- 8. Type in the SAPTA Priorities code(s) this strategy is addressing (See below-multiple entries allowed)

Eight Coded SAPTA Priorities

- **SPRI 01**-Reduce substance abuse related problems in communities
- **SPRI 02**-Build prevention capacity and infrastructure at the state and community levels
- **SPRI 03**-Target substance abuse prevention in Native American communities among youth and in association with suicide
- **SPRI 04**-Develop and/or increase collaboration and partnership with the military; active service, veterans, reservist, National Guard and families
- **SPRI 05**-Focus prevention activities on prescription drugs used illicitly, including drug monitoring programs and prescription drug round-up
- **SPRI 06**-Partner with community-based organizations around marijuana, including medical marijuana dispensaries, legalization issues, and changes in social norms
- SPRI 07-Target alcohol and drug use among women of child-bearing years and women currently pregnant
- **SPRI 08**-Prevent the onset of childhood and underage drinking and drug use, reduce the progression of substance abuse, and prevent the relapse of substance abuse of those in recovery
- **SPRI 09**-If there are **no matches above** to fit the priority your coalition is addressing, use #9 and utilize the SAPTA Priority Section to identify your priority
