**Department of Health and Human Services**

*Helping people. It's who we are and what we do.*

# Outline

1. Overview of Title V Maternal and Child Health (MCH) Program and Title V Block Grant
2. Children and Youth with Special Health Care Needs (CYSHCN) Program and Data
3. Family Navigation Network and Nevada Medical Home Portal

## Maternal, Child, and Adolescent Health Section

Title V Maternal Child Health (MCH) Program

Pregnancy Risk Assessment Monitoring System (PRAMS)

Teen Pregnancy Prevention

- Personal Responsibility Education Program (PREP)
- Sexual Risk Avoidance Education (SRAE)

Early Hearing Detection and Intervention (EHDI)

Nevada Maternal Infant and Early Childhood Home Visiting (MIECHV) Program

Rape Prevention and Education (RPE) Program

Enhancing Reviews and Surveillance to Eliminate Maternal Mortality (ERASE MM)

Account for Family Planning (AFP)

Alliance for Innovation on Maternal Health (AIM)

## Title V MCH Program

Maternal and  
Infant Program  
(MIP)

Children and  
Youth with Special  
Health Care  
Needs (CYSHCN)

Adolescent Health  
and Wellness  
Program (AHWP)

Rape Prevention  
and Education  
(RPE) Program

MCH  
Epidemiology

Fiscal Staff

State Systems  
Development  
Initiative (SSDI)

# Title V MCH Services Block Grant Program

- The Social Security Act has provided funding for the Title V MCH Block Grant, administered by the Health Resources Services Administration (HRSA) since 1935
- Title V funds are distributed to grantees from 59 states and jurisdictions. This funding supports:
  - Access to quality health care for mothers and children, especially for people with low incomes and/or limited availability of care
  - Health promotion efforts that seek to reduce infant mortality and the incidence of preventable diseases
  - Access to comprehensive prenatal and postnatal care
  - Access to preventive and childcare services
  - Family-centered, community-based systems of coordinated care for children with special healthcare needs

# Children and Youth with Special Health Care Needs (CYSHCN) Program

## The CYSHCN Program:

- provides resources and support to community agencies serving children from birth to age 21
- provides population health services focused on funding community programs
- bridges service/referral gaps, linking families to appropriate resources and providers
- develops strategies to better serve children and families through a systems framework of federal, state, local community and family-based partners

# Children and Youth with Special Health Care Needs: Nevada Program

The CYSHCN Program (NV):

- Oversees the Nevada Medical Home Portal to improve children's care coordination in Nevada
- Manages the Critical Congenital Heart Disease (CCHD) Registry to screen newborns and collect data on CCHD
- The CYSHCN Program also collaborates with funded partners

# State Accountability

- To demonstrate the impacts of Title V on selected health outcomes, Title V states utilize a three-tiered performance framework:
  - **National Outcome Measures (NOMs)** represent the desired result of Title V program activities and interventions. These measures for improved health are longer-term
  - **National Performance Measures (NPMs)** are intended to drive improved outcomes relative to one or more indicators of health status (i.e. NOMs) for the MCH population
  - **Evidence Based Strategy Measures (ESMs)** are intended to hold states accountable for improving quality and performance related to the NPMs and related public health issues. They help more directly measure the impact of specific strategies on the NPMs

# Data on Title V Population Domains

All data comes from Title V Federally Available Data, presented in a Power BI Data Dashboard [here](#).

## Nevada Maternal, Child, and Adolescent Health Data Overview Federally Available Data

Maternal Health

Perinatal/Infant Health

Child Health

Children & Youth With Special Health Care Needs

Adolescent Health

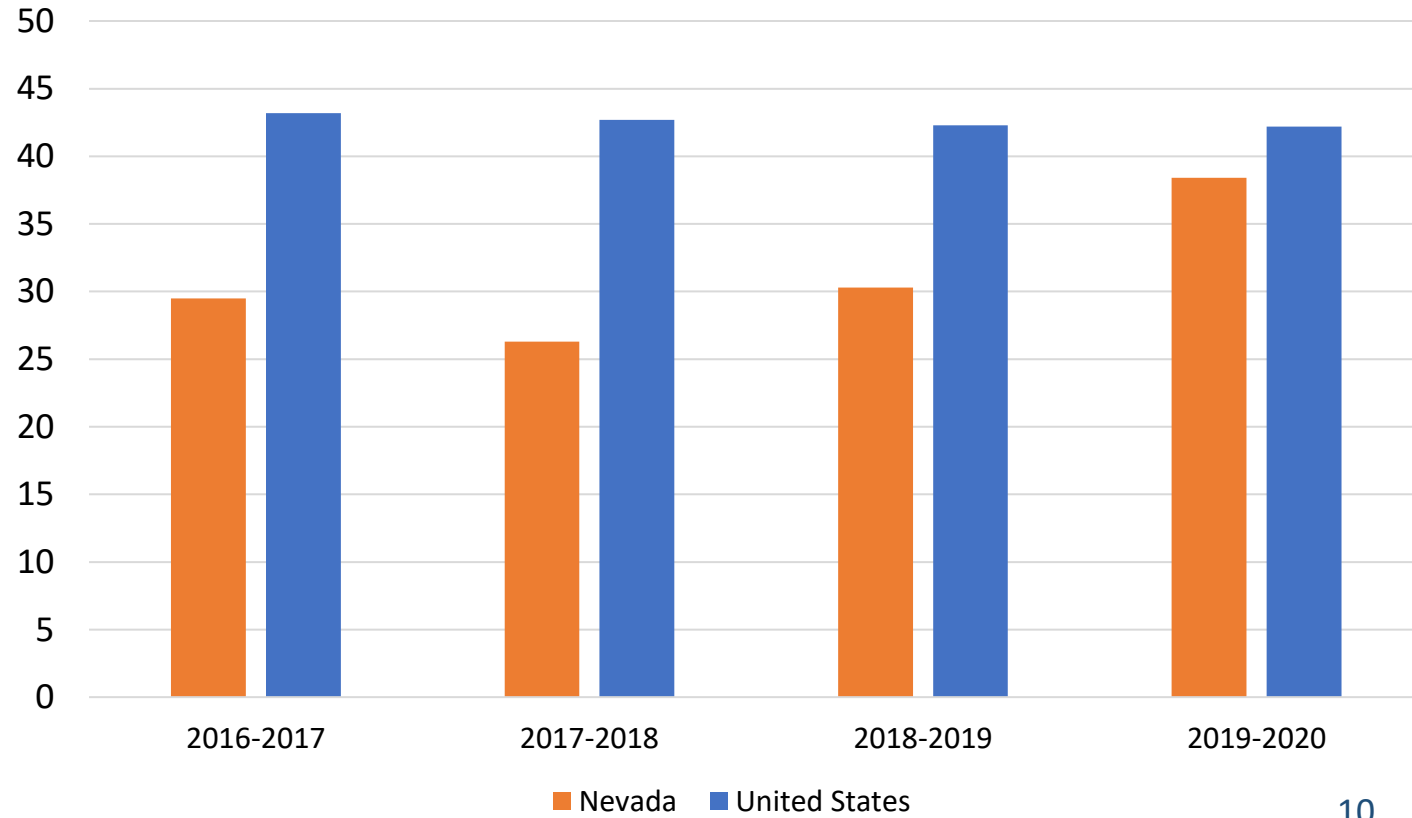

Cross Cutting/Systems Building Measures

## NPM 11: Percent of children with special health care needs, ages 0 through 17, who have a medical home

10

*Data Source: National Survey of Children's Health (NSCH)*

<b>Percent of children with special health care needs, ages 0 through 17, who have a medical home</b>				
	<b>2016-2017</b>	<b>2017-2018</b>	<b>2018-2019</b>	<b>2019-2020</b>
<b>Nevada</b>	29.5	26.3	30.3	38.4
<b>United States</b>	43.2	42.7	42.3	42.2
<b>NV % Change 2016/2017 to 2019/2020</b>	<b>30.2%</b>			
<b>NV Ranking</b>	<b>44<sup>th</sup></b>			

# Funded Community Partners

**The Family Navigation Network**, located within the Nevada Center for Excellence in Disabilities, is a funded partner providing health care support and connection to community resources for CYSHCN, their families, and the professionals who serve them.

<https://www.unr.edu/nced/projects/family-navigation-network>

Family Navigation Network staffs a hotline where both English and Spanish speaking callers can have questions answered.

**Phone: 833-427-1673**

Family Navigation Network also features an online intake form if preferred:

<https://unr-vbepl.formstack.com/forms/familytofamily>

# Medical Home Portal

The screenshot shows the top navigation bar of the Medical Home Portal. On the left is the 'Medical Home Portal' logo with a Nevada state outline. Next to it is a dropdown menu for 'Nevada Directory' with 'NV' selected and the text 'NV is my home site'. To the right is a search bar labeled 'Search Medical Home Portal'. Further right is a 'Select Language' dropdown menu. At the bottom right of the navigation bar, it says 'Powered by Google Translate'. Below the navigation bar is a dark blue banner with the text 'Caring and Advocating for Children and Youth'. Underneath this banner are several buttons: 'Diagnoses & Conditions', 'Newborn Disorders', 'For Parents & Families', 'For Physicians & Professionals', 'NV Services Directory', and 'State Partner Projects'.

- **Medical Home Portal (MHP)** was created in early 2017 by University of Utah Department of Pediatrics (UUDP)
- MHP provides information, resources, local referrals to families, service and care coordinators serving Children
- Over 4,000 local and national service providers in the Nevada directory  
<https://nv.medicalhomeport>

# Medical Home Portal Cont.

- Nevada 2-1-1 serves as the source of referral information for community and professional service providers serving the CYSHCN population
- Data from Nevada 2-1-1 is exported to UUDP quarterly
- UUDP makes data available to the CYSHCN Program Coordinator
  - Also improve MHP site (new features, reorganization, etc.)
- CYSHCN Program Coordinator prepares data for presentation on MHP
  - Chooses what referral information to upload and how its categorized
  - Cleans the data, if necessary (duplication, incorrect listings, etc.)
