Nevada State Board of Health

Subject: Letter of interest for the position of EMS Advisory Committee member

To whom it may concern,

It is my objective to assist and support the Nevada State EMS System and to serve as an EMS Advisory Committee Member. I have continually supported our Nevada EMS for the last two decades. I work and have worked for rural based EMS agencies for the last 22 years, I have been a Paramedic since the early nineties, I have worked as an EMS Captain and now my current position is the EMS Battalion Chief for Storey County Fire Protection District. It is my ultimate goal to expand my expertise to assist not only individual Fire Districts but the State of Nevada as a whole.

I have demonstrated an excellent track record of managing personnel and operational activities which is combined with strong managerial skills. I believe I possess the characteristics and experience that the Nevada EMS program needs and would serve as a considerable asset to the State system in the position of Committee member.

In addition, as a former sworn Lyon County Reserve deputy/ SWAT Medic, I have maintained numerous professional relationships with multiple Sheriff's offices and with multiple Nevada County employees in general. With this interaction I have developed mutual trust and respect relationships with numerous county personnel and have served as a liaison on numerous occasions.

In summary, in consideration of my qualifications and experience, I am hopeful that you will consider utilizing me as an asset to Nevada in the capacity of EMS Advisory Committee member.

Thank you so much for your consideration.

Sincerely,

Jim Morgan
