ALAC Board Members:

I am submitting my resume for your review and consideration for the open seat with ALAC. I have experience with (seen and respect) this organization, respect it within our industry and feel I would be a powerful addition. I have been a licensed administrator for the past four years and have already seen the changes that ALAC has been able to accomplish. I remember going to Carson City a few years ago and being part of the rallies and working with our legislators to make changes within the senior living industry. Small, baby steps are sometimes the biggest impact. It's finally a voice that is getting heard. To work closely with our legislators and other community representatives about our industry is a journey that takes multiple individuals to carry out. I would be honored and will continue to be a voice for our industry and appreciate your consideration in this seat.

I am passionate about our industry. AND what an honor to be a part of making those changes that we all need to be caring and providing guidance for future lives of our aging population. It does take a village!

Respectfully,

Nicole Graham,

RFA, MHA
