

Elko County Health Board
Chronic Disease Prevention and Health Promotion Section Report
Advisory Council on the State Program for Wellness and the Prevention of Chronic Disease

March 2023

New Staff

At Elko County, we have a new Social Services Director, the current Public Guardian Kathleen Jones. We have a new Grants and Contracts Manager, Abigail Wheeler. She moved into this position from her previous position as the Transit Manager.

Section News

During this quarter, we have not made any progress in achieving our goals. We did submit a new SOW to have this grant as a pass through to Nevada Health Centers. Nevada Health Centers currently has a weekly immunization clinic where we can implement glucose checks and blood pressure monitoring. We are now waiting for the approved new SOW to utilize these grant funds. Once we receive the approval on the amendment to the grant, we will engage Nevada Health Centers to start moving forward.
