Office of Analytics

- Est. November, 2017
- Goal: To move from an analytic culture centered on required reporting and reactionary analytics, to an analytic culture of proactive analytics which drive policy and decision making across DHHS.
- Comprised of 30 analysts, biostatisticians, and health economists

Office of Analytics

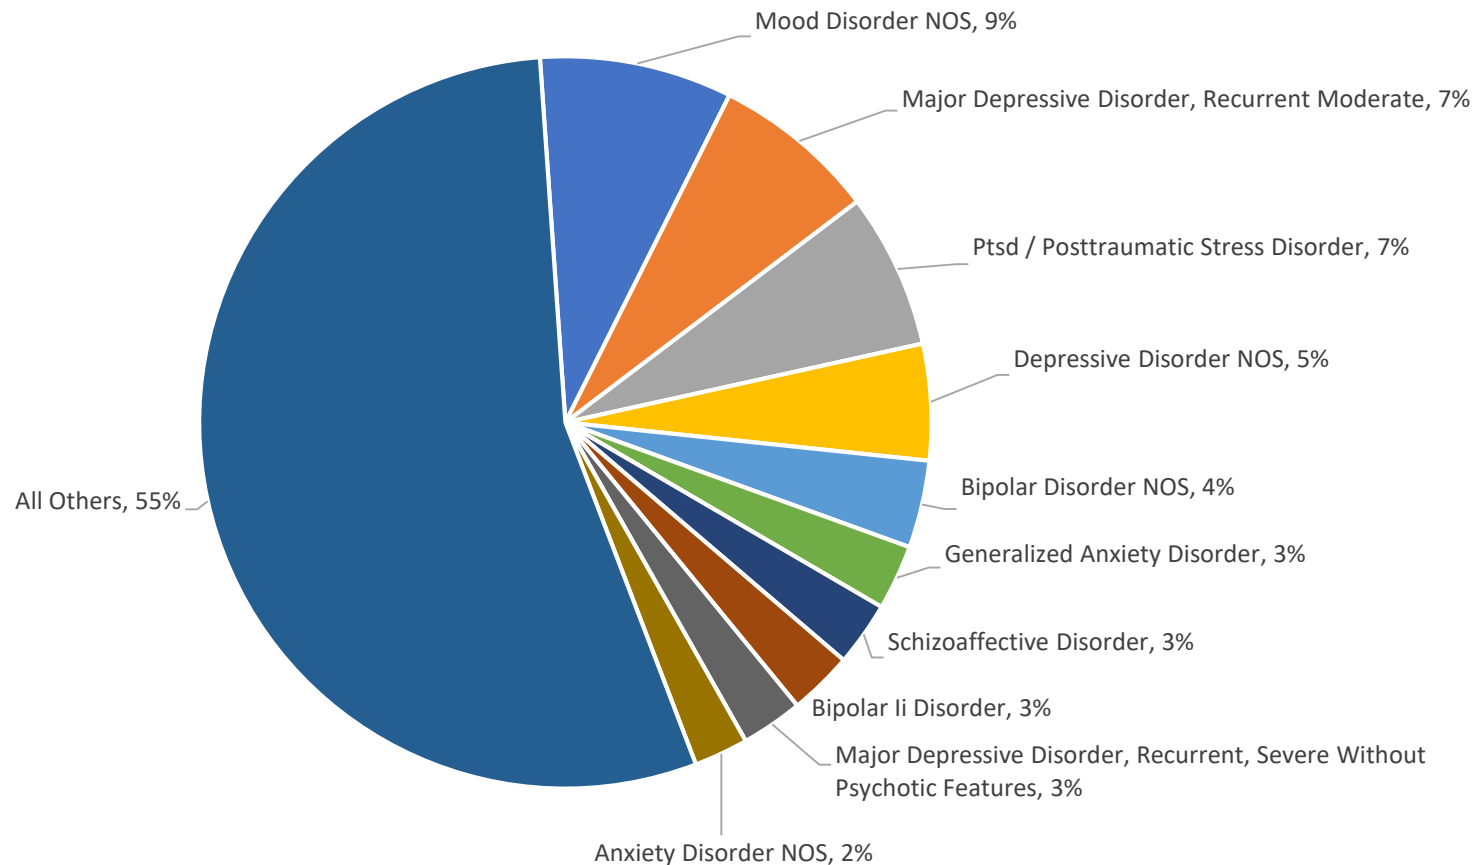

- Providing analytical support to:
 - Division of Public and Behavioral Health
 - Division of Healthcare Finance and Policy
 - Division of Child and Family Services
 - Division of Aging and Disability Services
 - Division of Welfare and Supportive Services
- Community Partners, University Researchers, Coalitions, Media, Public, etc.
- Helpdesk: data@dhhs.nv.gov
