**Advisory Council on the State Program for Wellness and the Prevention of Chronic Disease**

**October 17, 2019**

**New Staff**

No new staff or staff changes to report.

**Section News**

The networking event held on 8/9/19 was very well attended at 112 people, including people who traveled from Ely, Winnemucca and Reno. The Northern Nevada Providers Directory has been published, distributed and is on the County website.

The County has completed the Community Health Improvement Plan with the assistance of a community public health advocacy group. The Board of Health will choose one or two priorities from the CHIP and continue to work on the public health infrastructure that has begun.
