

# NEVADA MOMS AND BABIES PILOT

# Lack of Data Sharing Impacts

OBSTETRICIANS

PAYERS

MOTHERS AND  
INFANTS

# OBSTETRICIANS

- Neonatologists need immediate access to hospital birth data
- OB-GYN providers rely on availability of Pre-Natal flowsheet data
- Require data on obstetrical care data that is linked to the maternal record

## PAYERS

- Support the State of Nevada MCO Contracts
- Collecting quality data for reporting purposes is labor intensive and costly
  - The State of Nevada and payers are compensating providers for a perceived level of quality at increasing costs

# **NEVADA MOMS AND BABIES**

- Most vulnerable population of Medicaid patients in Nevada

## KEY NEVADA PROVIDERS

Organization	# Of providers	EMR
Carson Medical Group	12	eClinicalWorks
OBGYN Associates	18	eClinicalWorks
High Risk Pregnancy	9	eClinicalWorks
Hera Women's Health	>10	eClinicalWorks/Athena
Reno Tahoe Women's Health	2	NextGen
Desert Perinatal	5	Greenway Intergy
WHASN	78	eClinicalWorks
Totals	134	

Hospital Interfaces will require modification

# KEY DATA ELEMENTS FOR COLLECTION

Prenatal Immunization Status (PRS).  
Prenatal Depression Screening and Follow-Up (PND).  
Postpartum Depression Screening and Follow-Up (PPD).  
Prenatal Postpartum Care (PPC) Added to align with MIPS/MACRA.  
Antepartum Admission prior to 37 weeks and prior to labor and delivery  
NICU admission  
NICU days per admission  
Neonatal death  
Maternal death  
Maternal Morbidity  
Maternal Mortality

## **DESIRED OUTCOMES**

- HealthIE Nevada will deliver real time OB-GYN quality data to participating payers by 3/31/2023 and real time clinical data to the OB-GYN community withing HealthIE Nevada by June 30, 2022
- Payers will receive near real-time reports runs that include both administrative and real time clinical data by 3/31/2023 demonstrating the value of this service
- Quality department staff will share reports with participating OBGYN providers beginning April 1, 2023, helping providers close gaps in care
- Frequent real time reporting to providers will drive improvement in health outcomes

# THANK YOU
