How to Establish a Replacement Certificate of Foreign Birth

A Replacement Certificate of Foreign Birth (RCFB) is a translated record of birth established by the State of Nevada's Office of Vital Records.

Pursuant to Nevada Revised Statute (NRS) 440.303, "A person whose birth certificate or other evidence of birth is written in a language other than English, or the parent or guardian of that person, may apply to the State Registrar for a birth certificate in the English language."

The purpose of establishing a RCFB is to have a functional birth record in the English language. The record remains on file in the State of Nevada's Office of Vital Records, and certified copies may be purchased in the same fashion as Nevada-born birth certificates.

Provides one certified copy, additional copies are \$25.00 each.

Documents required to obtain a Replacement Certificate of Foreign Birth:

- The completed application for replacement certificate written in a foreign language
- The original certified birth record in a language other than English
- An original translation of the original birth record into English
- An affidavit by the translator attesting to the accuracy of the translation before a person authorized to administer oaths
- An original certificate issued by the U.S. Citizenship and Immigration Services (USCIS) showing the person entered the United States legally (U.S. Certificate of Citizenship or U.S. Certificate of Naturalization)
- A \$45.00 filing fee

What the Applicant Can Expect - Issuance of Replacement Certificate of Foreign Birth:

- The original foreign born birth record and USCIS certificate will be returned to the applicant with the RCFB.
- The RCFB will be printed on red security paper.
- The RCFB will read on its face "ISSUED TO REPLACE A BIRTH RECORD FROM _____ IN THE _____ LANGUAGE" to indicate that this record is a translation of a foreign record.
