Timeline of Stakeholder Feedback

Public Comments

- 47 comments received
 - 14 identified as HCGP recipients and 2 as caregivers
 - 7 identified as HCGP vendor employees
 - 16 identified as healthcare/social service agency worker
 - 8 did not specify relationship to the program

Public Comments - Cont.

Number of comments	Source	Comments	DHCFP Actions
18	Providers	Concerns about connecting patients with resources when HCGP ends.	Link providers to Medicaid District Offices (DOs), Nevada 211, and MTM for patient resources.
14	HCGP Members	Expressed how program has assisted them and concerns about assistance when HCGP ends.	Link high risk members with a transitional care plan. Provide all members with contact information for Medicaid DOs, Nevada 211, and MTM.
21	All	Expressed concerns regarding lack of mental health and/or substance abuse services in Nevada.	Additional focus on transition of care for high risk members. DHCFP will use this information in planning future programs.
9	All	Expressed concerns regarding lack of services in rural Nevada.	The DHCFP worked with HCGP vendor to gather more information on gaps in care and will use information in planning future programs.

* Some comments may have covered more than one theme and be counted in multiple sections. 2 additional themes were identified with 2 comments each, but due to presentation space were excluded from this slide.

Public Workshops

- DHCFP decided to hold 5 Public Workshops to obtain additional feedback on HCGP Phase-Out
 - Carson City 3/19/18
 - Las Vegas 4/6/18
 - Fallon 4/20/18
 - Reno 5/7/18
 - Elko 6/1/18

Public Workshop Feedback

Feedback Received	Location	DHCFP Response
Concern regarding lack of mental health resources.	Las Vegas	Added focus on transition of care for HCGP members with mental health.
Concern regarding the loss of workforce for those employed by the HCGP.	Las Vegas	Provided HCGP vendor with information regarding state of Nevada job openings.
Concerns regarding loss of access to the HCGP nurse advise line.	Fallon	Provided resources for other free 24 hour nurse lines available to all Medicaid Members.
Concerns regarding why the waiver was not extended.	Reno	DHCFP would have had to go back out to Request for Proposals (RFP) to extend waiver, and would not be able to make any significant changes to the program to address any lessons learned from the program.

Public Workshop Feedback - Cont.

Feedback Received	Location	DHCFP
Members expressed thanks for how the program helped them.	Reno	Recorded information on what members found useful so it can be incorporated into future programs.
Provider expressed concerns about transition planning when members discharge from hospitals.	Reno	The DOs will have access to the HCGP notes for higher risk members, and can assist members with transition planning if needed.
Concerns that Nevada 211 does not have rural providers listed.	Elko	Contacted the Nevada 211 Coordinator to assist improving resource listings for Rural Nevada.
Concerns regarding assistance with transportation issues in rural Nevada.	Elko	Worked with MTM contract manager at DHCFP to reduce transportation barriers in rural Nevada.

Notification of Members

- May 25, 2018- 36,072 letters were mailed to the enrolled HCGP members
 - Program was ending
 - Ensured the members that their Medicaid benefits were not ending, only HCGP
 - Provided contact info for Medicaid DOs
 - Provided contact info for Nevada 211
 - Provided contact info for MTM
 - Sent in both English and Spanish

Notification of Providers

- May 25, 2018- 1,906 letters were mailed to Medicaid providers that had some contact with the program
 - Program was ending
 - Provided contact info for Medicaid DOs
 - Provided contact info for Nevada 211
 - Provided contact info for MTM

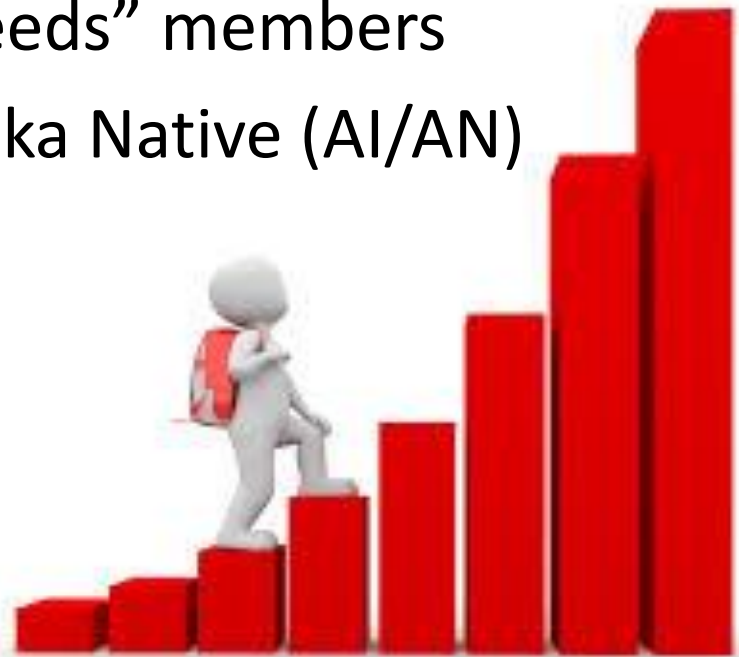

Transition Planning Meetings

- Purpose- ensure that all HCGP members have access to the resources and services they need after the program ends
- Plan included Transition to:
 - Managed Care Organizations (MCOs)
 - Previous Targeted Case Management (TCM) Providers
 - Federally Qualified Health Centers (FQHCs)
 - Medicaid District Offices (DOs)

Transition Planning Meetings – Cont.

- Additional focus on:
 - APH identified “High Needs” members
 - American Indian or Alaska Native (AI/AN) Population

Transition to MCOs

- 1,959 HCGP members will transfer to a MCO as of July 1, 2018

394 Adults

& 1,565 Children

Risk Level	1- Low	2- Moderate	3- High	4- Complex
# of HCGP members transferring to MCO	1,511	325	110	13

Transition to Previous TCM

- 12,832 (30.9%) of the 41,500 HCGP members enrolled in April 2018 had had previous TCM.
- 975 members had open or closed case status indicating that they had been actively managed by the HCGP at some point in time
- 417 members were identified as likely to need to return to TCM as they had received TCM within 6 months of HCGP opening their case.
- APH was given a list of members that would likely need previous TCM so they could make warm handoffs.

Transition to FQHC

- Requested list of FQHC HCGP members from APH
- Reviewed High Needs and AI/AN populations for FQHC usage

Transition to District Offices (DOs)

- Medicaid has 4 DOs
 - Reno
 - Carson City
 - Elko
 - Las Vegas
- DOs will serve HCGP members that were not connected to other resources for care coordination.

APH Identified High Needs

- APH identified 91 members as High Needs
- All records were obtained from APH on these members
- Reviewed all records to see if member was already connected with a FQHC, Certified Community Behavioral Health Clinic (CCBHC), TCM provider, tribal health center
 - If yes, referred to provider for a warm handoff
 - If no, referred to DO for assistance

American Indian/ Alaska Native Population (AI/AN)

- April 2018 = 1,645 AI/AN enrolled in the HCGP
 - 188 (11.43%) had ever been contacted
 - 30 had only been contacted 1 time while they were in the program
 - 103 had had been contacted in the last year
 - 60 were being actively managed in April 2018
 - 14 had previous TCM

Risk Level	1- Low	2- Moderate	3- High	4- Complex
# of ever contacted AI/AN HCGP Members	30	84	67	7

AI/AN Population - Cont.

- Requested all notes from APH
- Reviewed all notes to see if member was already connected with a FQHC, TCM, tribal health center provider
 - If yes, referred to FQHC/TCM/tribal health center provider for a warm handoff
 - If no, referred to DO for assistance

Next Steps

- Finalize Program Year 2 Results
- Get 3rd party evaluation completed on program
- Obtain Program Year 3 Results- tentatively October 2018
- Obtain Program Year 4 Results- tentatively October 2019
- Complete all required CMS reports
- Continued planning for future programs

III. Lessons Learned

- Care Management is limited by the number of providers in Nevada
 - Care Managers can only refer members to existing Medicaid providers. If there is a lack in providers, members still have delays in care.
- Design of the program creates a long delay for results
 - 12 month claims lag
- Difficult population to reach
 - CMO reported a lot of time spent attempting to locate members
 - CMO could only actively manage around 3,500 at any given time
