**Funding for Primary Prevention
of the Use/Misuse of Alcohol, Tobacco,
Licit and Illicit Drugs
Request for Proposals (RFP 2018-P)**

Key Dates	
Bidders Conference (Open Meeting)	November 5, 2018
Application Deadline	December 10, 2018
Objective Review	January 14 and 15, 2019
Award Notification	January 25, 2019
Project Start Date(s)	July 1, and October 1, 2019

Contact Information:

Please read through this solicitation carefully and write down all questions. Submit them to Marco Erickson, Health Program Manager II, (775) 684-4069, or maerickson@health.nv.gov. All questions related to this RFP will be compiled and answers will be shared publicly during the Bidders Conference on 11/05/18. Q&As will be put in writing and posted on the BHWP webpage to ensure all applicants are provided the same guidance. No questions on this RFP will be accepted after 4:00 p.m. on 11/04/18.

EXECUTIVE SUMMARY

The Nevada Department of Health and Human Services, Division of Public and Behavioral Health, Bureau of Behavioral Health Wellness and Prevention (BHWP) is accepting proposals for funding from primary prevention grants in fiscal year 2019. The grants may include Nevada State General Funds for Substance Abuse Primary Prevention (SAPP); the Substance Abuse and Mental Health Services Administration's (SAMHSA) Partnerships for Success Grant (PFS); and the SAMHSA Substance Abuse Prevention and Treatment Block Grant – Primary Prevention Set-Aside (SABG-PX). These programs fulfill the Department's commitment to public behavioral health services that deliver substance abuse primary prevention programs to Nevada's communities, with a priority on at-risk populations.

All services and activities associated with this RFP 2018-P will be administered by the Bureau of Behavioral Health Wellness and Prevention (BHWP) with funds provided by State General Funds for Substance Abuse Primary Prevention, and the federal Substance Abuse Mental Health Services Agency (SAMHSA) Substance Abuse Prevention and Treatment Block Grant – Primary Prevention Set-Aside; and the federal Partnership for Success Grant.

Subgrants awarded through this RFP are intended to support the activities of regionally-based coalitions as defined in the Drug Free Communities Act of 1997 (Public Law 105-20).

Due date for Applications 4:00 p.m.	12/10/18
Technical review of applications	12/10/18 through 12/21/18
Applications sent to reviewers	12/21/18
Objective Review (mandatory for all proposals)	1/14 to 1/15/19
Funding decisions announced by DPBH/BHWP	1/25/19
Budget and scope of work negotiations	1/25 to 2/11/19
Notice of sub-grant award documents sent	2/25/19

SCOPE OF RFP

Applications awarded opportunity for funding will be placed in a funding pool and are then eligible to apply for any of the following three subgrants:

Funding Opportunity Title:	State General Fund Substance Abuse Primary Prevention (SAPP)
Anticipated Total Available Funding:	\$2,012,418
Estimated Number of Awards:	12
Estimated Award Amount:	\$50,000 up to \$700,000
Cost Sharing/Match Required:	No
Project Start Date:	July 1, 2019
Length of Project Period	Up to four years
Funding Opportunity Title:	SAMHSA Partnerships for Success (PFS)
Anticipated Total Available Funding:	\$1,793,357
Estimated Number of Awards:	12
Estimated Award Amount:	\$50,000 up to \$300,000
Cost Sharing/Match Required:	No
Anticipated Project Start Date:	September 30, 2019
Length of Project Period	Up to four years
Funding Opportunity Title:	SAMHSA Substance Abuse Prevention and Treatment Block Grant – Primary Prevention Set-Aside (SABG-PX)
Anticipated Total Available Funding:	\$2,308,344
Estimated Number of Awards:	12
Estimated Award Amount:	\$150,000 up to \$400,000
Cost Sharing/Match Required:	No
Project Start Date:	October 1, 2019
Length of Project Period	Up to four years

ELIGIBILITY INFORMATION

ELIGIBLE APPLICANTS

The Behavioral Health Wellness and Prevention Agency reaches communities across Nevada through community-based coalitions to ensure inclusion of frontier, rural, at-risk populations and areas of trending needs. The Applicant must be an organized 501(c)(3) private not-for-profit entity or a federally recognized Tribal organization. The organization must be certified by the Division of Public and Behavioral Health through the Behavioral Health Wellness and Prevention Agency as a Prevention Provider and have at least one person on staff who is a Certified Prevention Specialist.

The Bureau of Behavioral Health Wellness and Prevention leverages the reach of prevention funding through collaboration with communities that are already mobilized and engaged in community change. Therefore, the Applicant must be an established Community Prevention Coalition with a minimum of six months experience implementing substance misuse prevention initiatives. The Applicant must have major sector involvement consisting of one or more representatives from each of the following 12 categories:

- a. Youth
- b. Parents
- c. Businesses
- d. Media
- e. Schools
- f. Organizations serving youth
- g. Law enforcement
- h. Religious or fraternal organizations
- i. Civic and volunteer groups
- j. Health care professionals
- k. State, local, or tribal governmental agencies with expertise in the field of substance abuse
- l. Other organizations involved in reducing substance abuse

The Applicant is expected to know and implement the Strategic Prevention Framework in their organization. Additionally, the Applicant must meet requirements of a Coalition Program as set forth in Nevada Administrative Code *NAC 458.203*.

Emerging community coalitions are encouraged to apply for the Drug Free Communities grant through SAMHSA prior to seeking funding from this or similar opportunities. Through the Drug Free Communities Grant, newly formed coalitions will receive the support and mentoring necessary to build an effective and sustainable organization and will be able to meet the guidelines of state prevention funding. All other entities seeking funding for primary prevention program delivery are encouraged to consult with and/or apply to their local Community Prevention Coalition for inclusion in pass-through dollars from this application. Community

Prevention Coalitions will assure that local prevention programs are consistent with local strategic plans and do not result in duplication.

REGISTRATION

Applicants for State grants and federal award pass-throughs are required to be fully registered at the time of application, to include information in the application, and to maintain current and valid registration throughout the active award period. In addition to state and local licensing, you are required to complete four registration processes:

- Dun & Bradstreet Data Universal Numbering System (to obtain a DUNS number);
- System for Award Management (SAM)
- State Vendor Number
- BHWP Prevention Certification

Dun & Bradstreet

The DUNS Number, also known as the Unique Entity Identifier, and provide that number in the application. The number can be obtained on the Dun & Bradstreet website:

<http://www.dnb.com> or call 1-866-705-5711. The DUNS number is free of charge and must be active in the System for Award Management (SAM).

System for Award Management (SAM) Registration

Applicants must have current information registered in SAM at the time of application and maintain active SAM registration during the period of time you organization has an active federal or state award or an application under consideration. To create a SAM user account, you must first have obtained a Vendor Number from the State, and a DUNS number.

<https://www.sam.gov>

State Vendor Number

Applicants must have completed registration through Nevada State Controller.

http://controller.nv.gov/VendorServices/Electronic_Vendor_Registration.html

BHWP Prevention Certification

<http://dpbh.nv.gov/Programs/ClinicalSAPTA/dta/Partners/Certification/CertificationHome/>

Application Requirements at a Glance

The following requirements must be in place at the time of submission of application. No exceptions will be made.

- 501(c)3 or federally recognized Tribal organization
- BHWP Prevention Certification
- Certified Prevention Specialist on staff
- Coalition membership representing 12 sectors of your community
- Minimum 6 months experience implementing substance misuse initiatives
- Adherence to Strategic Prevention Framework
- Meet requirements of NAC 458.203
- Registration in Dun & Bradstreet
- Registration in System Award Management
- Vendor Number from State Controller

PROJECT DESCRIPTION

A Request for Proposal process is different from a Request for Applications. The State expects Applicants to propose creative, competitive solutions to the agency's stated problem or need, as specified below. The proposed solutions must implement primary prevention strategies directed at individuals before they are identified to need treatment or have already gone into treatment. Applicants must demonstrate technical skills in use of evidence-based primary prevention strategies, knowledge of program evaluation and data collection methods to substantiate the effectiveness of proposed programs in reducing substance misuse in Nevada. The State reserves the right to limit the Scope of Work prior to award, if deemed in the best interest of the State per NRS 458.035.

PURPOSE

The purpose of funding is to address Nevada's substance misuse prevention priorities:

- a. underage drinking;
- b. misuse of alcohol by adults;
- c. underage use of marijuana and synthetic cannabinoids;
- d. misuse of licit and illicit drugs including opioids and methamphetamine;
- e. misuse of over the counter medications;
- f. harmful effects of tobacco products including e-cigarettes and vaping products;
- g. public education on topics such as safe disposal of prescription drugs, the effect of alcohol and drugs on developing brains, and identification of the new generation of paraphernalia.

STATE PRIORITIES

The following priorities were defined by the Multidisciplinary Prevention Advisory Committee (MPAC), the SAPTA Strategic Plan 2017-2020, and by SAMHSA's eight Strategic Initiatives 2011. It is required that applicants will choose **a minimum of three (3)** of the following 14 priorities areas for funding per funding stream.

Priority Area	Priority Description
1	Prevent the onset of childhood and underage drinking and other drug use, reduce the progression of substance abuse, including prescription drugs used illicitly and marijuana; prevent the relapse of substance abuse of those in recovery
2	Support earlier access to prevention by targeting students in high-risk environments needing access to after-school activities/programming for youth empowerment
3	Create or implement strategies to reduce binge-drinking and drug use in youth under the age of 18 and young adults up to age 24
4	Target substance abuse prevention on Native American communities among youth and adults

5	Target substance abuse prevention on people that are lesbian, gay, bisexual, transgender and questioning (LGBTQ)
6	Develop and/or increase collaboration and partnership with the military; active service, veterans, reservists, National Guard, and their families
7	Develop targeted prevention efforts aimed at older adults at risk of developing a dependence on opioids and alcohol
8	Target alcohol and other drug use among women of child-bearing years and women currently pregnant
9	Target substance abuse prevention on people speaking a language other than English
10	Focus prevention activities on prescription drugs used for non-medical purposes, or without a prescription
11	Develop and strengthen ties to available resources
12	Focus prevention activities around use of e-cigarettes, including the dangers of use and changes in social norms
13	Focus prevention activities around marijuana, including medical marijuana dispensaries, recreational issues and changes in social norms
14	Engage cross-systems expertise, such as educational institutions, first responders, law enforcement, etc., to increase or leverage training and educational opportunities and promote community level change

EXPECTATIONS

- h. The Bureau of Behavioral Health Wellness and Prevention (BHWP) expects those who receive subawards from the funding streams in this opportunity to have gathered local data on substance use in their community and, in collaboration with partners from a variety of community sectors, to have established an accurate, data-driven picture of their community strengths, weaknesses and challenges.
- i. Recipients are expected to be completely familiar with the composition and needs of their communities; to ensure that all populations, especially at-risk populations, are served by correctly focused, evidence-based primary prevention activities.
- j. Recipients are expected to apply evaluation processes to show the prevention strategies are either working or need to be revised.
- k. Recipients are expected to gather local data to identify emerging trends, for use in their decision-making processes, and to share any new and important local data with the state through reporting mechanisms to help inform and enrich state and national data.
- l. Recipients are expected to ensure that all subrecipients to whom they award funding are monitored for fidelity to the original guidelines of the funding source(s).
- m. Subrecipients of this funding are expected to implement community-based programming that has proven successful in preventing the onset of childhood and underage drinking

and other drug use; and to reduce the progression of substance abuse among young adults, veterans, Native American communities, LGBTQ, women of child-bearing age, senior citizens, people who speak languages other than English, and identified high risk populations. The goal is also to inform, educate, and provide access to available resources in a way that can be evaluated.

- n. Collectively, funded programs should have a far-reaching affect across Nevada in frontier, rural and urban communities. The goal of primary prevention is to halt or deter the progression of vulnerable populations towards the habitual misuse of, or addiction to alcohol, tobacco and tobacco products, opioids, and other drugs.

DETAILS OF FUNDING STREAMS COVERED UNDER THIS RFP

- o. State General Fund Substance Abuse Primary Prevention (SAPP)

Project period 7/1/19 – 6/30/21

Funding Source: State General Funds (NRS 458.097(c))

SAPP funds are used as a maintenance of effort for the SABG; to increase services; to support infrastructure and the implementation of evidence-based/evidence-informed direct service substance abuse prevention programs, practices, and strategies at the community level. All activities associated with this funding must be for the implementation of those activities that meet an identified need within the community and are prioritized in the coalition's Comprehensive Community Prevention Plan.

It is expected that **85%** of this funding will support programs or strategies delivered by direct service providers. Selecting and qualifying appropriate subrecipients or contractors for the project/contract must follow federal and state procurement regulations. If this percentage cannot be achieved (not enough direct service providers in the coalition service area, for example), the applicant must provide an explanation in their response to this RFP. The balance can be used to support administrative costs associated with the management of these pass-through funds. Of the strategies funded with State General Funds, all must be evidence-based or reviewed and approved through the Bureau. For more information on determining whether a strategy is evidence-based, please refer to 'Evidence-Based Strategies' (Appendix) section of this application. The remaining 30 percent of funded strategies must be accompanied by local evidence of effectiveness. This evidence may consist of anecdotal information, local surveys, monitoring participants for a time after completion of the program, analysis of a change in social conditions that can be attributed to the program, etc.

- p. Strategic Prevention Framework - Partnership for Success (SPF-PFS)

Project period 9/30/19 - 9/29/22

Funding Source: Substance Abuse and Mental Health Services Administration (SAMHSA), Center for Substance Abuse Prevention (CSAP).

The SPF-PFS grant program builds upon the experience and established SPF-based prevention infrastructure of community coalitions to address one of the nation's top substance abuse prevention priorities; underage drinking among persons aged 9 to 20. At their discretion, Applicants may also use funds to target up to two additional, data-driven substance abuse prevention priorities such as the use of marijuana, cocaine, or methamphetamine by individuals ages 9 and above.

SPF-PFS is designed to ensure that prevention strategies and messages reach the population most impacted by substance misuse. It requires the skills to assess population needs (nature of the substance abuse problem, where it occurs, whom it affects, how it is manifested), the resources required to address the problem, and the readiness to act to address needs and problems identified.

Additionally, the SPF-PFS grant program seeks to address behavioral health disparities among racial and ethnic minorities and other populations by encouraging the implementation of strategies to decrease the differences in access, service use, and outcomes among the populations served (see Appendix 1)

q. Substance Abuse Block Grant (SABG)

Project period 10/1/19 - 9/30/22

Funding Source: Substance Abuse and Mental Health Services Administration (SAMHSA), Center for Substance Abuse Prevention (CSAP) Division of State Programs in accordance with The Public Health Service Act, Title 42 § 300x. Formula Grants to States.

This funding source represents the 20% set-aside from SABG which is required by statute (45 CFR 96.125) to be used exclusively for primary prevention. By law, it may only be directed at individuals not identified to be in need of treatment and must be used to fund evidence-based strategies that have a positive impact on the prevention of substance use. Activities that cross over into the 'intervention' realm are not allowable in this funding. While many evidence-based substance-use disorder prevention strategies also have a positive impact on other health and social outcomes, the primary purpose and focus of activities must be on substance misuse prevention.

The SABG statute (45 CFR 96.125) requires a comprehensive primary prevention program that includes activities and services provided in a variety of settings. The program must target both the general population and sub-groups that are at high risk for substance misuse. The program must include some or all of the following six strategies:

- i. **Information Dissemination** strategies are 1-way communication from source to audience. It provides awareness and knowledge of the nature and extent of alcohol, tobacco and drug use, abuse, and addiction, and their effects on individuals, families, and communities. It also provides knowledge and awareness of available prevention programs and services. It is marked by one-way communication from the source to the audience, with limited contact between the two. Examples include: Clearinghouse or information resource

centers; resource directories; media campaigns; brochures/pamphlets/rack cards; radio/TV public service announcements; health fairs or health promotion; information lines.

- ii. **Education** strategies include 2-way communication. Interaction between the educator or facilitator and participants is the basis of Education activities. Education activities aim to affect critical life and social skills, including decision making, refusal skills, critical analysis, and systematic judgment abilities. An example of critical analysis would be the interpretation of media messages. Examples include classroom and/or small group sessions (all ages); parenting and family management classes; peer leader/helper programs; education programs for youth groups; groups for children of substance abusers.
- iii. **Alternatives.** This strategy provides for the participation of target populations in activities that exclude alcohol, tobacco and other drug use. Examples of alternative strategies include drug-free dances and parties; youth or adult leadership activities; community drop-in centers; and community service activities.
- iv. **Problem Identification and Referral Strategy.** The goal of this strategy is to identify individuals who have indulged in illegal or age-inappropriate use of tobacco or alcohol and those individuals who are using illicit drugs for the first time. This identification is made to assess if the behavior of these individuals can be reversed through education. *Note: this strategy does not include Screening, Brief Intervention, Referral to Treatment (SBIRT) or any activity designed to determine if a person needs treatment.* Examples of Problem Identification and Referral activities include: Employee assistance programs; student assistance programs; driving while under the influence or driving while intoxicated education programs.
- v. **Community Based Process.** The goal of this strategy is to improve the ability of the community to more effectively provide prevention and treatment services for alcohol, tobacco and drug abuse disorders. It includes organizing, planning, enhancing efficiency and effectiveness of services implementation, interagency collaboration, coalition building, and networking. Examples include community and volunteer training; systematic planning; multiagency coordination and collaboration; accessing services and funding; community team building
- vi. **Environmental.** This strategy influences incidence and prevalence of the abuse of alcohol, tobacco, and other drugs used in the general population. This is achieved by establishing or changing written and unwritten community standards, codes, and attitudes. This strategy is divided into two subcategories to permit distinction between activities that center on **legal and regulatory** initiatives and those that relate to **service and action-oriented** initiatives.

Examples include promoting the establishment and review of alcohol, tobacco and drug use policies in schools; technical assistance to communities to maximize local enforcement procedures governing availability and distribution of alcohol, tobacco and other drug use; modifying alcohol and tobacco advertising practices; product pricing strategies; resource development or technical assistance to maximize enforcement procedures.

Implementation of a comprehensive primary prevention program requires Applicants to use a variety of strategies that target populations with different levels of risk, including the Institute of Medicine (IOM) classifications of populations served: universal, selective, and indicated. Successful applicants will include these strategies in the planned prevention activities outlined in their objectives and if funded, will be required to report costs associated with the above-mentioned six prevention strategies and IOM categories in their monthly Request for Reimbursement.

The state is required to ensure that all strategies and IOM Classifications are implemented in Nevada. This may have an impact during the selection process.

APPLICATION REQUIREMENTS

FORMAT INSTRUCTIONS

All applications must follow the same format:

- a. All margins (left, right, top, bottom) each must be at least one inch;
- b. All pages must be numbered and include the name of the applicant either in the header or the footer;
- c. Text must be typed in black, single-spaced, times new Roman 12- point font;
- d. For charts or tables, you may use Times New Roman 10-point;
- e. All sections must be clearly labeled;
- f. All sections must be organized in the same order as in the application instructions;
- g. To ensure equity among applications, page limits may not be exceeded;
- h. Application backup attachments will not be counted as part of the page limit.
- i. Scanned images must be clear and legible.

COMPONENTS OF THE APPLICATION

The Cover, Abstract and Narrative Sections in the application will be written to include all three funding streams. Please be clear, concise and logical. You may address each funding stream separately if necessary, but it is not required. You may use less than the 13-page limit for the abstract and narrative portion, but do not exceed 13 pages total.

Cover

Please fill out the cover sheet (Form 1), sign it in **BLUE** ink and include it as the first page of your application.

Abstract (1-page limit)

The abstract provides a succinct overview of community problems with substance use, the project's priorities, the population(s) to be served, and summarizes the activities that will be implemented to achieve the project's goals and objectives. If your organization covers multiple counties, specify information for each county if different. Describe the identified problems, the consequences of the problem, the factors contributing to the problem, and the gaps that exist in addressing the problem. The abstract should also describe how progress toward addressing these priorities or goals will be measured. In short, the abstract includes a snapshot of each of the sections below.

Narrative Section (12 pages total)

j. Section A: Statement of Need (2-page limit)

Applicants must briefly describe the magnitude of the problem(s) to be addressed. This section is a global statement explaining why these funds are needed. Applicants should use current local and epidemiological data to provide evidence that the problem exists, demonstrate the size and scope of the problem, and document the effects of the problem on the target population and the larger community. Include information and data on the service gaps and other problems related to the need for prevention

programs. Data cited should be objective, valid, and representative of the community to be served. Applicants should describe any previous or current attempts to address the problem and how this grant will enhance or add new approaches to prior or existing work. The applicant must document current capacity to implement and sustain effective substance abuse prevention services, or the need for an enhanced infrastructure to improve prevention services in the proposed catchment area. Proposed strategies must be consistent with the purpose of this RFP. Identify any substances that will be addressed in the project. This section should align with the Logic Model (Form 2) which will be attached in the application. Guidance on developing the Logic Model can be found in Appendix 2.

k. Section B: Proposed Approach (4-page limit)

In this Section of the Project Narrative, the Applicant must describe the (SMART) goals and measurable objectives of the proposed project and align them with the Statement of Need outlined in the data provided in Section A. This section should clearly show how the program's structure and activities will accomplish the goals and objectives identified. Goals and objectives must directly relate to the problem statement as outlined in the previous section. When formulating these goals, applicants should be aware of the Annual Performance Reporting the Bureau will require successful applicants to provide (see Appendix 3) for guidance on Annual Performance Reporting). Provide the reasoning behind choices of evidence-based programs, why they target the identified problem, and how they will achieve desired outcomes. This section must describe how the project will implement the required activities as well as provide a chart or graph depicting a realistic timeline for the entire four years of the project period, showing dates, key activities, and responsible persons to carry out the work. You may reference your logic model and provide it as an attachment which will not count towards your 12-page limit. The proposed approach in this section should align with the Logic Model (Form 2).

l. Section C: Staff, Management, and Relevant Experience (2-page limit)

In this Section of the Project Narrative, the applicant organization must describe the experience of its organization with similar projects and providing services to the population(s) of focus for this RFP. It must also identify any other organization(s) that will partner in the proposed project. The applicant organization must provide a complete list of staff positions for the project, including the Key Personnel and other significant staff members. Describe the role of each, their level of effort, and qualifications, including their experience providing services to the population(s) of focus and familiarity with their culture(s) and language(s). Include education, training, certifications, licensing, expertise, clear roles and responsibilities or any other pertinent information to describe capacity to deliver a program. Include descriptions of the following:

- i. Experience with data collection
- ii. How long your agency has been in existence and experience administering grant funds from multiple sources;

- iii. Experience in funding and monitoring direct prevention services;
 - iv. Experience conducting evaluation
 - v. Enhancing current strategic partnerships and developing new partnerships with behavioral health agencies, including but not limited to adult and children's mental health agencies, primary care organizations, the State Division of Welfare, the Board of Pharmacy, public health including maternal and child health, Department of Education, organizations representing special populations.
 - vi. Job titles (no employee names please) and descriptions of key personnel who will participate in achieving objectives
 - vii. As Attachment G of your application, list participating agencies in your coalition and the sector of the community they represent. Examples of sectors include: community-based drug treatment agencies, youth programs, law enforcement, schools, prevention programs, community health offices, county extension office, faith community, local government, social service agencies, media, youth, parents. This list should be submitted as an attachment and therefore will not count as part of the ten-page limit.
- m. Section D: Data Collection and Performance Assessment (4-page limit)
Outcome measures, or indicators, provide the evidence necessary to determine whether a program is reaching its specified objectives. Outcome measures usually match objectives and goals with the addition of *how* outcomes will be assessed. In this Section of the Project Narrative, the applicant organization must provide specific information about how it will collect the required project evaluation data for this program and how such data will be utilized to manage, monitor, and enhance the program.

ADDITIONAL REQUIRED ATTACHMENTS:

- a. Logic Model – Form 2
- b. Budget/budget justification narrative Forms 3,4,5 (1 for each funding stream). Also see budget instructions in
- c. Fund Map – Form 6
- d. Comprehensive Community Prevention Plan
- e. Board of Directors List with contact information
- f. Three Letters of Support or MOUs
- g. Coalition Members and their sector affiliation
- h. Sample of your organization's RFA with timeline for open and competitive bidding process
- i. Grievance Policy
- j. Conflict of Interest Policy
- k. Organization's last 2 years Profit/Loss Statement
- l. 501 (c)(3) designation
- m. Checklist – Form 7

FUNDING LIMITATIONS/RESTRICTIONS

Funding is limited to preventing the onset of misuse of alcohol, tobacco and drugs in Nevada communities. The aim of the programs must be:

- n. To reverse trends in increasing use/misuse/abuse of tobacco products, drugs, and alcohol in Nevada communities
- o. Enhance the protective factors against youth use
- p. Educate individuals on substances and their effect on brain development and behaviors;
- q. Provide activities to prevent or reduce the risk of such abuse;
- r. Give priority to populations that are at risk of developing a pattern of such abuse;
- s. Ensure that programs receiving priority develop community-based strategies for the prevention of such abuse;
- t. Strategies to discourage the under-age use of alcoholic beverages and tobacco products.

Specifically prohibited use of funds is:

- a. Screening, brief intervention and referral to treatment;
- b. Education to people in treatment;
- c. Death prevention such as suicide or overdose reversal;
- d. Purchase of naloxone and the necessary materials to assemble overdose kits and to cover the costs associated with the dissemination of such kits;
- e. Enforcement of alcohol, tobacco or drug laws, including compensation for law enforcement officials' time;
- f. Travel to conferences focused on domestic violence, suicide, mental health, or other areas that may involve substance use but which the primary focus is not substance use prevention.
- g. Providing inpatient hospital services;
- h. Making cash payments to intended recipients of health services. (gift cards must be justifiable as a component of an initiative, activity or event and have prior approval from the Bureau. Gift cards, coupons and incentives are unallowable if they can be turned into cash or used to purchase gas, groceries, alcohol or tobacco products.);
- i. Purchasing or improving land;
- j. Purchasing, constructing or permanently improving a building;
- k. Purchasing major equipment;
- l. Satisfying any requirement for the expenditure of non-federal funds as a condition for the receipt of federal funds (match);
- m. Providing individuals with hypodermic needles or syringes so that such individuals may use illegal drugs (unless the Surgeon general of the Public Health Service determines that a demonstration needle exchange program would be effective in reducing drug abuse and the risk that the public will become infected with HIV/AIDS); or
- n. Providing financial assistance to any entity other than a public or nonprofit private entity. This means that if the grantee provides sub-grants to community-based or intermediary organizations, these organizations cannot be for-profit entities;
- o. Savings accounts for excess or unspent funds;
- p. Submission of reimbursement requests in advance of expenditures.

SUBMISSION INFORMATION

1. Fill out the cover sheet and sign in **blue** ink.
2. Compile your application, narrative and attachments and scan as one (1) PDF copy.
3. Do not include the informational appendices as part of your application.
4. Naming convention for your electronic copy will be: *your agency name RFP 2018-P*
5. Attach the PDF to an email;
6. Use the naming convention in the Subject line of your email: *your agency name RFP 2018-P*
7. Submit application to Laurie Gleason: lagleason@health.nv.gov
8. All copies must be received by 4:00 p.m. December 10, 2018.
9. Include the naming convention in the subject line of any further correspondence related to submission; e.g. *ABC Coalition RFP 2018-P Question 1*
10. Email must reach the Bureau by 4:00 P.M. (PST) on December 10, 2017
11. All inquiries or requests for clarification regarding this solicitation must be received in writing by 4:00 p.m. October 24, 2018, or in person during the Bidder's Conference. Submit inquiries to Marco Erickson: maerickson@health.nv.gov.

APPLICATION REVIEW INFORMATION

All applications will be reviewed following the same process and method of scoring. From December 10, through December 21, 2018, applications will undergo a technical review by a review team within the Bureau of Behavioral Health, Wellness and Prevention to determine that all required components are included. All fully responsive applications are then sent to a team of external reviewers as part of the Objective Review process for evaluation based on an established set of weighted evaluation factors. All reviewers are screened for any potential or existing conflicts of interest. The Objective Review will be conducted according to Nevada Open Meeting Law guidelines.

TECHNICAL REVIEW

This review is pass/fail and determines if an application qualifies for further consideration. Reviews will be based on the following:

1. If the application deadline was met;
2. If the applicant meets the stated eligibility requirements;
3. If the formatting and submission instructions in this RFP were followed;
4. If the cover information was complete and accurate;
5. If all required components of the Narrative section were met;
6. If all required attachments are accurate and complete.

OBJECTIVE REVIEW

All eligible applications will be reviewed by an independent team of professionals who are familiar with the goals and objectives of Behavioral Health Wellness and Prevention, program guidelines, state and local data, and primary prevention strategies. During the Objective Review, they will ask each applicant for further details and descriptions of their community priorities and how those were determined, their proposed approach to their identified goals, and any other areas of the application requiring explanation.

SCORING CRITERIA

The Project Narrative may score a maximum of 100 points, broken out as follows:

Section A	Statement of Need	Maximum points = 15
	Outstanding (15-14) Very Good (13-12) Acceptable (11) Marginal (10-9) Unacceptable (8-0)	
Section B	Proposed Approach	Maximum points = 35
	Outstanding (35-32) Very Good (31-28) Acceptable (27-25) Marginal (24-21) Unacceptable (20-0)	
Section C	Staff, Management, and Relevant Experience	Maximum points = 20
	Outstanding (20-18) Very Good (17-16) Acceptable (15-14) Marginal (13-12) Unacceptable (11-0)	
Section D	Data Collection and Performance Assessment	Maximum points = 30

Outstanding (30-27) Very Good (26-24) Acceptable (23-21) Marginal (20-18) Unacceptable (17-0)

Outstanding = All criteria are thoroughly addressed, strongly developed, and well supported. Documentation and required information are specific and comprehensive. Application is extremely strong with insignificant weaknesses. Weaknesses identified will likely have no impact on the successful implementation of the proposed project.

Very good = Criteria are thoroughly addressed with necessary detail and clearly supported. Documentation and required information are specific and feasible. Application is very strong with only some minor weaknesses. Weaknesses identified will likely have minor impact on the successful implementation of the proposed project.

Acceptable = Criteria are addressed, but do not contain necessary detail and/or support. Most documentation and required information are present and sufficient, although some are deficient or missing. Application has some strengths but with at least one major weakness. Weaknesses identified will likely have moderate impact on the successful implementation of proposed project.

Marginal = Some criteria are addressed, although when addressed, do not contain necessary detail and/or support. Some documentation and required information are missing or deficient. Application has a few strengths and a few major weaknesses. Weaknesses identified will likely impact the successful implementation of the proposed project.

Unacceptable = Few, if any, criteria are addressed. Documentation and required information are missing. Application has very few strengths and numerous major weaknesses. Weaknesses identified will likely prevent the successful implementation of the proposed project. OR The criteria do not meet the programmatic intent of the Funding Opportunity Announcement

Clarification discussions may be conducted by the Objective Review Team with Applicants who submit proposals determined to be acceptable and competitive. (NRS 333.311-2). Applicant(s) shall be accorded fair and equal treatment with respect to any opportunity for discussion and/or written revisions of proposals. Such revisions may be permitted after submissions and prior to award for the purpose of obtaining best and final awards. In conducting discussions, there shall be no disclosure of any information derived from proposals submitted by competing Applicants.

AWARD FUNDING

In a publicly noticed meeting, the Bureau of Behavioral Health Wellness and Prevention will announce the funding decisions. Notification of awards will be posted on the bureau website. All applicants receiving awards will be contacted for final negotiation of their subgrant. Applicants not funded will receive notification and technical assistance for future funding opportunities.

FUNDING DECISION APPEAL PROCESS

Programs not receiving funding approval may appeal to Behavioral Health Wellness and Prevention Bureau Chief. If the program is not satisfied with the decision of the Bureau Chief, the program may appeal to the Administrator of the Division of Public and Behavioral Health. Any unsuccessful applicant(s) may file an appeal in strict compliance with NRS 333.370.

FUNDING AWARD ADMINISTRATION INFORMATION

AWARD NOTICE

The Notice of Subaward Award is the sole obligating document that allows the Awardees to receive federal and state funding for work on the grant projects through the specified period. The dollar amount of the award and the applicable funding stream is not determined at that time. Notice will be sent by postal mail and is addressed to the contact person listed on the face page of the application. Notices will also be posted on the Bureau website and posted in public buildings around the state.

FUNDING MECHANISM

Allocations, scopes of work and budgets will be negotiated with recipients and developed into Subaward Agreements. The state reserves the right to direct funding to address gaps. Portions of the award may be passed through to direct service providers through subawards or contracts. The awarding agency remains responsible for adherence to an open and competitive bidding process, and monitoring and overseeing the use of funds passed through to direct service providers. All conditions on funding remain attached to the dollars from the source down to the end user no matter how many levels are passed through.

REQUIREMENTS OF ALL FUNDING RECIPIENTS

1. **Assurances-** All successful applicants will be required to sign Assurances as a condition of receiving funding. The Assurances are funding guidelines imposed by our federal partners, our state legislature, and our Division. Assurances are appended to the award documents and constitute a binding agreement. The Assurances may be reviewed in Appendix 4.
2. **Training-** Funded full-time staff will be required to complete a minimum of twenty (20) hours of coalition or prevention training annually. Funded part-time staff will be required to complete ten (10) hours of prevention training annually. The purpose of this training is to hone skills to better deliver proposed strategies, to keep abreast of trends in substance abuse and to remain current in the prevention field. Trainings can be in the form of in-house presentations, conferences, or webinars and must have a relationship to substance abuse prevention, treatment, mental health, or behavioral health issues across the lifespan. All trainings must be documented and reported to Bureau of Behavioral Health Wellness and Prevention on a quarterly basis when submitting quarterly reports.

AUDIT REQUIREMENTS

Title 2 of the Code of Federal Regulations (2 CFR), Part 200 – Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards requires that all non-federal entities that expend \$750,000 or more in all federal awards during their fiscal year must have a Single or Program Specific

Audit conducted for that fiscal year. In addition to the federal requirement, it is the policy of the State of Nevada, Department of Health and Human Services, Bureau of Behavioral Health Wellness and Prevention, (BHWP) to require all sub-recipients that expend \$750,000 or more in combined federal and state funds during their fiscal year to have a Limited Scope Audit conducted for that fiscal year. Further, should the sub-recipient expend less than \$750,000 in combined federal and state funds in their fiscal year, it is the policy of BHWP that the sub-recipient **must** issue a **Year-End Financial Report** completed for that fiscal year. For full audit policy, please see Appendix 5.

PROGRAM REPORTING REQUIREMENTS

The Substance Abuse Mental Health Services Administration (SAMHSA) requires specific data to be collected on the funding that will be passed down through this RFP. Funded programs are therefore required to submit to the Bureau of Behavioral Health Wellness and Prevention standardized quarterly / biannual reports that summarize all actual services and activities provided during each sub grant year within the required timeframe determined by Bureau of Behavioral Health Wellness and Prevention.

The reporting mechanisms are currently being developed into new software. The extent of information that can be collected by the software is not fully defined at the time of this RFP. Awardees may expect to be required to submit information manually as well as electronically. BHWP is working to make the complex information required by the federal government for annual reporting on expenditures as efficient as possible. Awardees should be prepared to collect and compile information on a monthly basis for accurate reporting quarterly and/or biannually. Beyond the State Priorities, Six Strategies and IOM Categories defined in the Project Description of this RFP and any other federal or state requirements, Awardees will be required to capture data from their direct service providers as it relates to targeted substances, special population categories, race, gender, age and ethnicity. The following table provides guidance on the minimum information Awardees and their subrecipients should be prepared to collect and compile. Additional data targets as defined in the report forms and that may be suggested by your community needs should be included as well.

Targeted Substances	Targeted populations	Gender	Age	IOM Category
Alcohol	College students	Male	0-4	Universal
Tobacco	Military families	Female	5-11	• Direct
Marijuana	LGBTQ	Unknown	12-14	• Non-direct
Prescription Drugs	American Indians/ Alaskan Natives		15-17	Selective
Cocaine	Black or African American		18-20	Indicated
Heroin	Hispanic		21-24	
Inhalants	Homeless		25-44	
Methamphetamine	Native Hawaiian/Other Pacific Islanders		45-64	
Synthetic Drugs	Asian		65 and over	
	Rural			
	Underserved racial and ethnic minorities			

1. All funded prevention programs must provide a program representative to participate in all scheduled meetings and comply with all evaluation requirements including working with the Bureau of Behavioral Health Wellness and Prevention data management system.
2. Awardees must agree to work with Bureau of Behavioral Health Wellness and Prevention in monitoring program outcome indicators. Awardees must agree to meet with Bureau of Behavioral Health Wellness and Prevention staff members both individually and as part of scheduled evaluation meetings. The cost of travel may be included in the budget.
3. Deadlines for reports will be provided in advance. It is the responsibility of the Awardee to collect data and report timely. Late submissions will result in a reimbursement delay.

Appendices

Appendix 1

SAMHSA's Strategic Prevention Framework (SPF)

Online Course: <https://www.samhsa.gov/capt/tools-learning-resources/what-is-spf>

The SPF is a planning model promoted by Substance Abuse and Mental Health Services Administration (SAMHSA) to support coordinated, comprehensive, data-driven planning and accountability. Designed to be long-term and evolutionary in nature, the resulting plan should build on knowledge and experience over time, and lead to measurable outcomes and system improvements. There are five (5) steps of the SPF developed to organize prevention strategies and objectives for change:

Five Steps:

Assessment: What is the problem?

Capacity: What do you have to work with? What are your human resources?

Planning: What works, and how do you build upon success?

Implementation: Put a plan into action – deliver evidence-based interventions as needed.

Evaluation: Examine the process and outcomes of interventions. Is it succeeding?

All Applicants should utilize this five-step process in the organization of their prevention strategies and objectives for change, and as a guide in the development of a Comprehensive Community Prevention Plan (CCPP). These steps, if implemented well, will strengthen the coalition and enhance their risk assessment when applying for funds.

The five steps of the SPF are guided by two central principles:

Cultural competence – the ability of an individual or organization to interact effectively with members of diverse population groups.

Sustainability - the process of developing funding streams other than from grants and building an adaptive and effective system that enhances and maintains desired long-term results.

These principles must be integrated into each step to ensure an effective planning process.

Appendix 2

LOGIC MODEL DEVELOPMENT

Line-logic illustrates a logical and defensible relationship between each element in the logic model, from the data/problem through goals, objectives, activities, and evaluation. It should also indicate the role of the applicant in achieving the stated vision.

Components of the Logic Model are:

1. The problems identified by the community and local data. Turning these problems around is the ultimate goal and desired outcome of your organization, as portrayed in the logic model.
2. The reasons targeted problems exist are clearly identified (often risk/protective factors)
3. The local conditions that maintain risk or build protection are clearly identified.
4. Specific indicators are provided for every element of the logic model.
5. Indicators provided are measured at the same “community level” as defined in the needs assessment.
6. There is a logical and defensible relationship between each element of the Logic Model.
7. A comprehensive set of strategies are defined for each local condition.
8. Provides goal and objective statements that are specific, measurable, achievable, relevant and timed.
9. Names the specific strategies that will be used to achieve stated objectives.
10. Identifies who, will do what, by when to realize targeted community changes.
11. Describes the specific data that will be used to measure the outcome.

Appendix 3

ANNUAL PERFORMANCE REPORTING REQUIREMENTS – RFP 2018-P

GUIDANCE

INSTRUCTION GUIDE

Grantees are required to report at least annually on how grant funds have been used to pursue programmatic objectives and to demonstrate progress in meeting those objectives. The purpose of this Annual Performance Report Instruction Guide is to assist you in developing this annual programmatic performance report. Please review this Instruction Guide and contact your analyst if you have any questions.

The performance reporting time period and due dates for each report are as follows.

Grant Year	Performance Reporting Period	Due Date for Performance Report
Year 1	July 1, 2019 – September 29, 2020	April 30, 2020 October 31, 2020
Year 2	September 30, 2020 – September 29, 2021	April 30, 2021 October 31, 2021
Year 3	September 30, 2021 – September 29, 2022	April 30, 2022 October 31, 2022
Year 4	September 30, 2022 – September 29, 2023	April 30, 2023 October 31, 2023

Please note that at the end of the grant period (September 29, 2022) you will be required to submit a final performance report. This final performance report will need to cover the entire grant period, September 30, 2019 to September 29, 2023.

The Annual Performance Report is a comprehensive review of everything you have done during the reporting period. It is recommended that you take steps throughout the year to carefully document, both quantitatively and qualitatively, your accomplishments and challenges so that an accurate account of all activities can be included in the report.

Your State analyst uses your Annual Performance Report to assess your activities and accomplishments. The report is sometimes shared with other federal and non-federal partners as examples of successful strategies or vignettes

An electronic copy of the complete report must be sent to your assigned analyst by email no later than deadlines established above.

COMPONENTS OF THE REPORTS

Executive Summary

The Executive Summary should concisely address the overall progress towards meeting the project's goals and objectives during the reporting period. The Executive Summary should not exceed two single-spaced pages.

Section 1: Project Identification and Key Contacts

In this section you should provide project information about any key personnel positions designated within your grant. You should include information which identifies if during the reporting period there were any key staff hires, vacancies, or changes.

Section 2: Required Performance Measure Reporting

If you do not know the reporting requirements make sure to reach out directly to your analyst for each project you are reporting on. You should be reporting data performance measures for each objective. You should also provide an explanation of progress which includes both qualitative and quantitative information.

Section 3: Project Status

In this section you should provide information about the work you've done for each goal during the reporting period. The areas to be addressed are as follows:

1. Key Activities Implemented and Partners (from logic model/Goals and Objectives):

This section should describe your progress towards implementing the activities, strategies, policies or programs related to the goals and objectives identified in your Comprehensive Community Prevention Plan and related logic model. You should indicate if any scheduled activities were not implemented, or if there was less than substantial progress for any activity. You should also identify in this section the key partners that worked with you during the reporting period.

2. Major Accomplishments at the State and Local Levels: Utilizing your evaluation data and results, this section should provide a description of the success of the project and its impact on the local community and state. Accomplishments and outcomes should be quantified whenever possible as well as any unanticipated outcomes or benefits from this project. Specific examples of actual accomplishments and outcomes for each

project objective should be included. You should also include a description of the populations of focus and any sub-populations served through grant programs and activities.

3. **Lessons Learned at the State and Local Levels:** In this section you should describe any unanticipated outcomes or benefits from your project. Lessons learned can include improved coordination, discovery of new issues, or more efficient ways to implement services, programs, policies, and/or strategies. You should also describe how data was used to inform implementation and continuously improve the quality of programs and services.
4. **Challenges and Barriers at the State and Local Levels:** In this section you should describe any barriers or challenges that you may have encountered during implementation of activities and how you addressed them.
5. **Changes or Adaptations to CCPP and Goals and Objectives:** This section should include a description of any changes you made during the report period to your CCPP and Objectives or Logic Model. The reason(s) for these changes should also be included.
6. **Activities Planned for the Next Grant Year:** In this section you should describe any new activities, strategies, policies, or programs that will begin implementation in the next grant year. You should also describe the steps you will take to ensure implementation will be successful and productive. Make sure to turn in an updated budget and scope of work on the proper templates provide by your analyst. For Federal grants starting the planning process in April for September start dates ensures that the projects will start on time and not have delays in processing. For general fund grants starting the planning process in October for July start dates will ensure that the projects will start on time and not have delays in processing.

Section 4: Review and Revision of the Comprehensive Community Prevention Plan (CCPP) or Logic Model (Years 2 through 4 only)

In this section you should describe any significant changes made to your CCPP and Logic Model including the following:

1. A comprehensive description of any changes made to grant activities, goals and objectives, including local conditions, circumstances and/or evaluation data that justifies and explains the change as well as when the change occurred;
2. The extent to which the State Team was engaged in decision-making related to the revisions; and
3. How any changes you made addressed challenges and barriers encountered during implementation of the Project.
4. Describe how sustainability was addressed for the activities, strategies, policies, and programs identified in the plan. You should include evidence of the integration of grant-funded activities with non-grant-funded activities, programs, and services in the schools and communities.

Section 5: Technical Assistance

At least annually, you should review and update your logic model associated with your CCPP in collaboration with your sector partners and with guidance and assistance from your State Analyst if needed and Technical Assistance Liaison. If you made updates to the plan during the reporting period, please include a copy of the revised CCPP as an attachment to the Annual Performance Report.

1. **Infrastructure & Systems Change** – Discuss any infrastructure and systems change activities that were used to support integration of service systems or better meet the needs of the populations of focus identified in your community plan. Provide highlights of accomplishments, successes, and challenges related to integrating multiple service systems.
2. **Sustainability - Technical Assistance** – Provide a description of any technical assistance you received during the reporting period. If applicable, provide a summary of any findings from technical assistance or grant monitoring site visits and how these findings helped in meeting your project goals and objectives. Address any anticipated future technical assistance needs related to implementation and sustainability.

Section 6: Partnership and Collaboration

In this section, you should describe the collaborative partnership between your partner agencies. You should include a list of the most current grant partners and note if any of these partners changed during the reporting period. If there were changes in partners, please describe if this affected your ability to achieve your project objectives or project activities. Discuss the evolution of your local coalition partners with a description of any increased collaboration between agencies. Describe how data and implementation updates have been shared with the State and how Evidence Based Practice Workgroup (EBP), The Statewide Epidemiology Workgroup (SEW) and Multidisciplinary Prevention Advisory Council (MPAC) members have advised or impacted the strategies that can be used to further achieve the goals and objectives. Lastly, please describe any partnership and collaboration challenges you experienced during the reporting period, at both the local and State level, and how you addressed these challenges.

Section 7: Management and Oversight

In this section you should provide a description of the management and advisory structure used to implement and monitor grant activities at the both the state and local levels. Please discuss the communication and decision-making process that the state and each community have developed and used to ensure that challenges are addressed and how internal communication has supported the successful implementation of the plan.

You should also include a description of the process for the administration and management of grant funds sent to each community and describe any delays, challenges, or best practices related to the oversight of funds sent from the state to the local level. Describe if funded activities were ed to interventions and strategies not funded but included as part of the state or community's overall comprehensive approach to substance use prevention. Lastly, address how your local and State partners have leveraged resources to support any non-grant funded work.

Section 8: Budget Narrative

In this section you should describe how grant funds were expended during the reporting period and provide a brief explanation if the total award amount was not expended for the grant year. Describe any significant changes to the budget that resulted from any modification of project activities. This description should address the entire grant period. Address any changes to the budget that affected your ability to achieve your approved project activities and/or project objectives. If the grant application indicated that non-Federal funds (e.g., in-kind) would be used to support the project, a report on the level of non-federal (e.g., in-kind) funds expended and any changes

Section 9: Annual Evaluation Plan and Report

1. Year 1- Submission of Evaluation Plan

The first year of the program is focused on planning and building and solidifying partnerships. For this reason, the expectations about what you should report are different from subsequent grant years. The Evaluation Plan must be submitted with the first annual performance report.

2. Evaluation Report Years 2-4

All subsequent Annual Performance Reports should include an annual Evaluation Report. Additional guidance about the Evaluation Report will be forwarded to you early in Year 2 of the grant.

REQUIRED ANNUAL PERFORMANCE REPORT ATTACHMENTS

Attachment A: Financial Report

For all grant years, a funding map or annual financial report must be submitted to your analyst that depicts all funding sources your agency received for the year and the amounts expended. The report is used to help in the process of analyzing agency stability as well as avoid duplication of projects being funded out of the same grant from other state departments.

Attachment B: Detailed Budget and Budget Narrative

Submit a detailed budget narrative and budget justification for the upcoming fiscal year.

Attachment C: Revised CCPP and Logic Model

You are encouraged to revise and update the logic model with the most current data at least annually and the most recent version should be included as an attachment to the annual performance report. Additionally if you have made any updates to your CCPP please attach the latest version.

Templates for this report are still in development and will be disseminated later.

Appendix 4

BUREAU OF BEHAVIORAL HEALTH WELLNESS AND PREVENTION ASSURANCES / PROGRAM REQUIREMENTS

In addition to the Division of Public and Behavioral Health Subaward Grant Assurances, the subrecipient and all organizations or individuals to whom the sub-grantee passes through funding must be in compliance with all applicable rules, federal and state laws, regulations, requirements, guidelines, and policies and procedures. The terms and conditions of this State subaward flow down to the subrecipient's pass through entities unless a particular section specifically indicates otherwise.

GENERAL REQUIREMENTS

Applicability

This section is applicable to all subrecipients who receive finding from the Division of Public and Behavioral Health through the Bureau of Behavioral Health Wellness and Prevention (BBHWP). The subrecipient agrees to abide by and remain in compliance with the following:

1. 2 CFR 200 -Uniform Requirements, Cost Principles and Audit Requirements for Federal Awards
2. 45 CFR 96 - Block Grants as it applies to the subrecipient and per Division policy.
3. 42 CFR 54 and 42 CFR 54A Charitable Choice Regulations Applicable to States Receiving Substance Abuse Prevention & Treatment Block Grants and/or Projects for Assistance in Transition from Homelessness Grants
4. NRS 218G - Legislative Audits
5. NRS 458 - Abuse of Alcohol & Drugs
6. NRS 616 A through D Industrial Insurance
7. GAAP – [Generally Accepted Accounting Principles] and/or GAGAS [Generally Accepted Government Auditing Standards]
8. GSA – [General Services Administration] guidelines for travel
9. The Division of Public and Behavioral Health, BBHWP policies and guidelines.
10. State Licensure and certification
 - a. The subrecipient is required to be in compliance with all State licensure and/or certification requirements.
 - b. The subrecipient's certification must be current and fees paid prior to release of certificate in order to receive funding from the Division. Subawards cannot be issued unless certifications are current.
11. The Subgrantee shall carry and maintain commercial general liability coverage for bodily injury and property damage as provided for by NRS 41.038 and NRS 334.060. In addition, Subgrantee shall maintain coverage for its employees in accordance with NRS Chapter 616A. The parties acknowledge that Subgrantee has adopted a self-insurance program with liability coverage up to \$2,000,000 and has excess liability coverage up to \$20,000,000 for bodily injury (automobile and general liability), property damage (automobile and general liability), professional liability, and personal injury liability. The parties further acknowledge that Subgrantee is self-insured for workers' compensation liability. Subgrantee warrants that its participation in the plan is in full force and effect and that there have been no material modifications thereof. If, at any time, Subgrantee is no longer a participant in the self-insurance program, then Subgrantee shall immediately become a participant in a comparable self-insurance program or immediately obtain a policy of commercial

insurance. The parties acknowledge that any Subgrantee liability is limited by NRS 41.0305 through NRS 41.035.

12. The subrecipient shall provide proof of workers' compensation insurance as required by Chapters 616A through 616D inclusive Nevada Revised Statutes at the time of their certification.
13. The subrecipient agrees to be a "tobacco, alcohol, and other drug free" environment in which the use of tobacco products, alcohol, and illegal drugs will not be allowed.
14. The subrecipient will report within 24 hours the occurrence of an incident, following Division policy, which may cause imminent danger to the health or safety of the clients, participants, staff of the program, or a visitor to the program, per NAC 458.153 3(e).
15. The subrecipient shall maintain a Central Repository for Nevada Records of Criminal History and FBI background checks every 3 to 5 years were conducted on all staff, volunteers, and consultants occupying clinical and supportive roles, if the subrecipient serves minors with funds awarded through this subaward.
16. Application to 2-1-1
 - As of October 1, 2017, the Sub-grantee will be required to submit an application to register with the Nevada 2-1-1 system.
17. The subrecipient agrees to cooperate fully with all BBHWP sponsored studies including, but not limited to, utilization management reviews, program compliance monitoring, reporting requirements, complaint investigations, and evaluation studies.
18. The subrecipient must be enrolled in System Award Management (SAM) as required by the Federal Funding Accountability and Transparency Act.
19. The subrecipient acknowledges that to better address the needs of Nevada, funds identified in this subaward may be reallocated if ANY terms of the sub-grant are not met, including failure to meet the scope of work. The BBHWP may reallocate funds to other programs to ensure that gaps in service are addressed.
20. The subrecipient acknowledges that if the scope of work is NOT being met, the subrecipient will be provided an opportunity to develop an action plan on how the scope of work will be met and technical assistance will be provided by BBHWP staff or specified subcontractor. The subrecipient will have 60 days to improve the scope of work and carry out the approved action plan. If performance has not improved, BBHWP will provide written notice identifying the reduction of funds and the necessary steps.
21. The subrecipient will NOT expend BBHWP funds, including Federal Substance Abuse Prevention and Treatment and Community Mental Health Services Block Grant Funds for any of the following purposes:
 - a. To purchase or improve land: purchase, construct, or permanently improve, other than minor remodeling, any building or other facility; or purchase major medical equipment.
 - b. To purchase equipment over \$1,000 without approval from the Division.
 - c. To satisfy any requirement for the expenditure of non-federal funds as a condition for the receipt of federal funds.
 - d. To provide in-patient hospital services.
 - e. To make payments to intended recipients of health services.
 - f. To provide individuals with hypodermic needles or syringes so that such individuals may use illegal drugs, unless the Surgeon General of the Public Health Service determines that a demonstrated needle exchange program would be effective in reducing drug abuse and there is no substantial risk that the public will become

infected with the etiologic agent for AIDS.

- g. To provide treatment services in penal or correctional institutions of the State.
22. Failure to meet any condition listed within the subaward award may result in withholding reimbursement payments, disqualification of future funding, and/or termination of current funding.

Audit Requirements

The following program Audit Requirements are for non-federal entities who do not meet the single audit requirement of 2 CFR Part 200, Subpart F-Audit requirements:

- 23. Subrecipients of the program who expend less than \$750,000 during the non-federal entity's fiscal year in federal and state awards are required to report all organizational fiscal activities annually in the form of a Year-End Financial Report.
- 24. Subrecipients of the program who expend \$750,000 or more during the fiscal year in federal and state awards are required to have a Limited Scope Audit conducted for that year. The Limited Scope Audit must be for the same organizational unit and fiscal year that meets the requirements of the Division Audit policy.

Year-End Financial Report

- 25. The non-federal entity must prepare financial statements that reflect its financial position, results of operations or changes in net assets, and, where appropriate, cash flows for the fiscal year.
- 26. The non-federal entity financial statements may also include departments, agencies, and other organizational units.
- 27. Year-End Financial Report must be signed by the CEO or Chairman of the Board.
- 28. The Year-End Financial Report must identify all organizational revenues and expenditures by funding source and show any balance forward onto the new fiscal year as applicable.
- 29. The Year-End Financial Report must include a schedule of expenditures of federal and State awards. At a minimum, the schedule must:
 - a. List individual federal and State programs by agency and provide the applicable federal agency name.
 - b. Include the name of the pass-through entity (State Program).
 - c. Must identify the CFDA number as applicable to the federal awards or other identifying number when the CFDA information is not available.
 - d. Include the total amount provided to the non-federal entity from each federal and State program.
- 30. The Year-End Financial Report must be submitted to the Division 90 days after fiscal year end at the following address.
 - Behavioral Health Wellness and Prevention
 - Attn: Laurie Gleason
 - 4126 Technology Way, Second
 - Floor Carson City, NV 89706

Limited Scope Audits

- 31. The auditor must:
 - a. Perform an audit of the financial statement(s) for the federal program in accordance with GAGAS;
 - b. Obtain an understanding of internal controls and perform tests of internal controls over the federal program consistent with the requirements for a federal program;
 - c. Perform procedures to determine whether the auditee has complied with federal and State statutes, regulations, and the terms and conditions of federal awards

- that could have a direct and material effect on the federal program consistent with the requirements of federal program;
- d. Follow up on prior audit findings, perform procedures to assess the reasonableness of the summary schedule of prior audit findings prepared by the auditee in accordance with the requirements of 2 CFR Part 200, §200.511 Audit findings follow-up, and report, as a current year audit finding, when the auditor concludes that the summary schedule of prior audit findings materially misrepresents the status of any prior audit finding;
 - e. And, report any audit findings consistent with the requirements of 2 CFR Part 200, §200.516 Audit findings.
32. The auditor's report(s) may be in the form of either combined or separate reports and may be organized differently from the manner presented in this section.
33. The auditor's report(s) must state that the audit was conducted in accordance with this part and include the following:
- a. An opinion as to whether the financial statement(s) of the federal program is presented fairly in all material respects in accordance with the stated accounting policies;
 - b. A report on internal control related to the federal program, which must describe the scope of testing of internal control and the results of the tests;
 - c. A report on compliance which includes an opinion as to whether the auditee complied with laws, regulations, and the terms and conditions of the awards which could have a direct and material effect on the program; and
 - d. A schedule of findings and questioned costs for the federal program that includes a summary of the auditor's results relative to the federal program in a format consistent with 2 CFR Part 200, §200.515 Audit reporting, paragraph (d)(1), and findings and questioned costs consistent with the requirements of 2 CFR Part 200, §200.515 Audit reporting, paragraph (d)(3).
34. The Limited Scope Audit Report must be submitted to the Division within the earlier of 30 calendar days after receipt of the auditor's report(s), or nine months after the end of the audit period. If the due date falls on a Saturday, Sunday, or Federal holiday, the reporting package is due the next business day. The Audit Report must be sent to:
- Behavioral Health Wellness and
Prevention Attn: Laurie Gleason
4126 Technology Way, Second Floor
Carson City, NV 89706

Amendments

35. The Division of Public and Behavioral Health policy is to allow no more than 10% flexibility within the approved Scope of Work budget line items. Notification of such modifications must be communicated in writing to the BBHWP through the assigned analyst prior to submitting any request for reimbursement for the period in which the modification affects. Notification may be made via email.
36. For any budgetary changes that are in excess of 10 percent of the total award, an official amendment is required. Requests for such amendments must be made to BBHWP in writing.
37. Any expenses that are incurred in relation to a budgetary amendment without prior approval are unallowable.
38. Any significant changes to the scope of work over the course of the budget period will require an amendment. The assigned program analyst can provide guidance and approve all scope of

work amendments.

39. The subrecipient acknowledges that requests to revise the approved subaward must be made in writing using the appropriate forms and provide sufficient narrative detail to determine justification.
40. Final changes to the approved subaward that will result in an amendment must be received 60 days prior to the end of the subaward period (no later than April 30 for State funded grants and July 31 for federal funded grants). Amendment requests received after the 60-day deadline will be denied.

Remedies for Noncompliance

41. The Division reserves the right to hold reimbursement under this subaward until any delinquent requests, forms, reports, and expenditure documentation are submitted to and approved by the Division.
 1. The subrecipient must retain copies of approved travel requests and claims, consultant invoices, payroll register indicating title, receipts for goods purchased, and any other relevant source documentation in support of reimbursement requests for a period of three years from the date of submission of the State's final financial expenditure report submitted to the governing federal agency.

The subrecipient agrees that any failure to meet any of the conditions listed within the above Program Requirements may result in the withholding of reimbursement for payment, termination of current contract and/or the disqualification of future funding.

Appendix 5

AUDIT POLICY

Title 2 of the Code of Federal Regulations (2 CFR), Part 200 – Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards requires that all non-federal entities that expend \$750,000 or more in all federal awards during their fiscal year must have a Single or Program Specific Audit conducted for that fiscal year. In addition to the federal requirement, it is the policy of the State of Nevada, Department of Health and Human Services, Bureau of Behavioral Health Wellness and Prevention, Behavioral Health, Prevention and Treatment (BHWP) to require all sub-recipients that expend \$750,000 or more in combined federal and state funds during their fiscal year to have a Limited Scope Audit conducted for that fiscal year. Further, should the sub-recipient expend less than \$750,000 in combined federal and state funds in their fiscal year, it is the policy of BHWP that the sub-recipient **must** issue a **Year-End Financial Report** completed for that fiscal year. See Appendix 6

1. Single or Program Specific Audit

The Single or Program Specific Audit must be performed in accordance with all governing requirements of 2 CFR Part 200, Sub Part F-Audit Requirements.

2. Limited Scope Audit

At minimum the auditor **must**;

- a. Cover all funding that the non-federal entity, either directly or indirectly, receives from BHWP.
- b. Perform an audit of the financial statement(s) for the non-federal entity in accordance with Generally Accepted Government Auditing Standards (GAGAS);
- c. Obtain an understanding of the non-federal entity's internal controls and perform tests on internal controls over the federal program consistent with the requirements for a federal program and **issue an opinion on their effectiveness** to ensure the safe guarding of federal and state funds.
- d. Perform procedures to determine whether the auditee has complied with federal and State statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on the federal program consistent with the requirements of the federal program;
- e. Follow up on prior audit findings, perform procedures to assess the reasonableness of the summary schedule of prior audit findings prepared by the auditee in accordance with the requirements of 2 CFR Part 200, §200.511 Audit Findings Follow-up. Report, as a current year audit finding, when the auditor concludes that the summary schedule of prior audit findings materially misrepresents the status of any prior audit finding; and
- f. Report any audit findings consistent with the requirements of 2 CFR Part 200, §200.516 Audit findings.
- g. The auditor's report(s) may be in the form of either combined or separate reports and may be organized differently from the manner presented in this section. The auditor's

report(s) **must** state that the audit was conducted in accordance with this part and include the following:

- i. An opinion as to whether the financial statement(s) of the federal program is presented fairly in all material respects in accordance with the stated accounting policies;
- ii. A report on internal controls related to the federal program, which must describe the scope of testing of internal controls, the results of the tests and **an opinion on the effectiveness of the internal controls**;
- iii. A report on compliance which includes an opinion as to whether the auditee complied with laws, regulations, and the terms and conditions of the awards which could have a direct and material effect on the program; and
- iv. A schedule of findings and questioned costs for the federal program that includes a summary of the auditor's results relative to the federal program in a format consistent with 2 CFR Part 200, §200.515 Audit reporting, paragraph (d)(1), and findings and questioned costs consistent with the requirements of 2 CFR Part 200, §200.515 Audit reporting, paragraph (d)(3).

The Limited Scope Audit must be submitted within the earlier of **thirty (30) calendar days** after receipt of the auditor's report(s), or **nine (9) months** after the end of the audit period. Unless restricted by federal law or regulation, the auditee must make report copies available for public inspection. Auditees and auditors must ensure that their respective parts of the reporting package do not include protected personally identifiable information.

3. Year End Financial Report

The non-federal entity must prepare financial statements that reflect its financial position, results of operations or changes in net assets, and, where appropriate, cash flows for the fiscal year. The non-federal entity financial statements may also include departments, agencies, and other organizational units.

The Year-End Financial Report must be signed by the Chief Executive Officer (CEO) or the Board of Directors Executive Chairman.

The Year-End Financial Report must include a schedule of expenditures of federal and State awards.

At a minimum, the schedule must:

- a. List individual federal and State programs by agency and provide the applicable federal and or state agency name.
- b. Provide a total of federal and State awards expended for each individual program.
- c. Must identify the CFDA number as applicable to the federal awards or other identifying number when the CFDA information is not available.
- d. Include applicable state sub-grant numbers for state awards.
- e. Include the total amount provided to the non-federal entity from each federal and State program.

Appendix 6

Budget Instructions

Budget Development Instructions:

The following budget development instructions and budget example have been prepared to help you develop a complete and clear budget to ensure delays in processing awards are minimized.

Funding Details and Requirements:

This funding announcement is for the Substance Abuse Primary Prevention Program Project. You will complete an individual scope of work (SOW), budget and budget narrative for each one-year cycle of the project period. All funding is subject to the availability of funding.

Detailed Budget Building Instructions by Line Item:

Budget building is a critical component of the application process. The budget in the application is going to be the budget used for the subgrant. The budget must be error free and developed and documented as described in the instructions.

- 1. Under the “Category” section of the line item;** there is nothing to be filled out or completed by the applicant. **Please see the Example Budget for reference**
- 2. Under the “Total Cost” section of the line item;** the total cost identified should represent the sum of all costs represented in the “Detailed Cost” section associated to the line item. **Please see the Example Budget for reference**
- 3. Under the “Detailed Cost” section of the line item;** the detailed costs identified should represent the sum of all costs represented in the “Details of expected expenses” section associated to the line item. **Please see the Example Budget for reference**
- 4. Under the “Details of Expected Expenses” section of the line item;** the details of expected expenses identified here should represent the fiscal/mathematical representation of all costs that are outlined in the budget narrative. The expenses should represent a projection of the expenses that will be charged to the subgrant that directly support the work necessary to complete the tasks that are required to meet the goals and objectives as outlined in the scope of work (SOW) for this subgrant. **Please see the Example Budget for reference.**

Example Budget for reference with instructions.

Category	Total Cost	Detailed Cost	Details of Expected Expenses
1. Personnel	\$ 77,280		<p>Personnel: The costs that are allowed to be included in this budget line item are personnel costs only. This does not include any form of temporary staff, contract employees and/or volunteers.</p> <p>The following details must be included in the details of expected expenses sections of the line item.</p> <ol style="list-style-type: none"> The positions title must be included. NOTE: Do not put an individual name. The number of staff that will be charged to the grant under a specific position title. NOTE: If your organization charges multiple staff that share the same projected allocation of time, then group them together. See Project Coordinators NOTE: If your organization charges multiple staff that do not share the same projected allocation of time, then separate them. See Administrative Assistant The total annual salary of the position per year. The percentage of time they will be contributing to the project. The sum total of 1 through 4. The fringe benefits line must be represented as an average percent of the total salaries being charged to the grant. Example: \$7,000 + \$22,500 + \$35,000 + \$3,000 + \$1,500 = \$69,000. The average cost of fringe benefits for all staff being charged to the grant is 12%. Fringe benefits are calculated as \$69,000 X 12% (0.12) = \$8,280. <p>Salaries: (FTE X Annual Salary X % of Effort = Salary Charged) Fringe: (Total Salary Charged X Average Fringe Benefit Rate = Fringe Benefit Cost) NOTE: Please see the example below.</p>
		<p>\$ 7,000 22,500 35,000 3,000 1,500 8,280</p>	<p>Executive Director, 1 X \$70,000 per year X 10% = \$7,000 Project Manager, 1 X \$45,000 per year X 50% = \$22,500 Project Coordinators, 2 X 35,000 per year X 50% = \$35,000 Administrative Assist, 1 X \$15,000 per year X 20% = \$3,000 Administrative Assist, 1 X \$15,000 per year X 10% = \$1,500 Fringe Benefits equals 12% of total salaries charged - \$69,000 X 12% = \$8,280</p>

Category	Total Cost	Details of Expected Expenses										
2. Travel	\$ 8,160	<p>Travel: The costs that are allowed to be included in this budget line item are all travel costs.</p> <p>The following details must be included in the details of expected expenses sections of the line item. All rates must be reflective of actual GSA approved rates at the time budget development.</p> <ol style="list-style-type: none"> Mileage should reflect GSA approved rate and total projected miles to be driven. A brief description of the trip. The destination of the trip. The number of staff that will be traveling. An estimated trip cost per staff traveling. The projected trip total. <p>Mileage: (GSA Rate X Number of Miles = Cost) Trips: (Number of staff X estimated cost per staff X number of trips = Cost) NOTE: Please see the example below</p>										
		<table> <tr> <td>\$ 1,070</td> <td>Mileage for local meeting and events - \$.535 X 2000 miles = \$1,070</td> </tr> <tr> <td>3,000</td> <td>1 SAMHSA Conference, Washington DC, April 2017, 2 Staff, \$1,500 each = \$3,000</td> </tr> <tr> <td>4,000</td> <td>4 Quarterly Meetings, Statewide, 2 Staff, \$500 each = \$4,000</td> </tr> <tr> <td>90</td> <td>1 "Prevention Training" travel only, Reno, 6 staff, \$15 each = \$90</td> </tr> </table>	\$ 1,070	Mileage for local meeting and events - \$.535 X 2000 miles = \$1,070	3,000	1 SAMHSA Conference, Washington DC, April 2017, 2 Staff, \$1,500 each = \$3,000	4,000	4 Quarterly Meetings, Statewide, 2 Staff, \$500 each = \$4,000	90	1 "Prevention Training" travel only, Reno, 6 staff, \$15 each = \$90		
\$ 1,070	Mileage for local meeting and events - \$.535 X 2000 miles = \$1,070											
3,000	1 SAMHSA Conference, Washington DC, April 2017, 2 Staff, \$1,500 each = \$3,000											
4,000	4 Quarterly Meetings, Statewide, 2 Staff, \$500 each = \$4,000											
90	1 "Prevention Training" travel only, Reno, 6 staff, \$15 each = \$90											
3. Operating	\$ 7,075	<p>Operating: The costs that are allowed to be included in this budget line item are all operating costs. Operating costs may include but are not limited to; building space, utilities, telephone, postage, printing and copying, publication, desktop/consumable office supplies, drugs, biologicals, certification fees and insurance costs. If applicable, indirect costs are not included in this section. Organizational costs that do not reasonably contribute the accomplishments of project tasks, goals and objectives of the scope of work cannot not be charged to the grant.</p> <p>The following details must be included in the details of expected expenses sections of the line item.</p> <ol style="list-style-type: none"> A brief description of the item being charged. The monthly average cost of the item. The number of months that the budget encompasses. If the item of cost is split between funding sources, then include the percentage of split being charged to this grant. <p>NOTE: if one item of cost is split at 25% then all other items of cost should share the same percent of the split. Supplies: (Per Month Cost X number of months charged X Rate of Allocation = Cost) NOTE: Please see the example below</p>										
		<table> <tr> <td>\$ 900</td> <td>Office Supplies (paper, pencils, pens, etc.) - \$75 per month X 12 months = \$900</td> </tr> <tr> <td>4,500</td> <td>Rent - \$1,500 per month X 12 Months = \$18,000 X 25% allocation.</td> </tr> <tr> <td>300</td> <td>Phone - \$100 per month X 12 months = \$1,200 X 25% allocation.</td> </tr> <tr> <td>375</td> <td>E-mail - \$125 per month X 12 months = \$1,500 X 25% allocation.</td> </tr> <tr> <td>1,000</td> <td>1 Computer for the project manager X \$1000 per computer</td> </tr> </table>	\$ 900	Office Supplies (paper, pencils, pens, etc.) - \$75 per month X 12 months = \$900	4,500	Rent - \$1,500 per month X 12 Months = \$18,000 X 25% allocation.	300	Phone - \$100 per month X 12 months = \$1,200 X 25% allocation.	375	E-mail - \$125 per month X 12 months = \$1,500 X 25% allocation.	1,000	1 Computer for the project manager X \$1000 per computer
\$ 900	Office Supplies (paper, pencils, pens, etc.) - \$75 per month X 12 months = \$900											
4,500	Rent - \$1,500 per month X 12 Months = \$18,000 X 25% allocation.											
300	Phone - \$100 per month X 12 months = \$1,200 X 25% allocation.											
375	E-mail - \$125 per month X 12 months = \$1,500 X 25% allocation.											
1,000	1 Computer for the project manager X \$1000 per computer											

Category	Total Cost	Details of Expected Expenses
4. Equipment	\$ 16,500	<p>Equipment: The costs that are allowed to be included in this budget line item are equipment costs. Per federal regulation; §200.33 Equipment. Equipment means tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost which equals or exceeds the lesser of the capitalization level established by the non-Federal entity for financial statement purposes, or \$5,000 per unit</p> <p>The following details must be included in the details of expected expenses sections of the line item.</p> <ol style="list-style-type: none"> Include a brief description of the item being charged. Include the cost of the item, per unit. Include the number of units that are being purchased. If the item of cost is split between funding sources, then include the percentage of split being charged to this grant. <p>NOTE: if one item of cost is split at 25% then all other items of cost should share the same percent of the split. Equipment: (Per Unit Cost X Number of Units = Cost) NOTE: Please see the example below</p>

		\$ 16,500	Examination Table, \$5,500 per unit X 3 units – 16,500 (<i>this is almost never used; most expenditures will fall under Operating costs</i>)
5. Contractual Consultant	\$ 99,575		<p>Contractual: The costs that are allowed to be included in this budget line item are contract costs. List all sub-grants, consultants, contract, personnel/temporary employees and/or vendors that will be procured through a competitive process. (Travel and expenses of consultants and contractor should be incorporated into the contracts and included in this section as a part of the estimate contract cost.)</p> <p>The following details must be included in the details of expected expenses sections of the line item.</p> <ol style="list-style-type: none"> 1. Include a brief description of the intended future contract that is being considered. 2. Include the estimated cost of the contract. 3. If applicable, include the cost of and number of deliverables that will be the result of the completed contract. 4. If applicable, include the per hour rate of the contract and the number of hours the project is going to take. 5. For subgrant funding; provide a brief description of the sub-grant project or projects and the total estimated pass-through amount. <p>NOTE: Do not list the actual names of contractors, consultants, vendors or subgrantees in the budget.</p> <p>NOTE: Please see the example below</p>
		\$ 20,000	Contract to provide 4 regional prevention training courses; \$5,000 X 4 Courses = \$20,000
		4,375	Media consultant - \$35 per hour X 125 hours = \$4,375
		15,200	Contract for the development of a community needs assessment = \$95.00 per hour X 160 hours - \$15,200
		60,000	Sub-grants for community primary prevention programs = \$60,000

Category	Total Cost	Details of Expected Expenses						
6. Training	\$ 1,650	<p>Training: The costs that are allowed to be included in this budget line item are training costs. This line item may include registration fees/conference fees and training costs. This line item can be used to budget for training that will be attended by staff and for the costs of training and educational materials being provided to targeted populations as identified in accordance to the proposed SOW.</p> <p>The following details must be included in the details of expected expenses sections of the line item.</p> <ol style="list-style-type: none"> 1. Include a brief description of the intended training cost being considered. 2. Include the estimated cost of the training. 3. If developing educational materials for hosting a training. 4. Include the "per unit" cost and number of units being developed for the training. <p>NOTE: Please see the example below</p>						
		<table border="0"> <tr> <td>\$ 500</td> <td>SAMSHA Conference registration fees, 2 staff X \$250 each = \$500</td> </tr> <tr> <td>150</td> <td>Prevention Training registration fees, 6 staff X \$25 each = \$150</td> </tr> <tr> <td>1,000</td> <td>Printing cost for education books for addiction prevention seminar = \$20 per book X 50 books = \$1000</td> </tr> </table>	\$ 500	SAMSHA Conference registration fees, 2 staff X \$250 each = \$500	150	Prevention Training registration fees, 6 staff X \$25 each = \$150	1,000	Printing cost for education books for addiction prevention seminar = \$20 per book X 50 books = \$1000
\$ 500	SAMSHA Conference registration fees, 2 staff X \$250 each = \$500							
150	Prevention Training registration fees, 6 staff X \$25 each = \$150							
1,000	Printing cost for education books for addiction prevention seminar = \$20 per book X 50 books = \$1000							
7. Other/Indirect	\$ 27,469	<p>Other/Indirect: The costs that are allowed to be included in this budget line item are indirect costs and if applicable audit costs.</p> <p>The following details must be included in the details of expected expenses sections of the line item.</p> <ol style="list-style-type: none"> 1. Include a brief description of the intended cost being considered. 1. For audit costs include the total annual of the audit and the rate of allocation. <p>NOTE: the rate of allocation should be the same as the rates of allocation in the operating section. If not, provide a justification as why the rate of allocation is different.</p> <ol style="list-style-type: none"> 2. If applicable, include the total direct costs being charged for indirect. 3. If applicable, include the federally approved indirect rate total direct costs being charged for indirect. <p>Audit Cost: (Annual audit cost X Rate of Allocation = Cost) Indirect Cost: (Total Direct Costs being charged X Federally Approved Indirect Rate = Indirect Cost) NOTE: Please see the example below</p>						
		<table border="0"> <tr> <td>\$ 2,000</td> <td>Annual audit cost: \$8,000 X 25% = \$2,000</td> </tr> <tr> <td>25,469</td> <td>Indirect Costs: \$210,228 X 12% = 25,468.80</td> </tr> </table>	\$ 2,000	Annual audit cost: \$8,000 X 25% = \$2,000	25,469	Indirect Costs: \$210,228 X 12% = 25,468.80		
\$ 2,000	Annual audit cost: \$8,000 X 25% = \$2,000							
25,469	Indirect Costs: \$210,228 X 12% = 25,468.80							
Total Cost	\$ 237,709							

Note #1: Totals listed must match totals on Cover Page.

Note #2: Indirect Costs: 2 CFR 200.414 allows any non-Federal entity that has never received a negotiated indirect cost rate with an agency of the federal government to charge a de minimis rate of 10% of modified total direct costs, which may be used indefinitely as a Federally-negotiated rate.

Appendix 7

EVIDENCE-BASED PRACTICES

An Evidence-Based Practice (EBP) is defined as a prevention service (program, practice, practice) that has been proven to positively change the problem being targeted. In general, there needs to be evidence that the intervention has been effective at achieving outcomes through some form of evaluation. The evaluation process monitors outcomes to determine whether the intervention positively impacted the target problem and/or contributing condition. The type of evidence collected will vary for different types of interventions. For example, a program will track participants for a period of time after receiving the intervention and compare them to a group who did not participate in the program. An effective practice will be measured by looking at a community that has implemented the practice and the impact that was documented when they did so. Or the impact of the removal of a practice can be studied. Practices are effective if the desired behavior change is supported by everyone in the community.

EBPs are typically accompanied by manuals that prescribe the content delivered to participants for each session and the variations that may be allowed regarding program implementation. The program must be implemented with fidelity to the prescribed delivery. If providers attempt to adjust the program to a different audience, or use a different delivery method, the program will no longer be considered evidence based.

The steps to identify appropriate EBPs include:

- Identifying a problem and target population
- Finding relevant research
- Developing a logic model
- Implementing a research-informed program
- Evaluating the outcomes of your program

Evidence Based Programs include evaluation methods, making the evaluation process easier for the provider. Program evaluation may not always show a positive outcome. This does not necessarily mean the program was a failure, but that it was not effective for the problem and target population. Less than positive evaluations provide valuable information that will steer you towards other programs that will work for your community.

USE OF NON-EVIDENCE-BASED PRACTICES

While the emphasis on evidence-based practices will continue, there is a need to develop and create new interventions and technologies and in turn, to establish the evidence. In addition to EBP, there are also many promising practices in various stages of development. These are services that have not been studied, but anecdotal evidence and program-specific data indicate they are effective. As these practices continue to be evaluated, the evidence is collected to establish their efficacy and to advance the knowledge of the field.

New strategies may be used if an EBP does not exist to meet the identified community need and there is not one that can be adapted to do so. It is recognized that there may be prevention initiatives that a community is committed to which have not gone through the process to have documented a stronger level of evidence that it is effective. Use of non-evidence-based practices must be justified in writing and approved through the Bureau of Behavioral Health Wellness and Prevention.

Note: SAMHSA terminated the NREPP contract on December 28, 2017 because some of the evidence-based practices were not current. SAMHSA is moving to EBP implementation efforts through targeted technical assistance and training that makes use of local and national experts and will assist programs with implementation. Below is a partial list of popular resources. Applicants are encouraged to do further research to find substance abuse prevention evidence-based programs which will best address your community needs.

Appendix 8

APPLICATION WRITING SUGGESTIONS

The proposal must clearly target priorities identified in the Applicant's Comprehensive Community Prevention Plan (CCPP) which is required at the time of application.

The CCPP must present a community consensus on priorities to combat substance misuse, describe and document the nature and extent of the substance misuse problem in the community, identify substance abuse service gaps, and contain a strategic plan to reduce substance misuse that includes stated goals, objectives, activities, time frames and methods of data collection and program evaluation.

For those applicants new to this funding process, the CCPP must be developed in collaboration with community sector representatives and updated every three (3) years. The plan should be based on current conditions in the service area and used to guide ongoing prevention priorities.

Proposals must describe methods that will be implemented to measure and report outcomes consistent with common indicators and evaluation protocols.

1. Application Writing Suggestions:

- u. Read each section of the RFP carefully before beginning;
- v. Complete all sections and include all required attachments;
- w. Observe page limits;
- x. Verify that you have responded specifically to the information requested in each section;
- y. Provide concise and consistent information. Use bolded subsection titles, bullets and appropriately labeled tables to display information;
- z. Indicate source of information or data;
- aa. All sections of the application should make sense and be in the correct order;
- bb. If an item or topic is addressed in one section of the application, it is not necessary to repeat that information in future sections. The applicant should simply reference the previous section and page of the application.

Community Coalitions

Community coalitions are increasingly used as a vehicle to foster improvements in community health. A coalition is traditionally defined as “a group of individuals representing diverse organizations, factions or constituencies who agree to work together to achieve a common goal.” Community coalitions differ from other types of coalitions in that they include professional and grassroots members committed to work together to influence long-term health and welfare practices in their community. Additionally, given their ability to leverage existing resources in the community and convene diverse organizations, community coalitions connote a type of collaboration that is considered to be sustainable over time.

The federal government has increasingly used community coalitions as a programmatic approach to address emerging community health issues. Community coalitions are composed of diverse organizations that form an alliance in order to pursue a common goal. The activities of community coalitions include outreach, education, prevention, service delivery, capacity building, empowerment, community action, and systems change. The presumption is that successful community coalitions are able to identify new resources to continue their activities and sustain their impact in the community over time. Given the large investment in community coalitions, researchers are beginning to systematically explore the factors that affect the sustainability of community coalitions once their initial funding ends.

The Office of National Drug Control Policy (ONDCP) and the SAMHSA Center for Substance Abuse Prevention (CSAP) support Drug-Free Communities (DFC) Support Program grants, which were created by the Drug-Free Communities Act of 1997 (Public Law 105-20). The DFC Support Program has two goals:

- Establish and strengthen collaboration among communities, public and private non-profit agencies, as well as federal, state, local, and tribal governments to support the efforts of community coalitions working to prevent and reduce substance use among youth
- Reduce substance use among youth and, over time, reduce substance abuse among adults by addressing the factors in a community that increase the risk of substance abuse and promoting the factors that minimize the risk of substance abuse

Long-term analyses suggest a consistent record of positive accomplishment for substance use outcomes in communities with a DFC grantee from 2002 to 2012. The prevalence of past 30-day use of alcohol, tobacco, and marijuana declined significantly among both middle school and high school students. The prevalence of past 30-day alcohol use dropped the most in absolute percentage point terms, declining by 2.8 percentage points among middle school students and declining by 3.8 percentage points among high school students. The prevalence of past 30-day tobacco use declined by 1.9 percentage points among middle school students, and by 3.2 percentage points among high school students from DFC grantees’ first report to their most recent report. Though significant, the declines in the prevalence of past 30-day marijuana use were less pronounced, declining by 1.3 percentage points among middle school students and by 0.7 percentage points among high school students.
