pursuant to chapter 653 of NRS or are exempt from the requirement to obtain such licensure pursuant to NRS 653.430.

This form must be completed by all facilities that register a Radiation Producing Machine with the state and uploaded into your account profile in the Centralized Licensing, Inspections and Certification System – CLICS.
