

5/15/2023

To Whom It May Concern:

I am writing to express interest in volunteering for EMS-C. As an educator, I feel that my priorities fall in line with those of EMS-C. Improving outcomes for children and teens has been a priority to our Paramedic Program since we started.

I am confident that with my experience as a Paramedic, Educator and Community member, I would be a great asset to your organization. As you see on my resume, I have a proven record of achievement, which will allow me to continue making contributions to EMS-c as well as the State of Nevada. Education has been a staple and passion throughout my career, as I graduated from Northwestern Pritzker School of Law and am currently awaiting acceptance into a Doctoral of Education Program.

I look forward to speaking with you to discuss my experience and abilities that will match your needs. I have attached my resume and CV. Please do not hesitate to reach out with any questions.

Sincerely,

Nicole Brown

## Curriculum Vitae

**Name:** Nicole Brown

**Education:** Northwestern University Pritzker School of Law

375 East Chicago Ave

Chicago, IL 60611

Masters of Science in Law

Nevada State College

1125 Nevada State Dr.

Henderson, NV. 89002

Bachelor of Science/Biology

### Publication:

- MicroPublication: [10.17912/micropub.biology.000118](https://doi.org/10.17912/micropub.biology.000118)

### Certification:

- Paramedic
- Flight Paramedic
- Critical Care Paramedic
- Pediatric/ Neonatal Critical Care Paramedic
- Paramedic Primary Instructor
- Paramedic FTO
- NRP/ ACLS/ PALS/ BLS/ PHTLS/TCCC/TECC
- AHA BLS/ACLS/PALS/PHTLS and ASHI Instructor
- AHA Instructor (all disciplines)
- NAEMT Instructor: PHTLS/TCCC/TECC/GEMS/AMLS

### Educational Course Work:

- Contracts Law & Design / Advanced Contracts
- Business Law and Entrepreneurship
- Regulatory Analysis and Strategy
- Legal and Regulatory Process
- Business Torts
- Employment Law
- Negotiation Skills/ Strategies

**Experience:**

- Lead Paramedic Instructor Mountain View Paramedic Institute Aug 2022- Current
- Guardian Elite Medical Service (GEMS) Operations Manager June 2021- Dec 2021
- Guardian Elite Medical Service (GEMS) Education and Training Manager Jan 2019-June 2022
- Adjunct faculty UNLV School of Medicine 2017-2019
- GEMS Paramedic Feb 2012 – 2022
- Sunrise Hospital ER March 2012-June 2019
- Life Guard Air Ambulance Clinical Manager/ Training  
Coordinator March 2015-January 2018
- EMS Training Center of Southern Nevada Primary Instructor 2017-2019
- Life Guard Air Ambulance Flight Paramedic March 2015-2017
- Lecture and Lab Primary Instructor CSN Emergency Medicine Program
- CQI/QA Medic West Ambulance 2007-2009
- Medic West CCEMT-P and PNCCT-P 2007- 2011
- AMR/Medic West Paramedic May 2003- 2012

**Additional Training / Credentials:**

- Paramedic Field Training Officer Clark County Health District
- CCEMT-P Program UMBC
- PNCCT-P Program Johns Hopkins University
- Primary Instructor Course Clark County Health District

**Additional Projects:**

- EMSc Committee - implementation of Handtevy Course
  - o Awarded Government Grant Funding for State of Nevada
- Initial Critical Care Paramedic Program – Outreach Program in conjunction with UMBC
- Initial Critical Care Paramedic Program – Educational Institute Site License
- SNHD FTO Committee
- SNHD Stroke System Protocol/ Education Deployment task force
- SNHD Stroke System QA/QI Committee

**Professional Memberships:**

Veterans Law Association Member Northwestern University

CCSHAC (Chicago Campus Student Health Advisory Committee) Northwestern University

Nevada Child Seekers

Making Strides Against Breast Cancer, NV Cancer Society

**Awards:**

Paramedic of the Year 2004

Code Saver Award 2007

Star of Life Award 2008

# NICOLE BROWN

---

Compassionate and Professional Paramedic who has spent her career serving the Las Vegas Valley for over 20 years. As a dedicated EMS Educator for over 15years I continue to strive to promote the importance of continued educational growth as well as personal and mental growth. As a native of the Las Vegas Valley, community outreach and support is extremely important to my family.

## PROFESSIONAL RELEVANT EXPERIENCE

Mountain View Hospital Paramedic Institute

08/2022- Current

### **Lead Instructor**

Demonstrates and models expert clinical paramedic practice as a Paramedic Instructor, exhibits knowledge of medications and procedures specific to NSC and SNHD Formulary, Offers expert knowledge and skills for assistance with prehospital delivery of care and management of complicated patient populations. Identifies and develops course material to assist in delivery of an adult learning centered classroom (flipped classroom.) Identifies and develops remedial education programs. Provides and evaluates effectiveness of student education. Collaborates with nursing staff, administration and Physicians to advocate for providing clinical experience as well as continued mentorship programs. Problem solves and provides resolution, while exhibiting attention to communication and collaboration. Advises and intervenes at the clinical level on issues which impact clinical practice.

Additional Projects with MVHPI:

Awarded Government Grant funding from State of Nevada for implementation of new program to ensure our 911 system is capable of delivering the highest possible care to not only our Las Vegas Valley but the State of Nevada.

Guardian Elite Medical Services (GEMS)

02/2012 – 06/2022

### **Education & Training Manager**

01/2019 – 06/2022

Expanded EMS training facilities, achieving revenue goals, by onboarding new students as well as continuing quality education for employees; Setup and implemented the training curriculum. Educated students from First Responders initial course to Critical Care Paramedic course. In addition to education training, I was able to propose and secure grant funding from State of Nevada to provide continued EMS education to the valley.

### **Paramedic FTO**

02/2001 – Current

Played a primary role in assisting patients with minor to acute medical conditions. Provided training to new and advanced-level emergency medical technicians as well as paramedics as a field training officer. Adhered to HIPAA, EMTALA, and FEMA standards; presented EMS care issues to state representatives. Collaborated with multiple agencies.

Addition Projects:

- Initial Critical Care Paramedic Program – Outreach Program in conjunction with UMBC
- Initial Critical Care Paramedic Program – Educational Institute Site License
- SNHD FTO Committee
- SNHD Stroke System Protocol/ Education Deployment task force
- SNHD Stroke System QA/QI Committee

Professional Memberships:

- Veterans Law Association Member Northwestern University

(Built awareness of job acquisition and homelessness issues among the younger generation of veterans as well as nurtured networks with senior veterans in a virtual setting; worked in a 6-member team.)

- CSHAC (Chicago Campus Student Health Advisory Committee) Northwestern University

(Played an instrumental role in safely onboarding students and providing vaccinations during a global pandemic; collaborated with a team of 20.)

- Nevada Child Seekers Member 2003 – Present
- Making Strides Against Breast Cancer Member, NV Cancer Society

Awards:

- Paramedic of the Year
- Code Saver Award
- Star of Life

Douglas Oxborrow

EMS for Children, Program Manager

Nevada Department of Health and Human Services

RE: Letter of intent to serve on the EMS-C Advisory Committee.

I wish to be considered to serve on the EMS-C Advisory Committee for Nevada.

The aim of EMS-C program is to reduce child disability and death due to severe illness or injury by increasing awareness among health professionals and the public of the special needs of children receiving emergency medical care.

This has been a major focus of my career-whether it was a medical student studying the incidence of childhood drowning or as the medical director of a critical care pediatric and neonatal transport team or as a facilitator of advanced life support courses. I have found that being part of the effort to improve the access and quality of emergency care for children has been very rewarding.

I have had the opportunity to serve on the Idaho EMS-C Advisory Committee in the past. I was privileged to see some remarkable changes in the access and quality of emergency care in Idaho during my service. It was personally very rewarding to be involved in such an important effort.

I am currently serving as the Disaster Preparedness Chair for the Nevada Chapter of the AAP and feel that the aims of the EMS-C and the AAP Council on Children and Disasters are synergistic.

Please accept my letter of intent to serve on the EMS-C Advisory Committee.

Lloyd

Lloyd R. Jensen MD, FAAP, CHSE

Neonatal Hospitalist

Professor of Clinical Pediatrics UNLV SOM

Clinical Professor of Pediatrics WWAMI Program UW

Medical Director – Pediatric Neonatal Critical Care Transport Team

Sunrise Children's Hospital

December 19, 2022

EMS Division State of Nevada  
4126 Technology wy  
Carson City, Nv 89706

To who it may concern,

With a passion for exceptional patient care combined with my strong clinical and communication skills, it is with great interest that I submit my resume for the EMS Advisory Board opening at the state of Nevada.

As a paramedic, I have hands-on knowledge in handling various medical emergencies and complications due to chronic/severe illness, including strokes, seizures, diabetic comas, cardiac arrests, fractures, poison ingestion, burns, drug overdoses, and injuries. Over the past 17 years as a paramedic, I have effectively delivered basic and advanced life support, and critical care transportation services to 3000+ patients with life-threatening situations.

As an EMS/Clinical coordinator I have managed training and deployment plans for REMSA and currently Truckee Meadows Fire Protection District. I have worked with Medicaid for fee for service billing and licensing through Medicare. I also work with data driven care so we are able to balance patient care and finances to provide the most appropriate care delivery in the district.

Please consider the following highlights: Associates in Science in Information technology, Bachelors in Health Science, and Masters of Business Administration with an emphasis in Health Management. I reached at [REDACTED] [REDACTED] to arrange an interview.

Thank you for your consideration.

Zeb Nomura

# Zebulon Nomura

## EMS Coordinator~Clinical Coordinator ~ Paramedic ~ EMS Supervisor

### Summary Qualification

A confident and knowledgeable professional with 13+ years of combined experience as an administrator and Emergency Medical Services expert. Possesses a passion for clinical excellence, with advanced knowledge of EMS practices and equipment, medical terminology, and medical systems. An innovative thinker with strong critical thinking, solid conceptual and problem-solving skills, and analytical abilities. Competently understands and interprets applicable federal, state, and local laws. Highly-qualified with advanced emergency medical procedures and inpatient assessment techniques. Has the ability to work independently and as part of a team. A decisive leader with productive management skills to motivate and guide workers. Instilled with strong organizational, administrative, and planning skills, excellent time management, and record keeping proficiency. A specialist with proficient communication and IT skills that contributes to the efficient day-to-day activities of the healthcare facility. Equipped with the essential ability to effectively react to and handle medical emergencies. Works comfortably under pressure, and adeptly manages multiple tasks at once in a fast-paced environment.

### CORE COMPETENCIES

- Clinical Expertise
- Record Keeping Skills
- Education and Training
- Organizational / Administrative Skills
- Public Safety and Security
- Advanced Paramedic Training
- Administration and Management
- Emergency Medical Services Training
- Law and Government
- Medical Software Proficiency
- Extensive Medical Knowledge
- Customer and Personal Service

### PROFESSIONAL EXPERIENCE

#### EMS Coordinator

**Truckee Meadows Fire Protection District (TMFPD) ♦ Reno, NV**

Sept 2019-Present

- Expertly ensure efficiency of day-to-day activities, competently manage and oversee staff, effectively communicate with different departments to make sure of consistent adequate patient care administration
- Meticulously review medication, treatment log, medication discrepancy reports, and treatment audit to ensure accuracy
- Objectively evaluate personnel (including chart review, protocol evaluation, skill assessment) and prepare monthly reports
- Establish and implement training programs geared towards developing employees' skills, protocol use, and general knowledge
- Research evidence-based medicine for regional protocol adjustments and new procedures that promote patient care
- Assist with recruitment and screening process, enrollment procedures, and onboarding program of new hires in the EMS Week
- Educate new hire employees on TMFPD's policies and procedures, provide open and prompt feedback to new hires regarding knowledge, assessment and skills performed on patients, and pathophysiology of disease or injury

## **Clinical Coordinator**

**Regional Emergency Medical Services Authority (REMSA) ♦ Reno, NV**

April 2016-2019

*Perform duties and implement policies and procedures within the Health Insurance Portability and Accountability Act*

- Expertly ensure efficiency of day-to-day activities, competently manage and oversee staff, effectively communicate with different departments to make sure of consistent adequate patient care administration
- Coordinate with all clinical disciplines to direct patient care services, and execute optimum patient care by using all resources
- Meticulously review medication, treatment log, medication discrepancy reports, and treatment audit to ensure accuracy
- Objectively evaluate personnel (including chart review, protocol evaluation, skill assessment) and prepare daily reports
- Establish and implement training programs geared towards developing employees' skills, protocol use, and general knowledge
- Research evidence-based medicine for protocol adjustments and new procedures that promote proactive patient care
- Assist with recruitment and screening process, enrollment procedures, and onboarding program of new hires in the academy
- Collaborate with Field Training Officer (FTO) to complete new hires' training and systematically monitor their progress
- Organize and oversee administrative aspects of the facility, authorize admissions and/or treatment as per agreed protocols
- Employ financial acumen in budgeting and expenditure, ensure stock levels' adequacy and timely placement of orders
- Communicate medical results to patients under clinical supervision, complete timely, accurate documentation of patient visits
- Schedule center audits, medical records, CQI and emergency preparedness and assign appropriate personnel as necessary

## **Paramedic Field Training Officer**

**Regional Emergency Medical Services Authority (REMSA) ♦ Reno, NV**

April 2013-2019

*Lead, mentor, and guide new EMTs, keep seasoned EMTs current, provide refresher and remedial training as needed*

- Adeptly function as the leader in the EMS team in addition to carrying out routine paramedic duties and responsibilities
- Educate new hire employees on REMSA's policies and procedures, provide open and prompt feedback to new hires regarding knowledge, assessment and skills performed on patients, and pathophysiology of disease or injury
- Participate in the pre-screening and hiring process of new EMTs, provide onboarding orientation to new EMTs

- Train, mentor and evaluate EMT staff, serve as mentor and role model, and develop remedial training exercises for EMTs
- Revamped field training program to ensure concepts are updated based on new technologies and medical research
- Created a website comprised of refresher training videos on infrequently used skills and uncommon procedures
- Researched evidence-based medicine for field practice and protocols, protocol development, and data analytics
- Created and implemented new equipment testing procedures to ensure safety and readiness for operation

## **Emergency Medical Services Supervisor**

**Regional Emergency Medical Services Authority (REMSA) ♦ Reno, NV**

March 2012-2019

*Expertly utilize advanced paramedic training and leadership skills to EMTs, while maintaining a safe working environment*

- Dynamically assist with personnel training, develop creative and suitable work improvement plans within the department
- Ensure stringent enforcement of policies and procedures, make certain that all applicable laws are followed and conformed to
- Manage co-responders/field employees, mediate with personnel issues, document grievances, disciplinary actions or accolades
- Oversee and coordinate EMS budget, forecast future expenses to plan budget allocation and anticipated expenditures
- Meticulously inspect emergency vehicles, ensure that all equipment complies with rules, ordinances, and regulations
- Create schedules, assign and distribute work, prepare staff reports, back up workers in call-off situations within the department
- Evaluate patients, provide emergency treatment and deliver patients to hospitals, as well as provide organized triage reports
- Methodically handle accident logs, prepare and document staff reports, and submit grant proposals for EMT personnel
- Employ top-notch mental acuity to preside over medical emergencies, guide EMTs on difficult or unusual assignments
- Interact and collaborate with managers, boards and dispatch centers in responding to inquiries and resolving problems

**Paramedic, Regional Emergency Medical Services Authority (REMSA) ♦ Reno, NV** January 2006-2019

*Assess injuries, administer emergency medical care, extricate trapped individuals, transport injured/sick persons to medical facilities*

- Competently deliver first aid treatment or life support care to ill or injured persons, perform emergency diagnostic and treatment procedures in prehospital settings, provide patient care and apply protocols to each patient scene
- Transport patient via mobile ICU to most appropriate hospital following instructions from emergency medical dispatch
- Systematically coordinate work with other emergency medical team members or police or fire department personnel
- Assess nature and extent of illness or injury, determine the circumstances of the emergency to establish and prioritize medical procedures, coordinate with treatment center personnel to obtain patients' vital statistics and medical history
- Attend training classes to maintain certification licensure, keep abreast of new developments in the field, or maintain existing knowledge on medications, skills, procedures, and equipment provided by REMSA on each ambulance

#### VOLUNTEER WORK

**Big Brother Big Sisters of Northern Nevada**

April 2001-August 2005

#### CERTIFICATES AND TRAINING

**Paramedic Program** ♦ *Truckee Meadows Community College*

May 2005

**\*Advanced Cardiovascular Life Support (ACLS)**

**\*Pediatric Advanced Life Support (PALS)**

**\*Neonatal Resuscitation Program (NRP)**

**\*National Registry of Emergency Medical Technicians - Paramedic**

**\*International Trauma Life Support (ITLS)**

**\*Emergency Medical Responder**

**\*EMS instructor**

#### EDUCATION

**MBA in Healthcare Management** ♦ Western Governors University

June 2019-July 2021

**BS in Health Science** ♦ Bellevue University

August 2013-March 2016

**AS in Computer Science** ♦ Morrison University

September 2011-July 2012

#### COMPUTER SKILLS/TECHNICAL SKILLS

**Microsoft Office (Word, Excel, PowerPoint, Outlook), Zoll Data Systems, OSX, iOS, Target Solutions, Check it**

**Others: 47 wpm Typing Speed, Website Creation (through Google), Video and Music Editing**

#### Professional Affiliation

**National Registry of EMT's**

Licensed Emergency Medical Technician
