Department of Health and Human Services

Helping people. It's who we are and what we do.

Background Information

- Began in 1999 under the Nevada Revised Statute (NRS)439.620
- Utilize 60% of tobacco settlements received/recovered by the state of Nevada
- The 2013 Legislature declared this statute to fund programs that address the health and wellness of Nevadans & children's health
- The Grants Management Advisory Committee (GMAC) began a statewide community needs assessment every other year to determine funding priorities
- Total fund amount: \$2 million Annually

Annual Report of FHN

- Each partner provided individuals and families with food to meet their immediate needs and help them find long-term solutions such as enrollment in federal benefit programs, employment, and housing opportunities.
- The distribution was focused on fresh food and standard non-perishables to help supply protein throughout the state while developing collaborative partnerships among these organizations
- Overall, the Grants Management Unit (GMU) distributed \$3,999,844 to 11 agencies to promote food security programs for SFY22-23
- This annual report only covers year 1 of the grant for SFY22
 - July 1, 2021, to June 30, 2022
 - Award amount of \$1,999,922
- Each partner was required to submit quarterly reports
 - Data Reports (demographics, pounds of food distributed, and client food security survey)
 - Narrative (successes, barriers, and outstanding items)

Barriers of FHN Partners

- Effects of the COVID-19 pandemic that impacted their organization's processes and supply chain
 - Shelf-stable foods, refrigeration units, and/or storage necessities were limited or obsolete throughout this time
- The lack of volunteers for all organizations, big and small
- Data Collection
 - The difference between race and ethnicity
 - **Race** includes White, Black, Asian, American Indian (AI) or Alaskan Native (AN), Native Hawaiian (NH) or Pacific Islander (PI), multi-racial, and other.
 - **Ethnicity** describes whether an individual is Hispanic or Non-Hispanic
 - Underreported Data
 - Categorized when a demographic has over 20% of 'No Answer' due to nondisclosure from clients
