### **AGENDA**

3. Public Comment

The proposed changes will revise Chapter 652 of the Nevada Administrative Code and are being proposed in accordance with NRS 652.125 and NRS 652.090.

The proposed regulations provide provisions for the following:

- 1) Brings the proposed regulations in compliance with Assembly Bill (AB) 243 of the 2015 Legislative Session which directs that any regulations adopted by the Board of Health must not require the laboratory director in which only an HIV waived test is performed to be a licensed physician. It also does not require personnel performing the test to obtain certification as an assistant if the person submits proof of successful completion of training approved by the Division.
- 2) Expands the types of healthcare professionals that can serve as an exempt laboratory director.
- 3) Eliminates medical laboratory fees for permitted emergency medical services and firefighting agencies.
- 4) Allows the Division to enter into an agreement to allow SNHD to determine compliance with medical laboratory regulations and for the Division to use the determination of compliance to issue laboratory licenses and personnel certifications to these agencies without additional fees.
- 5) Defines temporary location.
- 6) Clarifies that exempt laboratories must adopt nationally recognized laboratory safety guidelines.
- 7) Expands the certification that an applicant that holds a doctorate degree can use to qualify to be a licensed or registered laboratory director.
- 8) Outlines the fee to be assessed for a laboratory that only performs waived HIV tests.

- 9) Instead of requiring a \$300 application fee plus \$50 for each additional specialty or subspecialties in which tests will be performed, the proposed regulations allow a laboratory to add as many tests as it wants to on one application for a flat rate of \$300.
- 10) Brings proficiency testing standards in line with federal regulation requirements.
