APPLICATION, MEDICAL CLEARANCE, AND CERTIFICATION FOR EMERGENCY ADMISSION OF AN ALLEGEDLY MENTALLY ILL PERSON TO A MENTAL HEALTH FACILITY

Definition of Mental Illness,
NRS.433A.115:
As used in NRS 433A.120 to 433A.330, inclusive, unless the context otherwise requires, “mentally ill person” means any person whose capacity to exercise self-control, judgment and discretion in the conduct of his/her affairs and social relations or to care for personal needs is diminished as a result of mental illness to the extent that (s)he presents a clear and present danger of harm to self or others, but does not include any person in whom that capacity is diminished by epilepsy, mental retardation, dementia, delirium, brief periods of intoxication caused by alcohol or drugs or dependence upon or addiction to alcohol or drugs unless a mental illness that can be diagnosed is also present which contributes to the diminished capacity of the person.

I have reason to believe that ____________________________________________ is a mentally ill person as follows:

☐ (a) Acted in a manner from which it may reasonably be inferred that, without the care, supervision or continued assistance of others, (s)he will be unable to satisfy the need for nourishment, personal or medical care, shelter, self-protection or safety due to mental illness, and if there exists a reasonable probability that death, serious bodily injury or physical debilitation will occur within the next 30 days unless admitted to a mental health facility pursuant to the provisions of NRS. 433A.120 to 433A.330 inclusive and adequate treatment is provided;

☐ (b) Attempted or threatened to commit suicide or committed acts in furtherance of a threat to commit suicide and if there exists a reasonable probability that (s)he will commit suicide unless (s)he is admitted to a mental health facility pursuant to the provisions of NRS 433A.120 to 433A.330 inclusive, and adequate treatment is provided;

☐ (c) Mutilated self, attempted or threatened to mutilate self or committed acts in furtherance of a threat to mutilate self and, if there exists a reasonable probability that (s)he will mutilate self unless (s)he is admitted to a mental health facility pursuant to the provisions of NRS 433A.120 to 433A.330, inclusive, and adequate treatment is provided; or

☐ (d) Inflicted or attempted to inflict serious bodily harm on any other person, or made threats to inflict harm and committed acts in furtherance of those threats, and if there exists a reasonable probability that (s)he will do so again unless (s)he is admitted to a mental health facility pursuant to the provisions of NRS 433A.120 to 433A.330, inclusive and adequate treatment is provided.

Describe in detail the behaviors you observed in the person leading you to believe (s)he is mentally ill and a danger to self or others. (Do not give diagnosis to describe behaviors).
