

**CONFIDENTIAL**  
**HAvBED/Communicator NXT! (NVHAN)**

**PURPOSE: (CONFIDENTIAL):** The data below is used to enroll State of Nevada employees, health care professionals, first responders/Police/Fire, or critical infrastructure into the Nevada Health Alert Network (NVHAN) (HAvBED or Communicator NXT!). This system is designed to alert staff during emergent events in the western region of the United States. This digital system is extremely fast and contacts staff via computer within seconds. For your information: All data collected is strictly protected and never released without written permission from the System Administrators, or authorized representative. Access to the NVHAN is strictly controlled, and limited to the highest levels of leadership. Unauthorized disclosure may subject the person to criminal prosecution by the Nevada Attorney General's Office.

System Administrators Point of Contact:
