Source: Nevada State Health Division Sexually Transmitted Disease Management Information Systems (STD*MIS), data as of February 2012

*Nevada Rates per 100,000 population were calculated using population estimates from the Nevada State Demographer. Interim 2010 Population estimates are used to determine Nevada and Clark County rates. 2009 Population Estimates were used to calculate 2010 rates. The 2007 and 2008 Interim Population Estimates are based on the 2007 and 2008 Total Population Estimates provided in March 2008 and 2009, respectively and 2005 Population Estimate Breakdowns. They were updated in July 2008 and 2009 by the Nevada State Health Division, Bureau of Health Statistics, Planning, and Emergency Response.

** National Rates are based on the 2010 Rates from the CDC STD Surveillance Report and are expressed per 100,000 cases per population. Available: <http://www.cdc.gov/std/stats10/tables/10.htm>

***All other counties include Carson City, Churchill, Douglas, Elko, Esmeralda, Eureka, Humboldt, Lander, Lincoln, Lyon, Mineral, Nye, Pershing, Storey, & White Pine counties

Rates highlighted in red indicate a Nevada Rate higher than the National Rate.

Source: Nevada State Health Division Sexually Transmitted Disease Management Information Systems (STD*MIS), data as of February 2012

*Nevada Rates per 100,000 population were calculated using population estimates from the Nevada State Demographer. Interim 2010 Population estimates are used to determine Nevada and Clark County rates. 2009 Population Estimates were used to calculate 2010 rates. The 2007 and 2008 Interim Population Estimates are based on the 2007 and 2008 Total Population Estimates provided in March 2008 and 2009, respectively and 2005 Population Estimate Breakdowns. They were updated in July 2008 and 2009 by the Nevada State Health Division, Bureau of Health Statistics, Planning, and Emergency Response.

** National Rates are based on the 2010 Rates from the CDC STD Surveillance Report and are expressed per 100,000 cases per population. Available: <http://www.cdc.gov/std/stats10/tables/10.htm>

***All other counties include Carson City, Churchill, Douglas, Elko, Esmeralda, Eureka, Humboldt, Lander, Lincoln, Lyon, Mineral, Nye, Pershing, Storey, & White Pine counties

Rates highlighted in red indicate a Nevada Rate higher than the National Rate.

*Syphilis, P&S refers to Primary and Secondary Syphilis

**Syphilis, EL refers to Early Latent Syphilis

Data is entered into STD*MIS from provider/clinic who ordered laboratory tests; data comes to state county via laboratory results.
