

JOHN CRISCIONE

September 21st, 2022

Nevada EMS Advisory Committee
4150 Technology Way, #101
Carson City, NV 89706

Dear Hiring Manager,

I am writing in response to the open position on the Nevada EMS Advisory Committee. I am an experienced Fire Captain/EMS Coordinator with extensive training, education and various certifications that provide a strong familiarity with the functions and requirements of this position. I have twenty-two years of service in EMS, Operations and Medical/Fire Emergencies with increased responsibilities throughout my career. Now, I would like to bring my expertise and knowledge to your organization to help create a positive and collaborative work environment.

I am a highly motivated fire and emergency medical service professional skilled at building strong working relationships with staff members, peers, supervisors, local, State and Federal agencies, and community members. I enjoy fostering an atmosphere of teamwork, progress, and open communication through regular feedback on performance of work performed. I believe my success in part is achieved through the accomplishments, education, and advancement of the personnel I oversee.

I am an effective organizer and planner. My friendly and outgoing nature allows me to interact well with other staff members at any level as well as other local, State, and Federal agencies.

The accompanying resume can give you an idea of my potential for making a worthwhile contribution to the Nevada State EMS Advisory Committee . I believe it will be mutually beneficial for us to meet for an interview.

Thank you for your time and consideration.

Sincerely,

John Criscione

JOHN CRISCIONE

- Letter of Commendation for TMFPD – 2013

SPARKS FIRE DEPARTMENT

ACTING FIRE CHIEF

Jim Kindness

October 4, 2022

State EMS Program Manager Bobbie Sullivan ,

Please accept this letter of interest regarding the open position for an employee of an urban firefighting agency on the Nevada EMS Advisory Committee. I currently serve the City of Sparks Fire Department as a Training Captain/Safety Officer and EMS Coordinator for our agency since February 2019. Additionally, I have maintained heavy EMS involvement in our departments' training and service delivery for 17 years. Also, I have 15 + years as an EMS instructor and EMS Clinical/Field Internship Coordinator with TMCC's EMS program working with all levels of EMT licensure. Aside from my genuine appreciation and passion for EMS services, I continue to work as a structural firefighting captain. I believe these combined work experiences bring a well-rounded and unique perspective to your EMS team. Having membership and involvement in several regional EMS committees (JAC, EMSAB, PMAC, etc.), I have established a great rapport with neighboring agencies and EMS partners by being respectful, professional, and highly engaged in the goals/objectives of the assigned committees. I appreciate the opportunity to be selected as a member of your committee and continue my learning endeavors through direct involvement in state EMS changes/implementations, NRS & NAC updates, and any other applicable services provided.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jeff Sullivan".

Jeff Sullivan
Training Captain, EMS Coordinator

Jeffrey B. Sullivan

Objective

To serve as a member of the State of Nevada EMS Advisory Committee on behalf of the Sparks Fire Department

Certifications and Degrees

- Bachelor's Degree in Fire Administration: graduated Summa Cum Laude
- Associates Degree in Fire Science Technology (TMCC)
- Associates Degree in General Studies (TMCC)
- Acting Battalion Chief
- Fire Officer 2
- Fire Officer 1 series
- State & FDSOA Safety Officer Certification
- Nationally Registered Paramedic since 2003
- Hazmat Incident Command
- Fire and EMS Instructor
- Wildland Classes: S-200 initial attack incident commander, S-215 Wildland Urban Interface, S-231 Engine Boss, L-280 Followership to Leadership
- Leadership 1,2,3 series
- Hazmat Technician since 2009
- ACLS, PALS, ITLS, CPR certifications
- CPR instructor (2005-2015)
- High Rise Incident Command
- AHLS Toxic Terrorism
- Advanced Hazmat Life Support
- Zoll Defib Maintenance Technician
- Fire Shows Reno
- Continuing Challenge Haz Mat Conferences

Special Skills, Knowledge & Abilities

- City of Sparks- Fire Department Training Captain & EMS Coordinator (February 2019- present)
- City of Sparks- Fire Department Captain (May 19th, 2014)
- Nationally Registered Paramedic for 19 years
- EMS experience as a Paramedic in a large, metropolitan city (population 800,00)
- State of Nevada Fire Instructor I and EMS instructor
- TMCC Lead EMS instructor (2006-2012). Responsibilities included managing course curriculum, delegating and providing instruction to instructor assistants, instructing course content, establishing and reinforcing objectives, grade entry and counseling students. Instructed TMCC's Paramedic program, EMT-I and EMT-b programs until acquiring a new position with increased responsibilities (EMS Clinical/Internship Coordinator).
- TMCC EMS Clinical/Internship Coordinator (2012-2022). Manage 120 + student's per semester. Coordinate clinical & ride along site placement, fill out State EMS documentation, manage college contracts with hospitals and fire agencies, site visits at hospitals, paramedic agencies and rural fire departments. Maintain communications between 5-7 different classes, administrative staff and the EMS/Fire Director.
- Target Solutions training platform- Administrator of Target Solutions.
- Excellent knowledge of Microsoft Excel, Word & PowerPoint programs. With proficiency in these programs, I have taken my organizational and creative abilities and have applied them to many of TMCC's programs as well as the SFD to become more efficient, accountable and provide better record keeping.

- I have been the lead of many meetings. Know how to establish agendas, stay on track, record minutes, assign projects and establish deadlines.

Special Teams, Committees, Projects

- Sparks Fire Department Employee of the Year (2021)
- Assistant Battalion EMS coordinator (2008-2009).
- C Battalion EMS coordinator (2009-2013).
- Department EMS Education coordinator (2013-present).
- Fire RMS EMS Advanced committee: Worked as a committee to implement Fire RMS EMS Advanced screens. This project required advanced knowledge of Fire RMS and customizing it to meet the needs of the SFD. These screens have since gone away since the implementation of Zoll ePCR.
- Zoll ePCR committee: Worked as a member of a select group of paramedics and the training captain to learn Zoll ePCR and implement the newest EMS reporting system.
- Designed the original SFD paramedic protocols: Gathered all the neighboring fire department's (TMFPD, RFD, NLTFPD) protocols along with Clark County Fire and REMSA's protocols. Carefully selected protocols that would best serve our department and our EMS service needs and implemented our first set of paramedic protocols. These protocols have changed since the Washoe County Regional EMS Protocols were implemented, however, there is close similarity between SFD protocols and the new protocols.
- 2014 Captain's Assessment Center Design Committee.
- 2016 Captain's Assessment Center Design Committee
- 2020 Captain's Assessment Center Design Committee
- FAO promotional panel
- New hire firefighter panel
- Former ACLS and PALS instructor (2006-2012).
- Hazmat Technician (2009-present).
- Fire RMS EMS Advanced reporting system. Received a commendation letter for the success of this program.
- Zoll defibrillator maintenance technician. Have managed the maintenance, analysis and data input of SFD's defibrillators for 6-7 years.
- Member of the EMS QMT.
- Designed the SFD EMS recertification program, tracking system and training forecaster.
- Instructed multiple SFD EMS trainings over several years.
- Previously managed the CPR recertification program and worked with/delegated responsibilities through battalion's CPR instructors. Responsible for instruction, documentation and AHA guideline compliance with the oversight of our regional CPR faculty.

Cindy Green

September 30, 2022

State of Nevada EMS Division

Dear Mrs. Sullivan,

Thank you for the opportunity to share more about my career and why I am applying to fill the urban agency seat on the EMS Advisory Committee. I have worked in healthcare, including hospital and prehospital environments, across the region over the last twenty two (22) years. In those twenty two years I have worked as an EMT, AEMT, Paramedic, Ground Paramedic Supervisor, EMS Education Coordinator (running the REMSA paramedic program), EMS Education and Community Outreach Manager, EMS Coordinator and currently, EMS Division Chief. I believe these roles have prepared me for a seat on the EMS Advisory Committee, as I have not just seen, directed and managed, but participated in the everyday operations in EMS. In my current and previous roles, I have contributed to organizational improvements, collaborative team efforts, and attainment of key business/industry targets.

I offer an extensive background in EMS including current patient care practice, EMS education, continuous quality assurance and improvement, management of an education and community outreach department and working within the EMS operations of the Reno Fire Department. I am well versed in coordinating, managing and directing various programs that reach not only RFD and the City of Reno employees, but also the public in which we serve. I display proficiency in leadership, and a passion for what the future of EMS will become.

Please feel free to contact me for additional details about my qualifications and background. I look forward to hearing from you and having the opportunity to be a part of your committee.

Thank you for your time and consideration of my candidacy.

Sincerely,

Cindy Green

CINDY GREEN

SUMMARY

Over 22 years of experience in the Emergency Medical Services Profession, with the past twelve in a leadership role. Accustomed to working in a fast paced, ever changing work environment and thrive on completing tasks efficiently, with an emphasis on process improvement. Dedicated to helping people succeed and thrive in their roles as healthcare providers including students, new employees or struggling staff members. Believe in ongoing education and setting high expectations of staff members to promote high quality patient care.

WORK EXPERIENCE

City of Reno Fire Department
EMS Coordinator, now EMS Division Chief
December 2019-Present
Oversee daily operations of the RFD EMS division. Responsible for training, recertification, administration and oversight of the controlled substance programs, QA/QI, development of policies and procedures, create/streamline and maintain EMS processes within RFD. In July of this year I took over as EMS Division Chief, overseeing all EMS operations for RFD.

Regional Emergency Medical Services Authority (REMSA)
Manager of Education and Community Outreach
March 2016–December 2019
Oversee daily operations in the education and community outreach departments serving over 17,000 students annually and supporting 530 employees and care providers. Responsible for staff management, continuous quality improvement and assurance programs, and management of training center certifications, licenses, grants and accreditations. Serve as the program manager for community outreach grant funded statewide programs and as the AHA and NAEMT training center coordinator. School certifying official and training center coordinator for CPE license, state of Nevada EMS, and National Registry of EMT's. Program Director for paramedic program CAAHEP accreditation.

Regional Emergency Medical Services Authority (REMSA)
EMT Intermediate, Paramedic, EMS Supervisor
May 2006–March 2016
Oversight of 911 field operations within a high performance ambulance system responding to over 55,000 calls annually. Provide patient care to the citizens of Washoe County within the EMS system.

Central Lyon County Fire Protection District
Reserve Firefighter
May 2005-December 2008
Provide fire protection, education and EMS services to the citizens of Central Lyon County.

Saint Mary's Regional Medical Center

EMT Technician – Emergency Room
June 2000 – November 2008
Under direction of emergency room physicians, provide patient care to the individuals who presented to the emergency room.

PROFESSIONAL SUMMARY

Expert supervisor/Safety Officer competent in driving site improvements with effective management abilities and attention to detail. Writes SOPs and enforces policies to maintain site consistency and work quality. Expert in coordinating teams and resources to achieve challenging objectives. Safety has been main focus through all management positions.

SKILLS

- OSHA compliance
- Hazard abatement
- Worker training
- Emergency response
- Investigate accidents
- Evaluate practices
- Problem-solving
- Environmental monitoring
- Accident reduction planning
- Disaster preparedness
- Incident investigation
- Recommend protections
- Inspect workplaces

EXPERIENCE

Representative of OHA site Manager, Rhino, Nov 2020 - Current, Arlington, Tx
Manage FEMA Covid Vaccination site. Responsible for all safety, logistics, and Personnel.

- Verified proper use of safety behaviors and protective equipment at covid sites.
- Guided site personnel in through compliance concerns and regulatory requirements.
- Worked with customers and onsite staff to improve operations and employee relations.
- Served as primary point-of-contact to manage materials, logistics, and vendors for construction projects.
- Forecasted expected demands and created plans to accomplish objectives while maintaining budgets and maximizing employee satisfaction.
- Supervised staff, including development of team leaders to improve team management.
- Developed and maintained effective working relationships with team members, management, and customers to boost company productivity and morale.
- Performed facility checks to verify cleanliness and client safety.
- Oversaw day-to-day operations and special projects in fast-paced [Type] setting.
- Reported losses, employee behavioral issues, customer complaints, and other significant issues to upper-level management.

Fire Chief, Christmas Valley Rural Fire Protection District, Jan 2008 - Current, Christmas Valley, Or.

- Minimized fire losses through frequent and thorough training of all firefighters.
- Commanded 20 person firefighting team onsite, making split-second decisions and choosing proper techniques to fight fires successfully.
- Prevented fires by conducting inspections of businesses to verify up-to-date compliance with fire codes and regulations.
- Connected with community through implementation of fire prevention education and fire awareness programs.
- Investigated cause of fire for insurance purposes, recording arson evidence and reporting to authorities.
- Evaluated performance of firefighters to note deficits and design training courses to resolve deficiencies.
-
- Trained regularly in fire prevention, safety, and firefighting techniques to maintain optimal proficiency.
- Coordinated public education programs for school-age children and community groups.
- Leveraged critical thinking to identify and address potential security threats.
- Trained extensively in OSHA standards to develop deep understanding of effective environmental, workplace, and PPE protections.
- Coordinated disaster preparedness, emergency response, and incident investigation procedures for District operations.
- Built training methods to teach workers appropriate safety behaviors and correct use of available PPE.
- Operated within both indoor and outdoor environments, applying all prescribed safety and security measures to both settings.
- Integrated new COVID-19 safety measures into daily enforcement priorities to maintain visitor and personnel safety.
- Integrated new COVID-19 safety measures into daily enforcement priorities to maintain visitor and personnel safety.
- Integrated new COVID-19 safety measures into daily enforcement priorities to maintain visitor and personnel safety.
- Integrated new COVID-19 safety measures into daily enforcement priorities to maintain visitor and personnel safety.

Emergency Medical Responder, North Lake County EMS, Jan 2004 - Current, CHRISTMAS VALLEY, OR

- Provided pre-hospital level care to assess conditions, deliver preliminary treatments, and ultimately save lives.
- Prepared logs and patient records for each shift with strong eye for detail and full compliance with company and legal requirements.
- Used oropharyngeal airway and nasopharyngeal breathing aids to assist patients in pulmonary distress.
- Generated preventative maintenance schedules and work orders to meet production requirements and verify safe environment within facility.

- Repaired building systems such as HVAC, plumbing, and electrical to correct faults and restore functioning.
- Observed workers and walked facilities to identify workplace hazards requiring correction.
- Identified and investigated violations of safety standards, building codes and detailed remediation plans to resolve concerns.

Clinical Team Manager, Medical Teams International , Jul 2020 - Nov 2020, Tigard, OR

- Operated within evidence-based practice guidelines, consistently maintaining department policies and meeting patient care standards.
- Oriented new employees to the ideal health and safety practices with targeted training strategies.
- Coordinated safety training courses and worker education programs to demonstrate proper safety behaviors and the use of safety equipment.
- Checked wide range of workplace environments to verify employers' policies and workers' compliance with optimal safety standards.
- Kept work area organized and clutter-free.
- Reviewed activities regularly to identify opportunities for improvement.
- Assisted team members and managers with tasks to maintain productivity and meet project milestones.
- Developed and updated computerized records management systems to effectively store, process and report on medical data.
- Monitored patient care service delivery to implement quality improvements.

Crew Leader, Central Oregon Youth Investment Council, Jan 2017 - Sep 2019, Lake View, Or

Supervised a crew of youth on BLM projects for the summer.

- Built training methods to teach workers appropriate safety behaviors and correct use of available PPE.
- Created accident, safety monitoring, and hazard management plans for work environments.
- Monitored environmental conditions with manual and integrated systems to protect personnel from harm.
-
- Verified proper availability of personal protective equipment and general safety gear.
- Followed instruction for assigned tasks from foreperson and lead teams in performing new phases of the work.
- Communicate with site supervisors and team members to complete project objectives on schedule.

ski patroller/EMTF, private fire contractors/ ski patrol, Jan 2002 - Sep 2019, USA

- Helped coordinate emergency lift evacuations in case of emergencies or malfunctions.
- Recommended and implemented signage changes to help prevent ski accidents.
- Observed lifts in operation to spot any safety issues and helped correct problems.
- Responded to injury scenes to offer aid to guests or employees.
- Prepared special events such as races and obstacle courses to excite skiers.

- Maintained close eye on weather conditions and warned individuals of potential for dangerous situations.
- Monitored the ski/fire and recreational area to observe participants and determine individuals in need of assistance.
- Proactively educated skiers about dangers through one-on-one interactions and awareness programs.

Fire Emergency Medical Technician, Incident Medical Specialist, Jan 2013 - Oct 2017, Region 6 , Or.

- Provided pre-hospital level care to assess conditions, deliver preliminary treatments, and ultimately save lives.
- Prepared logs and patient records for each shift with strong eye for detail and full compliance with company and legal requirements.
- Took vital signs and interpreted EKGs to determine immediate condition of patient.
- Used oropharyngeal airway and nasopharyngeal breathing aids to assist patients in pulmonary distress.
- Utilized ALS and BLS training to evaluate and assist patients.
- Followed established guidelines and procedures.
- Develop and implement Fire Safety Plan for Wildland fire Incidents.

Emergency Medical Systems Advisory Committee

Urban Firefighting Agency

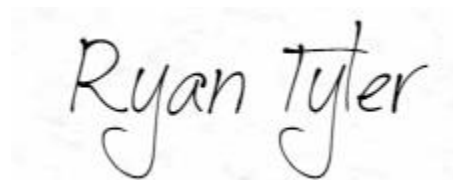

To Whom it May Concern:

Your recent advertisement on the DPBH website for “An employee of an urban firefighting agency” fits my commitment to augmenting EMS delivery in the State of Nevada.

I currently work for the Clark County Fire Department, where I function as a highly motivated Paramedic that constantly seeks opportunities to help the public and better myself and the department. My success comes from my drive to work hard and challenge myself. I am detail oriented and focused on assigned duties. I anticipate challenging situations requiring problem-solving and analytical skills.

It would be an honor to join the EMS Advisory Committee, and I look forward to working with the current skilled members. Thank you for your time in considering my qualifications.

Sincerely,

A handwritten signature in black ink that reads "Ryan Tyler". The signature is written in a cursive, flowing style.

Ryan Tyler

Paramedic Program

Professional History

March 2013— Present *Clark County Fire Department* *Las Vegas, NV*

Engineer/Paramedic

- COVID-19: Work with CCFD Administration to help execute a comprehensive COVID-19 plan, which included directing individuals in scheduling, testing, and assisting with a detailed plan for department vaccination.
- Provide pre-hospital care for individuals with medical emergencies by directing and supervising the actions of EMT-Basics, EMT-Advanced, and Paramedics to assist in the proper care of critically ill and injured patients.
- Communicate with Medical Directors and hospital staff to appropriately direct patient care needs.
- Respond to fire incidences and coordinate actions with co-workers to ensure life safety, incident stabilization, and property conservation.

March 2020— Present *Clark County Fire Department-Local 1908* *Las Vegas, NV*

IAFF Local 1908 Executive Board

- EMS Chair: Work with CCFD Deputy Chief of EMS and EMS Training Division to facilitate bidirectional communication between CCFD personnel and the EMS division to augment the capabilities of EMS within the Clark County Fire Department.
- Conflict and Grievance Committee: Coordinate with Local 1908 Principal Officers and CCFD Administration to ensure fair and equitable conditions exist for all parties, which has required building strong interpersonal communication and conflict management skills.

July 2020— Present

Nevada US&R Task Force 1

Las Vegas, NV

Medical Officer Lead

- Function as the lead Medical Specialist by providing guidance and advice for training, working with team Doctors to ensure the medical cache is ready for deployment, and coordinating needs of the Medical Group to the program director and/or IC.

June 2017— October 2020

Southern Hills Hospital

Las Vegas, NV

Emergency Room Nurse

- Provided care for the critically injured and sick by using critical thinking skills.
- Directed and managed subordinates in a busy emergency room setting.
- Skills include performing EKGs, Bandaging, Splinting, Procedure Preparation, CPR, and medication administration.
- Ensured the safety of myself, co-workers, and patients while maintaining the highest level of care.

June 2011— March 2013

Tristate CareFlight

Las Vegas, NV

Flight Paramedic

- Provided pre-hospital advanced life support care from initial patient contact until patient care is relinquished to the accepting medical facility.
- Worked autonomously in a high-stress environment that demanded precision, attention to detail, and critical thinking to provide the best possible outcome for the crew and patient.

Extracurricular Activities

August 2003 — August 2005

Humanitarian Aid Trip, Ecuador

- Supervised ten to fourteen individuals to ensure proper training and goal achievement
- Translated English educational material into Spanish
- Assisted underserved communities

September 2009 — October 2009

Humanitarian Aid Trip, Bolivia

- Built a school for a rural community.
- Assisted Physicians with medical teaching and procedures to doctors and nurses in rural hospitals.
- Translated from English to Spanish, detailed recommendations from an Obstetrics Physician during childbirth.

Skills and Certifications

EMS Officer Sullivan,

I am Deputy Chief James Johnston of the City of Elko Fire Department and I am submitting this letter of interest for the Emergency Medical Systems (EMS) Advisory Committee. I am a member of a firefighting agency with good standing. I was born and raised in the state of Nevada and look forward to be considered to represent the fire service of our state. I have 22 years of experience with EMS and I currently hold a paramedic license for the State of Nevada.

I have made many relationships throughout the state and I feel we can do amazing things within our system when we work together. The mental health of our citizens and our responders continues to plague our EMS structure in Nevada. We have so many unique departments that provide service in our area. The call volume is increasing and our demand for competent well trained EMT is vital to our mission. It would be an honor to be considered for this role and I would welcome any comments or questions you may have for me.

Deputy Chief James Johnston
City of Elko Fire Department

MISSION

The mission of the City of Elko Fire Department is to deliver exceptional service to the entire community by providing high quality emergency response, fire prevention, and community support.

VISION

The City of Elko Fire Department strives to provide efficient and effective service to the public by encouraging quality improvement through continuous self-assessment.

STATE OF NEVADA

EMS ADVISORY COMMITTEE

SEPTEMBER 22, 2022

Dear 4BState of Nevada,
I am interested in applying for consideration for the EMS Advisory Committee in the vacant seat available for an urban firefighting agency.

I bring a set of talents that I believe will be valuable to the committee. In my educator role and my work in disaster zones and for 911 for 22 years, I have developed a solid knowledge base in EMS policies and laws.

I would be excited to contribute my strengths and experience in EMS. I have an extroverted personality and love collaboration and teamwork. My experience has built a network of contacts and collaboration that will benefit the community.

Please review my resume for a complete collection of my work history and accomplishments. I hope to discuss with the committee my interest if needed.

Thank you for your time and consideration.

Sincerely,
OBRebecca Carmody

REBECCA CARMODY

MASTER EMS INSTRUCTOR - PARAMEDIC

CONTACT

Kevin Grannis

11/10/2022

Nevada State EMS Advisory Committee

Dear Nevada State EMS Advisory Committee:

It is with pleasure that I am applying for the Nevada State EMS Advisory Committee. The position in which I am looking to fill would be as follows, one member who is an employee of or volunteers with a medical facility located in a rural area that provides EMS services. I currently work for Humboldt General Hospital EMS & Rescue. I have been with this organization for the last 10 years and have held many roles including my current role of Deputy Chief. I have been in public safety for the past 16 years starting out as a volunteer firefighter in Northern California.

If given the opportunity to serve on the Nevada State Advisory committee, I would work hard to help rural Nevada EMS grow and become a desirable place to work. I think one of the many challenges in rural EMS is attracting and retaining talented individuals to provide care to our communities. I look forward to working on this and other issues that are affecting rural EMS.

Sincerely,

Kevin Grannis

Kevin Grannis

Objective

To ensure high quality prehospital care for our community, while providing increased opportunities for personal development and growth of HGH EMS & Rescue Employees as well as advance the EMS profession.
