Utilize mechanisms or protocols for exchanging information about outbreaks or breaches among state and local governmental partners (e.g., State Survey agencies, Communicable Disease Control, state licensing boards)</p> <p><i>Activities or descriptions:</i></p> <p>Currently the OPHIE Outbreak Team utilizes the Interjurisdictional Notification Form (INF) to notify state and local governmental partners of outbreaks that have occurred. We also work with facilities experiencing an outbreak by providing education, personal assistance, onsite visits and analyzing data submitted on daily case reporting forms. The daily case reporting forms are used to collect outbreak data and formulate an epi curve as means to track the progression of the outbreak.</p>	<p>07/2015</p>
