

# THE THREE P'S OF COMPREHENSIVE CANCER CONTROL EVALUATION

Lily Helzer  
Comprehensive Cancer Control  
Coordinator

August 17<sup>th</sup>, 2017

Nevada  
Comprehensive  
Cancer Control  
Program

# THE THREE P'S

- The Plan
- The Program
- The Partnership

# THE PLAN

- What?
  - The 2016-2020 Nevada Comprehensive Cancer Control Plan
  - A five-year plan created by the Cancer Control Community to:
    - Prevent Cancer
    - Detect Cancer Earlier
    - Increase Access to and Quality of Cancer Treatment
    - Improve Cancer Survivorship
- Evaluation Purpose
  - What progress had been made on the 2016-2020 Nevada Comprehensive Cancer Control Plan?
  - What challenges and barriers have been encountered?
- Evaluation Timeline
  - Annual Evaluation
  - Report produced at the Annual Cancer Control Summit
- Data Sources
  - Program Records
  - Partner Program Records
  - Sub grantee Quarterly Reports
  - BRFSS, YRBSS, Nevada Central Cancer Registry

# THE PROGRAM

- What?
  - The Nevada Comprehensive Control Program
  - Receives CDC funds to work on Prevention, Detection, Treatment, and Survivorship of Cancer as guided by the Plan
- Evaluation Purpose
  - Is the coalition growing and engaged in the work of carrying out cancer control activities as guided by the 2016-2020 Nevada Comprehensive Cancer Control Plan?
- Evaluation Timeline
  - Annual Evaluation conducted each January/February
  - Report produced in April
- Data Sources
  - Program Records
  - Sub grantee Quarterly Reports
  - BRFSS, YRBSS, Nevada Central Cancer Registry

# THE PARTNERSHIP

- What?
  - The Nevada Cancer Coalition
  - Represents the Cancer Control Community and carries out the work of the 2016-2020 Comprehensive Cancer Control Plan
- Evaluation Purpose
  - Is the Program making progress on objectives included in the annual CDC workplan?
- Evaluation Timeline
  - Annual Evaluation
  - Report included in the annual Final Progress Report to the CDC each September
- Data Sources
  - Survey Conducted among NCC partners
