

## **PROGRAM FACTS**

- The cost to request an application for the Medical Marijuana Program is \$25. The cost to register or renew registration in the Medical Marijuana Program is \$75.00.
- Your caregiver can be anyone as long as they are over the age of 18 and your physician approves of that person as a caregiver. **Please be aware that pursuant to NRS 453A.250 and NAC 453A.150:**
  1. A cardholder may have only one caregiver;
  2. A caregiver can only be a caregiver to one cardholder; and
  3. A cardholder cannot be a caregiver to another cardholder.
- A person under 18 must have permission from their custodial parent or their guardian who is in charge of their medical decisions. And that person **MUST** act as the minor's primary caregiver.
- Only a physician who is licensed under NRS 630 or NRS 633 can sign a "Physician's Statement". That means only a medical doctor or osteopathic doctor licensed in the State of Nevada.
- The specific reasons a person can be denied participation in the Medical Marijuana Program are:
  - 1) Failure to provide the required information.
  - 2) Failure to establish the qualifying medical condition.
  - 3) Failure to document the consultation with an attending physician regarding the medical use of marijuana in connection with the qualifying medical condition.
  - 4) Failure to comply with the regulations adopted by the Department of Health and Human Services and the Administrator of the Division of Public and Behavioral Health (DPBH).
  - 5) The Division of Health and Human Services determines that the information provided by the applicant was falsified.
  - 6) The DPBH determines that the attending physician of the applicant is not licensed to practice medicine in this state or is not in good standing, as reported by the Board of Medical Examiners.
  - 7) The DPBH determines that the applicant, or the designated primary caregiver, if applicable, has been convicted of knowingly or intentionally selling a controlled substance.
  - 8) The DPBH has previously prohibited the applicant from obtaining or using a registry identification card.
  - 9) In the case of a person under 18 years of age, the custodial parent or legal guardian with responsibility for health care decisions for the person has not signed the written statement required.
- **A card is good for one year only.** It must be renewed annually, one year from the date your application was stamped. The same procedure used in the original registration process must be followed.
- The DPBH cannot advise you on where to buy marijuana seeds or how to grow the plants, nor can we refer you to a doctor.

• NRS 453A.200 allows the holder of a valid card to possess: (Effective April 1, 2014 through March 31, 2016)

- Two and one half ounces of usable marijuana in any one 14 day period
- Twelve marijuana plants, irrespective of whether the marijuana plants are mature or immature

• “Marijuana” includes, without limitations edible and infused products as defined in NRS 453A.101 and 112.

• "Usable marijuana," as defined in NRS 453A.160, means the seeds, dried leaves and flowers of a plant of the genus Cannabis, and any mixture or preparation thereof that is appropriate for the medical use of marijuana. The term does not include the stalks and roots of the plant.

• Issuance of a Nevada Medical Marijuana Registry card does not exempt the holder from prosecution under the state or federal laws that apply to marijuana and is not recognized by the federal government. NRS 453A is a state law; it does not address federal laws. It is recommended you discuss the limitations and liabilities that are associated with existing federal laws with your personal attorney.

• The registry card is issued for use in Nevada, and may not be recognized in other states.

• The DPBH does not make any medical decisions about an application. Your own, personal physician decides if you have a “qualifying disease”. The DPBH sees that an applicant is in compliance with the law and if so, arranges for that person to be issued a registry card.

• Changes can be made to the DPBH in writing and must include a copy of the cardholder/caregiver’s Nevada driver’s license or identification card. The DPBH **MUST** be notified of the following changes within 7 days of the change.

**Cardholders:**

- Change of address**
- Change of phone number**
- Change in medical status**
- Change of status with regard to criminal convictions**
- Lost or stolen MMR card**
- If you have changed your designated caregiver or are no longer using a caregiver**

**Caregivers:**

- Change of address**
- Change of phone number**
- Change of status with regard to criminal convictions**
- Lost or stolen MMR card**
- Change in the medical status of your cardholder**
- If you are no longer caregiver to your cardholder**
- If your cardholder dies**

Nevada Division of Public and Behavioral Health  
Medical Marijuana Registry  
4150 Technology Way, Suite 104  
Carson City, NV 89706  
(775)-687-7594

**Your program registration card can be revoked if you fail to notify us of these changes and this could prevent you from future entry into the program.**

**IF AT ANYTIME YOU LEAVE THE PROGRAM YOU MUST RETURN THE REGISTRY CARD TO THIS DIVISION WITHIN 7 DAYS.**
