CARSON CITY, NEVADA 89706**

To Whom It May Concern:

With this letter, I would like to express my interest in the privately-owned EMS Advisory Committee member. As a dedicated and contributing member of the REMSA team, I would like to expand my abilities to aid the community I serve in its growth and future EMS policies. It is my goal to help further the state of Nevada with endeavors related to EMS operations.

A majority of my professional career has been developed at REMSA and I would like to make that a possibility for others who want to be successful members of the EMS community. In my roles at REMSA I have conducted myself in a professional manner and put my all into any tasks assigned. The following is a list of positions and tasks I have performed that will aid me in this position.

- EMS Supervisor
- Senior Field Training Officer
- Critical Care Flight Paramedic Section Sergeant
- Quality Assurance Supervisor
- Medical Supply, Blood Administration Program, and Medical Training NCOIC
- Skills Instructor

I would like to bring my EMS philosophies and ideology to the EMS Advisory Committee and help continue the work of the EMS professionals of Nevada as one their representatives.

I bring a unique set of tools and experience to the table to accomplish the tasks set before me and would be honored to contribute to this team to push progress further.

Thank you for the opportunity.

Very Respectfully,

Mason Burkhart NRP, FP-C, TP-C
