Management Memorandum 17-009

DATE: August 31, 2017
TO: Current and Eligible Subrecipients, Contractors and State Agencies
FROM: Kyle Devine, Bureau Chief 
SUBJECT: Targeted Case Management (TCM) Pilot Program Ending

Effective September 30, 2017, BHWP is ending the Targeted Case Management (TCM) Pilot Program. Affected providers have submitted TCM data and the management team is in the process of evaluating those outcomes. Once all the program data is evaluated, BHWP will make a determination as to the future of TCM within its provider network.

Providers may consider available options with Medicaid to become eligible to perform and bill for case management services in the future.

Please reach out to your treatment analyst if you have any questions.
