Opportunity Summary: Section I

This Request for Applications (RFA) is for competitive proposals to be funded through the Revolving Account for the Prevention and Treatment of Problem Gambling for State Fiscal Years (SFY) 2022 and 2023. This RFA is published and administered by the Bureau of Behavior Health Wellness and Prevention (BHWP) Department of Public and Behavioral Health (DPBH). **This is a competitive process. Current grantees are not guaranteed funding in SFY2022 & SFY2023 and applicants who receive awards through this RFA are not guaranteed future funding.**

1.1 BACKGROUND

Nevada is viewed throughout the world as a leader in the casino and gaming sector with regards to regulation, technology, business strategies, and sophistication of its gaming companies. In the same manner, Nevada has sought to develop systems to reduce gambling-related harms by addressing problem gambling and developing strategies that encourage responsible gaming.

In 2005, the Nevada State Legislature passed Senate Bill 357 to create the Revolving Account for the Prevention and Treatment of Problem Gambling and an Advisory Committee on Problem Gambling (ACPG) to advise the Bureau of Behavioral Health Wellness and Prevention (BHWP) in its administration of this account. At the time this Request for Applications (RFA) was written, Nevada Revised Statute (NRS) Chapter 458A, entitled “Prevention and Treatment of Problem Gambling” provided the program structure and funding mechanisms for the Revolving Account to Support Programs for the Prevention and Treatment of Problem Gambling.

Problem Gambling Treatment in Nevada is aligned with the Nevada DHHS Problem Gambling Services Strategic Plan (Strategic Plan) cooperatively developed in SFY 2021 by BHWP staff, a contracted technical expert, members of the ACPG, problem gambling grantees, and other stakeholders. The Strategic Plan includes goals followed by a brief description of ongoing activities and lists of enhancement activities intended to achieve the stated goal. The Provider Manual, developed in conjunction with the Strategic Plan, delineates requirements that must be met by agencies and individual providers who wish to provide problem gambling treatment services funded by the Revolving Account for the Prevention and Treatment of Problem Gambling. At the time this RFA was written, the Strategic Plan and Provider Manual were delineated as version 0, signifying the documents as drafts subject to be revised based on the outcome of the 2021 legislative session and additional input from stakeholders. The version that will go into effect at the beginning of SFY2022, version 1.0, is anticipated to be released in May of 2021 and closely resemble the current draft, version 0.

Applicants to this RFA are advised to closely read and understand all the conditions described within the Provider Manual. The Provider Manual identifies BHWP Problem Gambling Services administrative and professional policies, procedures, guidelines, and other information aimed at ensuring public safety, program efficiency, and service efficacy. The Strategic Plan and Provider Manual may be viewed online:

[http://dphh.nv.gov/Programs/ProblemGambling/Problem_Gambling_Services_\(PGS\)/](http://dphh.nv.gov/Programs/ProblemGambling/Problem_Gambling_Services_(PGS)/)

For purposes of this RFA, applicants are asked to describe their service proposal based on the Strategic Plan and Provider Manual. However, applicants should keep in mind the Strategic Plan and Provider Manual are considered living documents, thereby are reviewed, and updated to meet emerging needs. When these documents are updated, a collaborative process is undertaken with discussion and input solicited from the ACPG, grantees, and other stakeholders.

1.2 AVAILABLE FUNDING

Projected available funding for Problem Gambling Treatment Services is approximately \$1,000,000 annually for SFY2022 and SFY2023. Additional monies may be placed in reserves and made available each fiscal year for program needs such as contract budget adjustments based on factors that include higher than projected treatment encounter billing and/or other emerging needs. These projections are subject to the availability of funds as well as all changes made by the 2021 Nevada Legislature during the state budgeting process. If changes occur during this RFAs open period, an amendment to this RFA will be published.

1.3 GRANT PERIOD

Awards made under this RFA are intended to span two State Fiscal Years – 2022 and 2023. This is a two-year award beginning July 1, 2021 and end June 30, 2023. All awards are subject to funding availability and contingent on grantee performance over the two-year course of the grant.

1.4 PURPOSE OF FUNDING

The purpose of the funding is to support a network of effective and efficient problem gambling treatment programs in Nevada, to reduce the occurrence and impact of problem gambling on individuals, families, and communities. Problem Gambling Treatment is defined as the application of counseling to reduce or eliminate symptoms related to problem gambling. Treatment must be administered by a Certified Problem Gambling Counselor (CPGC) or Certified Problem Gambling Counselor Intern (CPGC-I) approved by the Nevada Board of Examiners for Alcohol, Drug and Gambling Counselors, and may include:

- Inpatient and/or outpatient services;
- Individual, group therapy, family therapy, and psycho-educational groups;
- Peer delivered recovery support services.

Successful applicants who receive grant funds to provide Treatment Services **must** comply with all standards and provisions detailed in the Nevada DHHS Problem Gambling Treatment Provider Manual.

- Appendix A: DHHS Problem Gambling Treatment Provider Guide (pages 4-8)
 - Exhibit 1: Residential Gambling Treatment Provider Standards (page 13)
 - Exhibit 2: Gambling Treatment Provider Standards (pages 14-23)
 - Exhibit 3: Encounter Data Reporting Requirements (pages 24-26)
 - Exhibit 4: Nevada DHHS Problem Gambling Services Procedure Codes and Reimbursement Rates (pages 27-32)
 - Exhibit 5: Problem Gambling Treatment Benefit Extension Request Form (pages 33-35)
 - Exhibit 6: Nevada Telehealth Counseling Policy Statement/Guidelines (pages 36-38)

The standards and provisions detailed in the Nevada DHHS Problem Gambling Treatment Provider Manual are subject to change during the grant period. If changes are made, those would most likely be to add service codes, revise data reporting requirements, or provide additional details for clarifying clauses or conditions.

1.5 REIMBURSEMENT METHOD

All applicants whose proposals are funded will be reimbursed for treatment services based on a fee-for-service system described within the Provider Manual. Encounter Data Reporting Requirements are detailed in Exhibit 3 (pages 24-26) and the Procedure Codes and Reimbursement Rates in Exhibit 4 of the Provider Manual (pages 27-32). As the Provider Manual is conceptualized as a living document, where revisions are made meet emerging needs, the details in the Provider Manual are subject to change. As a general practice, changes made to the Provider Manual are accomplished through a collaborative process with grantees and the ACPG.

1.6 REPORTING AND OTHER REQUIREMENTS

All applicants whose proposals are funded will be required to report as described in the Provider Manual and may also be required to submit to the BHWP quarterly progress reports based on approved outcome measures no later than 15 days following the end of each quarter.

All subrecipients providing direct services to clients are required to submit organizational and service information to Nevada 2-1-1 and to update that information annually. Proof of submission and/or updates will be required within the first 60 days. Further, successful applicants will be required to provide and update the Nevada Council on Problem Gambling with information relevant to listing gambling treatment services on the Nevada Problem Gambling Helpline, a service provided by the Nevada Council on Problem Gambling.

1.7 ELIGIBILITY

All nonprofit and public agencies (including state, local and tribal governmental agencies, universities and community colleges) and for-profit agencies can apply if (a) they will be able to meet the provider qualifications and standards described in the Problem Gambling Treatment Services Provider Manual; (b) will be able to provides services that address one or more of the funding priorities described in this RFA; and (c) currently or within 12-months will be able to utilize Medicaid funding, where allowable, for Medicaid eligible clients. Because the purpose of this RFA is to develop a network of gambling treatment providers that are geographically distributed according to need, awardees must agree to continue to provide gambling treatment services at the location described in their application throughout the grant period, unless Department pre-approval for relocation is obtained.

1.8 EXPLANATION OF COMPETITIVE PROCESS

This is a competitive grant solicitation process structured to meet accepted industry standards. It is inappropriate for applicants to attempt to influence the outcome in any manner other than by submitting a strong proposal. Transparency and respect of the process are essential for a fair result.

1.9 USE OF THE TERMS APPLICATION, PROPOSAL AND REQUEST

Throughout this document, the words “application” and “proposal” may be used interchangeably. Both refer to the documents that applicants will submit to support funding for their projects. In this section, a distinction is made between those documents and the point at which the documents become a qualified “request.”

Application Process: Section II

2.1 APPLICATION QUESTIONS AND ANSWERS

Substantive questions about the application may be requested via e-mail to k.garcia@health.nv.gov through **Wednesday, April 14, 2021**, and will be posted to the BHWP website [http://dpbh.nv.gov/Programs/ProblemGambling/Problem_Gambling_Services_\(PGS\)](http://dpbh.nv.gov/Programs/ProblemGambling/Problem_Gambling_Services_(PGS)) with responses, by Wednesday, April 21, 2021. The Q&A will remain on the website through the end of the application period. **After, Wednesday, April 14, 2021, no substantive questions about the application will be answered.**

Technical questions about the application submittal process may be directed via e-mail at k.garcia@health.nv.gov or via telephone at (775) 443-8106 throughout the application period. Applicants are advised not to wait until the deadline to ask submittal questions since the BHWP cannot guarantee immediate response and applications submitted after the published deadline will be disqualified.

2.2 EVALUATION AND AWARD PROCESS

Proposals received by the published deadline of **Wednesday, April 28, 2021 at 5:00pm** will be reviewed in a three-step process.

1. Staff from the BHWP will review applications to ensure that minimum standards are met. Applications **may** be disqualified if they:
 - Are missing any fundamental elements (unanswered questions, required attachments);
 - Do not meet the intent of the RFA;
 - Are submitted by an entity that is financially unstable as evidenced by information gleaned from the fiscal management checklist and required fiscal documents; or
 - Are submitted by an entity whose key personnel were associated with a past DHHS funded problem gambling treatment provider who were notified of non-compliance in meeting Department standards and failed to successfully implement corrective actions.
2. Applications that meet minimum standards will be forwarded to a review team composed of BHWP staff and business associates. Reviewers will score each application, using the Scoring Matrix in [Appendix A](#) of this document, and develop preliminary funding recommendations for consideration by the Advisory Council on Problem Gambling (ACPG).

Award recommendations will be based on a combination of reviewer scores, geographic distribution of applicants, and geographic distribution of proposed services including service type and populations served. Funding awards for applicants who are SFY20-21 Nevada Problem Gambling Treatment grantees will be determined based on an allocation formula developed by BHWP and Problem Gambling contracted technical expert (see [Appendix B: Funding Formula for Current Grantees](#)).

3. In a public meeting scheduled for **Thursday, May 27, 2021** ACPG members without a conflict of interest will discuss results of the reviews, funding recommendations prepared by the review team, and the performance of current or past grantees. ACPG members with a conflict of interest (i.e., members who have applied for funding or have an affiliation with an applicant agency) will be excused from Step 3 of the process. After the committee discussion, the ACPG will recommend applicants for funding to the BHWP. No specific grant award amounts will be recommended. At this time, the ACPG may also recommend changes in an applicant's service plan to address concerns brought forward during the reviews.

Final funding decisions will be made by the BHWP Bureau Health Chief based on the following factors.

- Consideration of the recommendations of the ACPG
- BHWP review team scores and comments
- Reasonable geographic distribution of available funds within the Revolving Account for the Prevention and Treatment of Problem Gambling
- Conflicts or redundancy with other federal, state or locally funded programs, or supplanting (substitution) of existing funding
- Availability of funding

Applicants not selected for an award may submit a complaint according to details found in Appendix E. **For applicants who are selected for an award, funding decisions made by the BHWP Bureau Health Chief are final. There is no appeals process.**

Applicants will be notified of their status after the BHWP Bureau Health Chief decisions have been made. BHWP staff will conduct negotiations with the applicants recommended for funding. During these negotiations, any specific issues identified by the ACPG, BHWP, or the BHWP Bureau Health Chief will be addressed. These issues may include, but are not limited to:

- Revisions to the Scope of Work
- Revisions to outcomes
- Enactment of Special Conditions (e.g., certain fiscal controls, more stringent performance requirements, more frequent reviews)

Not all applicants who submit a qualifying proposal or are contacted for final negotiations will necessarily receive an award. All questions and concerns must be resolved before a grant will be awarded. Upon successful conclusion of negotiations, BHWP staff will complete and distribute to grantees the Notice of Sub Award (NOSA), General Conditions and Grant Assurances, and Grant Instructions and Requirements (GIRS).

Awards will be based on a “not to exceed” grant amount that may be increased or decreased during the grant year, depending on utilization patterns of all treatment grantees and other conditions as detailed in the Provider Manual, Section IV.A.20 (page 9).

BHWP is not responsible for any costs incurred in the preparation of the application. All applications become the property of BHWP. BHWP, in coordination with the ACPG, reserves the right to accept or reject any or all applications. Projects awarded funding are those deemed to be in the best interest of the people of the State of Nevada.

ALL FUNDING IS CONTINGENT UPON AVAILABILITY OF FUNDS.

2.3 AWARD OVERVIEW TIMELINE

	Applications for Problem Gambling Programs
Friday April 2, 2021	Publish Request for Applications (RFA)
Wednesday, April 14, 2021	Deadline for submission of substantive questions about RFA
Wednesday, April 21, 2021	BHWP posts final Q & A for RFA on website
Wednesday, April 28, 2021 5:00 pm	Deadline for submission of applications
Friday April 30, 2021	Applications are forwarded to reviewers
Friday, May 14, 2021	Reviewers return results of evaluations to BHWP
Friday May 21, 2021	BHWP staff provides ACPG with results of reviews and recommendations
Thursday, May 27, 2021	ACPG Meeting- BHWP staff award recommendations and committee discussion
Wednesday June 3, 2021	BHWP Health Bureau Chief makes final funding decisions
Thursday, June 4, 2021 – Wednesday, June 30, 2021	BHWP staff conducts final negotiations with funded agencies and issues grant awards
Thursday July 1, 2021	Effective date for funds awarded to agencies

2.4 NOTIFICATION AND AWARD PROCESS

Applicants will be notified of their status with a Letter of Intent after decisions have been made in June 2021.

BHWP staff will conduct negotiations with the applicants regarding the recommendation for funding to address any specific issues identified by the BHWP, ACPG, or review panel. All

related issues must be resolved before a grant will be awarded. These issues may include, but are not limited to:

- Revisions to the project budget;
- Revisions to the Scope of Work; and/or
- Enactment of Special Conditions (e.g., certain fiscal controls, more stringent performance requirements or more frequent reviews).
- If not currently eligible to bill Medicaid, an approved plan to utilize Medicaid funds to support gambling treatment for Medicaid eligible clients.

Upon successful conclusion of negotiations, BHWP staff will complete a written grant agreement in the form of a Notice of Subaward (NOSA). The NOSA documents and Grant Instructions and Requirements (GIRs) will be distributed to the subrecipient upon approval of the subaward.

2.5 UPON APPROVAL OF AWARD

A. Monthly Financial Status and Request for Funds Report filing

BHWP requires the awardees of this RFA to submit individual-level service delivery activity (encounter data) each month as detailed in the Provider Manual, under Exhibit 3.

The data collection process is intended to create as minimal a burden on Providers as possible, while creating a sound documentation trail for necessary fiscal auditing that will occur at least once each year for all Providers. The system is designed to provide optimal flexibility for Providers to facilitate minimum changes to local procedures. All Providers will be required to comply with BHWP procedures for HIPAA compliance.

On the date this RFA was released, the UNLV International Gaming Institute was the BHWP designee to manage the encounter data collection process. Should a different entity be designated in the future, BHWP will amend the Provider Manual and communicate the change to Providers.

The UNLV International Gaming Institute has created an online data management system, to submit intake, encounter, and discharge data electronically, for use by all Providers. Data entry must be completed monthly by Providers in order to receive compensation for services provided. Please note that the claims reporting, review, and payment process may result in payment for a given service taking up to 90 days post-service.

B. Performance Report

Applicants who receive an award must collaborate with BHWP in completing the “Scope of Work” form (see Appendix D) and reporting quarterly on progress in meeting the deliverables as described on this form. Additionally, other performance reports may be requested as instructed by BHWP. Quarterly progress reports will be due by the 15th of the month following the end of the reporting quarter. Failure to meet defined performance standards may result in corrective actions, funding reductions, and/or loss of grant award.

C. Recipient Monitoring

Approximately once per year, BHWP Problem Gambling Service staff and/or their designees, will conduct a problem gambling treatment program review that will include an audit of at least one month of encounter claims and a sampling of client file reviews. The purpose of the program review is to ensure recipients are knowledgeable and compliant with the conditions of the grant award, including the most current Problem Gambling Treatment Services Provider Manual. Gambling treatment grant recipients must make reasonable accommodations for DBWP to conduct program reviews. Recipients are not reimbursed for their time in preparing for and meeting with BHWP staff during program reviews, which may take up to 8 hours per program review.

D. Compliance with Changes to Federal and State Laws

As federal and state laws change and affect either the DBPH process or the requirements of recipients, successful applicants will be required to respond to and adhere to all new regulations and requirements.

E. Nevada 2-1-1 and the Nevada Problem Gambling Helpline

All successful applicants will be required to add or update their agency’s profile on Nevada’s 2-1-1 website located at www.nevada211.org within 60 days after receiving notification of award and provide verification of enrollment. Nevada 2-1-1 is a statewide resource for individuals looking for assistance, services, and programs. Further, successful applicants will be required to provide and update the Nevada Council on Problem Gambling with information relevant to listing gambling treatment services on the Nevada Problem Gambling Helpline, a service provided by the Nevada Council on Problem Gambling.

Application: Section III

3.1 APPLICATION INSTRUCTIONS

- A. Completed application are due no later than **Wednesday, April 28, 2021, by 5:00 PM**. Application must be submitted online by emailing all required documents in a single email to k.garcia@health.nv.gov In the subject line of the email place the RFA title, "Problem Gambling Treatment RFA Response from [name of applicant]".

If a single email is too large to be accepted for transmittal or delivery by an email system used in the transmittal of the application then more than one email may be sent by indicating in the email subject line that the application has been emailed in parts (e.g., "Part 1 of 3").

If you do not receive an acknowledgement of application receipt with 72 hours, please contact Kim Garcia via e-mail at k.garcia@health.nv.gov or via telephone at (775) 443-8106.

- B. A complete application will require the following list of items to be included in the proposal. **Convert all items into PDF document format:**

- Application Form / Description of Applicant Organization
- Service Description / Proposal Narrative (*15-page max for outpatient, 17-page max for combined outpatient and residential treatment, 1.0" margins, 11-pt Arial font*)
- Completed Scope of Work Form located in Appendix D
- Subrecipient Questionnaire
- Proof of agency liability insurance
- Proof of workers' compensation insurance
- Most recent Single Audit and Management Letter (if agency receives more than \$750,000 annually in federal funds) OR most recent year-end financial statements (if federal audit is not applicable.)
- Copy of treatment clinician(s) licenses, certifications, and resumes
- As applicable, copy of agency's IRS 501(c)(3) Letter of Determination
- As applicable, Letters of Agreement or Memorandums of Understanding
- As applicable, Draft Agreements with Sub-awardees
- As applicable, Board of Directors or Other Governing Board Roster, including member affiliations and terms of office
- As applicable, copy of agency licenses and certifications

- C. There is no option to attach unsolicited materials to the online application. Any unsolicited materials mailed, delivered, or e-mailed to BHWP will **not** be accepted. This includes support letters, cover pages, cover letters, brochures, newspaper clippings, photographs, media materials, etc.
- D. Complete the Application Checklist located in Appendix C prior to scanning/submitting. The Application Checklist is for the benefit of the applicants and is not required to be included in the submission packet.
- E. Once the application is submitted, no corrections or adjustments may be made prior to the negotiation period.

3.2 APPLICATION FORM

Note: A completed Application Form is mandatory. If the Application Form is not completed in full the application may be rejected or for minor deficiencies may receive a 5-point reduction in the scoring total.

Instructions: Complete each item. Add extra rows if more space is needed to provide complete response.

A. Organization Type For-Profit 501(c)(3) Nonprofit Government Agency

B. Geographic Area of Service (list all locations where in-person services will be provided)

3.3 PROPOSAL NARRATIVE

Instructions: Content defined in this section must be submitted by each applicant. The applicant is limited to a total of 15 pages for applicants proposing outpatient gambling treatment services and 17 pages for applicants proposing both outpatient and residential gambling treatment services. Pages must be formatted to use 1.0" margins and 11-point Arial font. The page limits exclude the Application Form (3.2) and attachments required under section 3.1.

Refer to the Nevada Problem Gambling Treatment Services Provider Manual for details about provider standards and expectations. Note only those treatment services with a code and rate within Exhibit 4 of the Provider Manual are eligible for reimbursement with these funds then answer the following questions.

I: Executive Summary (0 points)

Provide an overview of the proposed program or project.

II: Services Provided (40 points)

(a) Describe the services you will provide that fit within the “Treatment” and “Recovery” components of the Behavioral Health Continuum of Care (described on pages 14-15 of the Strategic Plan). Describe specific recovery support services and care coordination elements within your proposed program.

(b) Describe your treatment models and methods. Include details about how you develop a treatment plan.

(c) Describe how your proposed models and methods correspond or differ with the Strategic Plan’s Guiding Principles (Section III.B.).

(d) Describe measures to assure screening, assessment, and treatment or referral for possible co-occurring substance use disorders, mental health disorders, or physical health issues.

(e) If you plan to provide multiple levels of care, estimate the percentage of your clients whose primary course of problem gambling treatment will consist of ASAM Level I outpatient care, ASAM Level II intensive outpatient care, and ASAM Level III residential treatment. For residential treatment applicants, estimate the percentage of your clients who will receive a combination of inpatient and outpatient treatment at your facility. For more information on ASAM levels of care see: <https://www.asam.org/asam-criteria/about>

(f) Complete Appendix D, Scope of Work, and attach to the application.

Note, successful applicants will have the opportunity to revise the proposed Scope of Work if (a) there are discrepancies between funding requested and funding awarded or (b) at the request of DHHS or (c) at the request of the grantee with DHHS approval.

(g) For Residential Treatment Providers Only: If funding constraints allow for only one residential treatment program through this Request for Applications, and your organization is that program, how will you market your services, how will you facilitate transportation to and from your program, and what measures will you take to facilitate a smooth step-down transition from residential treatment to the client's local treatment or support resources?

III: Population to be Served (15 points)

(a) What geographical area will you serve? Provide the address of all the locations where your program will be staffed by a CPGC or CPGC-I. Indicate whether you will be providing statewide services and if so, explain how. Describe your primary treatment catchment area (Where do you expect most of your clients will come from?), include information about this area such as demographics of the area. As the Las Vegas Metro area is large and populous, if your program is based in the Las Vegas area describe what regions within the metro area you anticipate will form your client base.

(b) Provide a statement of need for the catchment area you propose to serve including current gambling treatment availability and any gaps you propose to fill within the proposed program's catchment area.

(c) Do you plan to target any special populations (e.g., veterans, seniors, traditionally underserved ethnic populations, persons with disabilities, youth)? If so, describe the populations and specific efforts and resources/partners that suggest those efforts will be successful. What led you to target your services in this manner?

IV: Organization and Staff (20 points)

(a) Provide an overview of your organization. How long have you been in business? How has the organization grown through the years? Is there a business plan in place?

(b) Provide a list of key staff members including the executive director, program manager, fiscal manager and program staff. For counselors, indicate whether they are a Certified Problem Gambling Counselor, Certified Problem Gambling Counselor Intern (CPGC-I), or hold other certifications, licensures, credentials, or experience that demonstrates their ability to succeed as a treating clinician for individuals with gambling disorders. If you intend to utilize peer recovery support services, describe your vision for how peer recovery support services will be incorporated into your program. For all staff, indicate the length of time they have worked in the problem gambling field and for the organization.

(c) To what extent will you use CPGC-I(s) in the provision of service to State subsidized clients? If you will use CPGC-I(s), describe the supervision they will receive.

(d) Does your organization hold any certifications, licenses, or letters of approval as a treatment agency? If so, please provide details. Has your organization ever had disciplinary or legal action taken against it for ethical, legal, or contract violations? If so, please explain.

(e) Provide any additional details about your organization that you believe adds to its credibility as a viable candidate to provide state support gambling treatment services.

V: Support of DHHS Problem Gambling Services 2022 & 2023 Strategic Plan’s Treatment System Goals and Enhancement Activities (15 points)

The Strategic Plan includes a section on “Goals, Activities, Enhancements” (Section IV) including a section under the heading “Treatment System” (p. 26). The following questions reflect upon these system goals.

(a) What steps would you take to increase problem gambling treatment enrollments by no less than 10% each year?

(b) What steps will you take to meet defined performance standards within the Provider Manual (refer to Page 6 of the Provider Manual for a description of the gambling treatment provider performance standards)? Provide any data or information that supports your ability to meet these standards.

(c) Describe how you will incorporate the “Add-on” procedure codes and rates listed under Exhibit 4 of the Provider Manual (page 29-30).

VI: Funding Request (10 points)

(a) For Current Grantees: Funding for treatment will be allocated based on a formula developed by the BHWP staff and used in previous years (See Appendix B of the RFA.) Apply this allocation formula by completing the table below for your agency. If you do not have the data available, request the information from your DHHS grant administrator.

Draws from July 2019 through June 2020*	Performance Rating Adjustment** (7/7 performance standards = 10% increase, 6/7 = 5%, 5/7 = 0%, 4/7 = (-10%), 3/7= (-20%)	Projected Need for FY22 Award***

**SFY2020 encounter claims data will be utilized in the funding formula for FY2022 as funding level and environmental conditions in SFY2020 are believed to more closely approximate FY2022 conditions than utilizing FY2021 data.*

***Performance rating adjustment based on SFY2020 findings as reported in the UNLV International Gaming Institute, Nevada Problem Gambling Study, Annual Report, Fiscal Year 2020.*

****This formula will be used to provide beginning of the year allocations. At least one adjustment each fiscal year will be made to best match available funding with updated grantee claims data. Allocation adjustments may increase or decrease award amounts over the course of the grant period based on grantee claim totals, systemwide claim totals, and available funding.*

(a) For New Applicants / Applicants who are Not a Current Grantee: Sharing principles with the funding formula for current grantees, new applicants must base their funding requests on two primary factors; projected number of clients to be served and average cost per problem gambler treatment episode. To calculate funding request, complete the below table:

Funding Request Formula: Applicants who were not gambling treatment grantees in SFY2021

Enrollment Category	Projected Number of Enrollments in SFY 2022	Average Case Cost	Total
Outpatient Gambling Treatment		\$1,297	
Outpatient Concerned Other		\$840	
Residential Gambling Treatment		\$2,826	
Total Funds Requested			

Note: Average case cost based on actual data from SFY2020 and were calculated from all enrollments including those who left treatment against staff advice and successful completers.

Provide a detailed justification for the projected number of clients to be served and how that projection was formulated including assumptions. Cite any applicable historical data, research, or other supporting information.

(b) All Applicants: Grantees are encouraged to support their problem gambling treatment services from multiple funding streams including Medicaid, private insurance, charitable fund raising, corporate sponsorship, etc. List sources of income, financial support, donated services, or any collaborative projects your organization is engaged in, that will help sustain and grow services for problem gamblers and their concerned others should funding from this RFA’s resulting grants be insufficient to meet treatment demand or other identified needs.

APPENDIX A: PROBLEM GAMBLING TREATMENT SERVICES SCORING MATRIX

Accepted proposals will be evaluated based on the following criteria:

- A. All parts of each section are included and addressed.
- B. Descriptions and detail are clear, organized and understandable.
- C. Descriptions are responsive to the intent of the RFA objectives.
- D. The overall ability of the applicant, as judged by the evaluation committee, to successfully provide services in accordance with the Problem Gambling Prevention Guidelines.
- E. Proposals with an average score lower than 60 may be excluded from further consideration.

Points will be assigned for each item listed as follows:

80% - 100% of Maximum Points: Applicant’s proposal or capability is superior and exceeds expectations for this criterion.

60% - 79% of Maximum Points: Applicant’s proposal or capability is satisfactory and meets expectations for this criterion.

40% - 59% of Maximum Points: Applicant’s proposal or capability is unsatisfactory and contains numerous deficiencies for this criterion.

0 – 39% of Maximum Points: Applicant’s proposal or capability is not acceptable or applicable for this criterion.

The maximum points to be awarded for each proposal section are as follows:

Proposal Component	Potential Maximum Score
I. Executive Summary	Not Scored
II. Services Proposed/ Program Description	40
III. Population to be Served	15
IV. Organization and Program Staff	20
V. Support of DHHS Problem Gambling Services 2022 & 2023 Strategic Plan’s Treatment System Goals and Enhancement Activities	15
VI. Funding Request	10
Total*	100

**A completed Application Form (Section 3.2) is mandatory. If the Application Form is not completed in full the application may be rejected or for minor deficiencies may receive a 5-point reduction in the scoring total.*

APPENDIX B: FUNDING FORMULA FOR CURRENT GRANTEES

Problem Gambling Treatment Funding Awards for SFY2022 Based on Draws in SFY20

Draws from July 2019 through June 2020*	Performance Rating Adjustment** (7/7 performance standards = 10% increase, 6/7 = 5%, 5/7 = 0%, 4/7 = (-10%), 3/7= (-20%)	Projected Need for FY22 Award***

BHWP Problem Gambling Treatment Grantee Performance Standards

Access: The amount of time between a problem gambling affected individual’s request for outpatient services and the first offered service appointment must be five business days or less for at least 90% of all individuals receiving services funded through this Agreement.

Retention: The percent of problem gambling affected individuals receiving services funded through this Agreement who actively engage in problem gambling treatment for at least 10 clinical contact sessions must not be less than 50%.

Successful Completion: The percent of all individuals receiving services funded through this Agreement who successfully complete treatment must not be less than 50%. A successful problem gambling treatment completion is defined as the individual’s: (a) achievement of at least 75% of short-term treatment goals, (b) completion of a continued wellness plan (i.e., relapse prevention plan), and (c) lack of engagement in problem gambling behaviors for at least 30 days prior to discharge from services.

Client Satisfaction: The percent of problem gambling affected individuals receiving services funded through this Agreement who complete a problem gambling client satisfaction survey would positively recommend the Provider to others must not be less than 85%.

Long-term Outcome: The percent of problem gambling affected individuals receiving services funded through this Agreement who successfully complete treatment whose responses to a problem gambling follow-up survey suggest maintained improvement at twelve months after intake must not be less than 50%.

Consent for Follow-Up Evaluation: The percentage of problem gambling affected individuals receiving services funded through this Agreement at each clinic consenting for follow-up evaluation should be no less than 80% of the average percentage of clients consenting system wide.

Documentation Accuracy: A comparison of documented clinical services provided within client files and client sign-in sheets with encounters entered the UNLV Problem Gambling Treatment Data Management System must have a correspondence rate of 95% or greater for any period of 28 consecutive calendar days or longer.

APPENDIX C: APPLICATION CHECKLIST

Complete this checklist prior to scanning/submitting.

Section I: Application Form

- All boxes are checked to indicate the correct answer.
- All fields are completed according to instructions.
- Certification is signed.

Section II: Narrative

- Section 3.3-I: Executive Summary*
- Section 3.3-II: Services Proposed/ Program Description*
- Section 3.3-III: Population to be Served*
- Section 3.3-IV: Organization and Program Staff*
- Section 3.3-VI: Support of DHHS Problem Gambling Services 2022 & 2023 Strategic Plan's Treatment System Goals and Enhancement Activities*
- Section 3.3-VI: Funding Request*
- Page limits have not been exceeded.
- Arial 11-point font has been retained.
- One-inch margins have been retained.

Application Submission

Include copies of the following:

- Completed Scope of Work Form located in Appendix D
- Subrecipient Questionnaire
- Proof of agency liability insurance
- Proof of workers' compensation insurance
- Most recent Single Audit and Management Letter (if agency receives more than \$750,000 annually in federal funds) OR most recent year-end financial statements (if federal audit is not applicable.)
- Copy of treatment clinician(s) licenses, certifications, and resumes
- As applicable, copy of agency's IRS 501(c)(3) Letter of Determination
- As applicable, Letters of Agreement or Memorandums of Understanding
- As applicable, Draft Agreements with Sub-awardees
- As applicable, Board of Directors or Other Governing Board Roster, including member affiliations and terms of office
- As applicable, copy of agency licenses and certifications
- A PDF will be emailed to K.GARCIA@HEALTH.NV.GOV with all required documentation no later than April 28, 2021 by 5pm.

APPENDIX D: SCOPE OF WORK FORM

Description of Services, Scope of Work and Deliverables

*Provide a brief summary of the project or its intent here. This section should be written in complete sentences.

*Please replace the XX with the number of individuals.

Scope of Work

Goal 1: Increase enrollments into gambling treatment services by 10% from the previous fiscal year.¹

<u>Objective</u>	<u>Activities</u>	<u>Due Date</u>	<u>Documentation Needed</u>
1. Enroll XX individuals with gambling disorder into treatment	1.	6/30/22	1. Encounter data reports
2. Enroll XX concerned others of gambling disordered individuals	2.	6/30/22	2. Encounter data reports

Goal 2: Provide recovery support services to XX individuals discharged from gambling treatment

<u>Objective</u>	<u>Activities</u>	<u>Due Date</u>	<u>Documentation Needed</u>
1. Provide aftercare encounter billing for XX individuals	1.	6/30/22	1. Encounter data reports

Goal 3: Meet all the Performance Standards as described in the DHHS Problem Gambling Treatment Services Provider Manual (p.6)

¹ To better standardize enrollment goals across all problem gambling treatment grantees, the Department will determine grantee treatment enrollment goals by dividing grant award amounts by the average system-wide cost per client during SFY20 (\$1,297 for outpatient and \$2,826 for residential treatment clients). Additionally, family members or concerned others of problem gamblers are expected to make up at least 10% of the total enrollments for outpatient gambling treatment providers.

<u>Objective</u>	<u>Activities</u>	<u>Due Date</u>	<u>Documentation Needed</u>
1. Meet 100% of the performance standards described in the Strategic Plan	1. Establish and implement continuous quality assurance practices to meet BHWP gambling treatment grantee performance standards. 2. Prepare and participate in BHWP Program Reviews and implement resulting corrective actions to address findings	6/30/22 6/30/22	1. UNLV Gambling Treatment Provider Performance Report 2. BHWP Gambling Treatment Program Review Findings Report

APPENDIX E: COMPLAINTS FROM APPLICANTS NOT SELECTED

The Bureau of Behavioral Health Wellness and Prevention (BHWP) is responsible for the development, release, review, and accountability of Grants. Due to various Grant funding sources, there are various regulation and authorities in which BHWP must abide by, both federal and state.

The BHWP is required to abide by the [Nevada State Administrative Manual](#) (SAM) and stay apprised on any revisions. Section 3000 – Federal Grant Procedures, outlines additional information related to Grants, including the related Nevada Revised Statutes (NRS) related to compliance. Section 3020 – Grant Awards specifically identifies the guidelines in which BHWP may award grants. Below is cited from Section 3020 of the SAM:

The procedures must include:

- 1. Written guidelines which help applicants determine whether and how to apply for the grant.*
- 2. A method to publicize grant opportunities.*
- 3. A structured applicant review process using pre-established criteria and a scoring system. (Note: a scoring system is not required if the grant specifies the entity who shall receive the funds and how the funds will be allocated.)*
- 4. A procedure for dealing with complaints from applicants who were not selected for award. These complaints should be investigated by someone of authority.*
- 5. A written grant agreement to be used upon issuing the award.*
- 6. Guidelines that address conflicts of interest.*
- 7. Procedures for reporting fraud and waste.*

Section 3020 for the SAM further states:

Agencies must have a procedure for responding to complaints from applicants who were not selected for award. At a minimum, these complaints should be investigated by someone of authority. The results of the investigation must be documented.

In accordance with the SAM manual requiring a procedure to deal with complaints from Applicants who were not selected for award, the BHWP has developed and utilizes the following procedure for addressing complaints.

If an Applicant was not selected, they may request a meeting either in writing or verbally within ten (10) business days of receipt of the notice to k.garcia@health.nv.gov. A follow up email will be sent within five (5) business days to schedule a meeting that is convenient to all involved parties. The following information will be shared and may be provided in writing upon request:

- Review of the scores utilizing the pre-established scoring outlined in the grant application.
- Strengths and weaknesses of the application based on the outlined goals and/or objectives of the grant.

The Applicant may choose to include outside parties not affiliated to their agency to participate in the meeting.

If the Applicant is not satisfied with the results of the Strengths and Weaknesses meeting, they may request in writing an additional review within three (3) business days of the meeting to k.garcia@health.nv.gov and it will be reviewed within five (5) business days with a written response. This will be conducted by the Bureau Health Chief or designee, not included in the selection and has authority to overturn a decision made.

The BHWP will provide any additional suggestions for other opportunities, if available, as well as provide any known resources to assist the applicant in pursuing their goals as outlined in the applications.
