Blue italic = Proposed language found in LCB File No. R043-20P.

[Red in brackets] = Proposed omitted material found in LCB File No. R043-20P.

~~Strikethrough any color~~ = New omitted material proposed in errata.

Green italic = New language proposed in Errata.

Sec. 3. NAC 459.161 is hereby amended to read as follows:

459.161 1. Except as otherwise provided in subsection 6, an application for the registration of a radiation machine submitted pursuant to NAC 459.154 must be accompanied by a nonrefundable fee for each X-ray tube, electron source or source of ionizing radiation which is installed in the radiation machine, as follows:

- (a) Medical use, other than mammography, \$500.
- (b) Veterinary use, \$150.
- (c) Dental use, \$140.
- (d) Industrial use, \$200.
- (e) Academic use, \$150.
- (f) Accelerator, \$550.

2. Except as otherwise provided in subsections 3 and 6, if the Division issues a registration certificate pursuant to NAC 459.156, the registrant must, for each year the certificate is valid, submit to the Division a nonrefundable renewal fee in an amount equal to the appropriate fee set forth in subsection 1.

3. The renewal fee must be ~~[-postmarked or -]~~*electronically* received by the Division not later than the date on which the registration expires. If the fee is not ~~[-postmarked or -]~~

electronically received by that date, the registrant shall:

(a) *Submit to the Division through their online account; [~~within 5 days after the registration expires:]~~*

- (1) An application for renewal of the registration;
- (2) A fee in an amount that is equal to the appropriate fee set forth in subsection 1; and
- (3) A fee for late payment of \$56 per registration ; *or*

~~(b) Stop operating the machine to which the certificate applies until the fees required by paragraph (a) are paid.]~~

(b) Prior to expiration of registration, submit to the Division through their online account a change of status notification to transfer, place in storage, or dispose of the radiation producing machine. The registration for a radiation producing machine must be maintained, including fees, until the notification is submitted.

4. Any application for registration or renewal of registration which is not accompanied by the appropriate fees will not be acted upon by the Division until such fees are paid.

5. Except as otherwise provided in subsection 6, an application for a certificate of authorization for a radiation machine must be accompanied by a nonrefundable fee for each machine as required pursuant to NAC 457.295.

6. If a payment was made in error, the Division will refund the fee collected pursuant to this section, after deducting an amount calculated to cover the administrative costs directly related to issuing the refund.

Justification: The Radiation Control Program is reviewing this regulation to determine if the 5-day allowance for mail in registration renewal should be removed. Addresses concerns with late registration renewals by replacing mail in renewals with immediate online electronic renewals. Additionally, provides for online notification of a change in status to registered machines.
