

January 8, 2021

Nevada State Emergency Medical Services
Attn: Emergency Medical Systems Advisory Committee
4150 Technology Way, Suite 101
Carson City, NV 89706

To Whom It May Concern:

My name is Marissa Giampaoli and I am interested in serving on the Emergency Medical Systems Advisory Committee in the position of the fire agency where there are both employed and volunteer positions.

I believe I can offer a beneficial perspective for this position as I have experience with both sides of this situation. I began in the fire services as a volunteer and have since transitioned to the employed side of firefighting. I want to see our Emergency Medical Services provide the best care possible to all of our communities across Nevada. In addition, I can also offer a view point from working in very rural areas with limited resources.

I am familiar and comfortable working with both individuals and committees so I am open to a diverse group of people and am able to interpret things from various perspectives without judgment. I am not only comfortable working with a wide range of people from a variety of backgrounds, but I think that it is helpful for me to learn from the different points as we all interpret things uniquely.

I would love to sit down and interview with you about why I am a great candidate for this position and what my goals are for my career in the short and long run. Thank you very much for your time and consideration. I look forward to speaking with you in the near future.

Sincerely,

Marissa Giampaoli
