Top 5 Recommendations

ID	Recommendation	Number of Respondents
6.1	Increase the number and quality of behavioral health professionals in Nevada	8
1.2	Improve screening, assessment, and referral services for at-risk populations	4
1.3	Support earlier access to prevention and early intervention services	4
1.4	Increase community-based services across the system of care	4
3.1	Provide community-based intervention and support to address trauma and prevent incarceration	4

All Recommendations

ID	Recommendation	Number of Respondents
6.1	Increase the number and quality of behavioral health professionals in Nevada	8
1.2	Improve screening, assessment, and referral services for at-risk populations	4
1.3	Support earlier access to prevention and early intervention services	4
1.4	Increase community-based services across the system of care	4
3.1	Provide community-based intervention and support to address trauma and prevent incarceration	4
4.2	Prioritize community-based strategies and solutions that enhance the system of care	4
4.3	Improve discharge planning and transition support	4
6.2	Remove barriers to behavioral health professional licensure and certification	4
2.1	Provide behavioral health services in primary care and non-traditional settings	3
2.2	Enhance collaboration between behavioral health and other systems of care	3
3.3	Work in partnership with the courts	3
1.1	Design, disseminate and support prevention-focused information and services	2
1.5	Improve crisis management response and resources	2
2.3	Increase community-based services to develop a comprehensive system of care	2
4.1	Build capacity to ensure a safe and stable living environment	2
4.4	Promote a peer recovery approach with family support	2
5.1	Strengthen communication and coordination with technology	2
5.3	Develop standards of data collection for performance measures and continuity across systems	2
3.2	Provide community-based treatment and supportive services upon release	1
5.2	Improve system capacity and quality using existing technology resources	1
6.3	Improve retention of behavioral health professionals in Nevada's workforce	0

Strategy Scores

Strategies	Average Scores
