AGENDA

1. Introduction of workshop process
2. Public comment on proposed amendments to Nevada Administrative Code Chapter 449, LCB File No. R111-12.
3. Public Comment

The proposed changes will revise Chapter 449 of the Nevada Administrative Code. LCB File No. R111-12 is being proposed in accordance with NRS 449.0302.

The proposed regulations and errata provide provisions for:

- Providing a process for the Central Repository for Nevada Records of Criminal History to obtain necessary information to complete a background investigation of an applicant for a license to operate certain agencies, facilities or homes, a licensed operator of such agencies, facilities or homes or an employee or independent contractor of such agencies, facilities or homes.
- Restricting the manner in which an employee or independent contractor of such an agency, facility or home may work pending completion of an investigation or pending correction of information received from an investigation and provides for disciplinary action for failing to provide necessary information to complete a background investigation.
- Proposed changes (errata) to the proposed regulations add facility types required by Senate Bill 502 of the 2013 legislative session to conduct criminal history record investigations of their employees, independent contractors or employees of a temporary employment service. As mentioned in the second bullet, the proposed regulations restrict the manner in which an employee or independent contractor may work pending the completion of an investigation. The errata adds provisions reducing the restrictions outlined in the second bullet by increasing the flexibility in the manner in which an

individual may work. It also adds a definition of direct supervision for the purposes of carrying out the provisions of the proposed regulations. Members of the public may make oral comments at this meeting.
