

Bureau of Behavioral Health Wellness and Prevention Advisory Board Interaction

State Epidemiological Organization Workgroup

Review behavioral health data to inform behavioral health programs.

Should inform conversations in other Bureau advisory boards.

Should focus on ensuring programs are addressing trends in data.

Should make recommendations of trends to address in the Evidence-Based Work Group.

BBHWP Advisory Boards

- * Substance Abuse Prevention and Treatment Agency Advisory Board
- * Behavioral Health Planning and Advisory Council
- * Advisory Committee on Problem Gambling
- * Committee to Review Suicide Fatalities
