

# State of PCMH in Nevada

---

PCMH SUBCOMMITTEE MEETING

FEBRUARY 1, 2017

# Why PCMH?

---

- Demonstrates the quality of care provided in primary care settings.
- Positions primary care settings at an advantage for the changing health care landscape.
- Transforms patient care to help primary care settings achieve the three part aim of: Better Care, Healthy People and Communities, and Affordable Care.
- PCMH is the fastest-growing delivery system innovation
- Nearly 53,000 clinicians at more than 11,000 practices have earned the NCQA PCMH seal, and 37 states have initiatives that use NCQA Recognition

# Accreditation/Recognition

---

- NCQA
  - As of 12/1/16, 238 providers practicing in Nevada PCMHs
- AAAHC
  - Five accredited medical homes in Nevada
- Joint Commission
  - No accredited PCMHs in Nevada

# What's Driving PCMH in Nevada?

---

- No formal public patient-centered medical home programs in the state
  - Nevada Comprehensive Care Waiver
  - State Innovation Model (SIM) Design grant
- Four Private Payer programs
- UNR Patient-Centered Family Medicine
- Federal DHHS Priority Goal
