NAC 449.1214 General requirements. ([NRS 449.0302](#))

1. A facility that offers a social model detoxification program:
 - (a) Must have a physician, nurse practitioner, registered nurse or physician assistant conduct a physical assessment and a review of the general medical and drug history of a client within 24 hours after the client is admitted to the facility to ensure that a social model detoxification program is appropriate for the client.

(b) Must not provide detoxification services for clients who exhibit life-threatening symptoms of withdrawal from alcohol and drug abuse.

(c) Must develop and implement policies and procedures that protect the safety and health of clients. The facility must have these policies and procedures reviewed annually by a licensed physician who is familiar with the symptoms of withdrawal from alcohol and drug abuse.

(d) Must ensure that the observation of a client during his or her treatment in the social model detoxification program is reflected in the records of the client as deemed necessary by the policies and procedures of that facility.

2. The staff of a facility that offers a social model detoxification program must complete at least 6 hours of additional education in the detoxification of alcohol and drug abusers, as approved by the program of ongoing quality improvement pursuant to [NAC 449.1218](#), every 2 years. Such education must include instruction in:

- (a) Acute withdrawal symptoms from alcohol and drug abuse; and
- (b) First-aid procedures for clients with seizures.

NAC 449.1218 Program of ongoing quality improvement. ([NRS 449.0302](#))

1. A social model detoxification program must have a program of ongoing quality improvement designed to:

- (a) Monitor and evaluate, objectively and systematically, the quality and appropriateness of client care;
- (b) Pursue opportunities to improve client care; and
- (c) Resolve identified problems.

2. The program of ongoing quality improvement must:

(a) Establish written policies and procedures to describe and document the monitoring and evaluation activities of the program of ongoing quality improvement.

(b) Include the participation of a medical professional who is not required to be a member of the staff. For the purposes of this paragraph, “medical professional” means a licensed physician, nurse practitioner, physician assistant or registered nurse who is familiar with clients suffering from acute withdrawal symptoms from alcohol and drug abuse.

(c) In addition to the participation of a medical professional pursuant to paragraph (b), include the participation of the administrator and two staff members of the social model detoxification program.

(d) Approve the 6 hours of additional education required pursuant to [NAC 449.1214](#) to ensure that the additional education is appropriate.

3. The findings of the program of ongoing quality improvement, including any conclusions, recommendations, actions taken and the results of the actions taken, must be documented. All documentation must be reported to the governing body and must be reflected in the minutes annually.
