To whom it may concern,

I am seeking appointment to the State of Nevada Emergency Medical Systems Advisory Board. I am currently employed with the City of Elko Fire Department. I have worked with several agencies in the State that have provided me many opportunities to develop professional and personal relationships with many departments in Northern Nevada. I currently operate as an Advanced EMT with the City of Elko and I anticipate completing my EMT-Paramedic through Great Basin College in May of 2021.

I have served in several positions in the fire service including operational and supervisory positions on combination departments in Nevada. I feel my extensive background could be an asset to the board and I look forward to having an opportunity to participate in the selection process.

Thank you,
Brian Hot
