Northern Nevada Adult Mental Health Services Hosts Open House to Celebrate National Health Service Corps Community Month

Sparks – Northern Nevada Adult Mental Health Services (NNAMHS) and Rural Community Health Services (RCHS) will celebrate National Health Service Corps (NHSC) Community Month by hosting an open house. NNAMHS and RCHS are State of Nevada agencies that provide inpatient and outpatient mental health services to northern and rural Nevada residents. NNAMHS is a comprehensive, community-based behavioral health system for adult consumers located in Sparks. RCHS serves both children and adults under an integrated care model and includes 15 behavioral health, 13 community health, and one fully integrated clinic located throughout rural Nevada.

Nevada is experiencing a severe shortage of health care providers throughout the state, and the NHSC helps NNAMHS and RCHS, along with many other Nevada sites, to recruit and retain health professionals. The behavioral health care providers at NNAMHS and RCHS can receive NHSC loan repayment and scholarship funding to help pay for their health professional educational costs.
