Southern Nevada Adult Mental Health Services Hosts Open House to Celebrate National Health Service Corps Community Month

Las Vegas – Southern Nevada Adult Mental Health Services (SNAMHS) will celebrate National Health Service Corps (NHSC) Community Month by hosting an open house. SNAMHS is a state of Nevada agency that provides inpatient and outpatient mental health services to southern Nevada residents. Their five clinics and hospital employ over 630 professional staff dedicated to the betterment of the lives of the residents of Clark County.

Nevada is experiencing a severe shortage of health care providers throughout the state, and the NHSC helps SNAMHS, along with many other Nevada sites, to recruit and retain health professionals. The behavioral health care providers at SNAMHS can receive NHSC loan repayment and scholarship funding to help pay for their health professional educational costs.
