**INFORMATION FOR
 CAMPING AND RECREATIONAL VEHICLE PARK PERMIT**

All persons intending to operate a camping or recreational vehicle park in Nevada must obtain a permit from the Division of Public and Behavioral Health, Environmental Health Section. All sanitation facilities for camping spaces in Nevada which are constructed after November 21, 1970 must conform the requirements in Nevada Administrative Code (NAC) Chapter 444.5461 to NAC 444.54675 inclusive.

SANITATION FACILITIES FOR CAMPING SPACES - FEES

The Health Division shall charge and collect fees for an annual permit to operate a facility for sanitation for camping spaces in accordance with the following schedule, except in areas where the laws and regulations governing such facilities are administered by local health authorities

For a permit to operate a facility having 30 or less camping spaces	\$166
For a permit to operate a facility having more than 30 camping spaces	\$166 plus \$1.50 for each camping space over 30.

The Health Division shall charge and collect the following fees for reviewing plans of facilities for sanitation for camping spaces, except in areas where the laws and regulations governing such facilities are administered by local health authorities:

For a plan for a new facility	\$166 Plus \$1.50 for each camping space over 30.
For a plan for remodeling a facility which has a permit	\$100

Plan Review Requirements

Any person providing camping spaces must notify the health authority at least 30 days before their intended use and must furnish the following information:

- (a) Names and addresses of owners or operators;
- (b) Location of facilities;
- (c) Size of camp and facilities;
- (d) Number of camping spaces available;
- (e) Water availability;
- (f) Sewage system and sanitation facilities;
- (g) Garbage facilities; and
- (h) Availability of open pit fires or enclosed fire facilities.

Permit and Change of Ownership Requirements

The health authority may inspect camping facilities annually or as often as deemed necessary and prepare a written report on the camp. An official permit will be given only once, and again when the facilities change ownership. A person must possess an unrevoked permit for camping space facilities issued by the health authority in the name of that person before operating sanitation facilities for camping spaces.
