

Gina Schuster

EMS Professor / Paramedic / Clinical Director / Emergency Management

Dear Bobbie Sullivan and/or Jenna Burton:

This is my letter of interest for a committee member who is an employee of a privately-owned entity that provides emergency medical services; Advisory Committee term is from January 30, 2021 – January 29, 2023.

I am a highly trained and skilled EMS professional with an extensive 24 year background in EMS that includes working hand-in-hand with multiple fire departments, public sector entities, private agencies, as well as clinical institutions. I have grown up through the ranks of EMS beginning as an EMT Basic and advancing in my career to become a Paramedic, Paramedic Supervisor, Field Training Officer, Clinical Director, and college professor training Paramedics in the latest EMS standards, trends, and innovations. I have worked as a department head in charge of managing budgets and developing policies, procedures and best practices for a large EMS agency. In addition, I have created training exercises, QA/QI activities, and recruitment programs. I have a passion for emergency management, and have made it my life's work to be the best at doing that. I have served on many committees in my career to include: Medical Advisory Board, Drug and Devise, Education, Regional Trauma Advisory Board, Protocol and Procedure, and the Pediatric Destination Taskforce in Southern Nevada.

Thank you for your consideration.

Yours Sincerely,

Gina M. Schuster
