Dear Jenna Burton:

This intent of this letter is to express my interest in the upcoming opening to the Emergency Medics Systems Advisory Committee. I am seeking the opportunity to fill the role of “One member who is an employee of a privately-owned entity that provides emergency medical services; Advisory Committee term is from January 30, 2021 – January 29, 2023”. I have been a part of Emergency Medical Services in Southern Nevada for the past 18 years holding many roles from EMT and dispatcher to Paramedic and Field Training Officer. I currently serve as the government and community affairs manager for AMR and MedicWest Ambulance in Las Vegas. I am also a founder and board member of the recently formed Nevada Ambulance Association. I am part of other committees here in Southern Nevada with the Health District, Vegas Chamber and Las Vegas HEALS. I feel that my EMS experience in conjunction with my additional experience in politics and policy would be a great contribution to the state EMS advisory committee.
