

## OVERVIEW OF EXPERTISE

---

**Ms. O’Hair** has provided project management and substance abuse prevention training and technical assistance (T/TA) service delivery and management for 11 states, six jurisdictions, and six tribes in the western service area for more than ten years. Prior to this, she provided program evaluation services for local, statewide, and regional education and health initiatives using a community-based participatory research approach.

- **Training and Technical Assistance:** Delivers T/TA on all aspects of implementing SAMHSA’s strategic planning model, building capacity in data-driven strategic planning at the state and local levels. Designs highly-interactive and culturally-competent in-person and web-based trainings using an adult learning-centered approach.
- **Program Evaluation and Needs Assessment:** Executed all aspects of evaluation and needs assessment services for multi-method evaluations. Builds client capacity to design and implement evaluations that are useful and relevant to overall client goals.
- **Program Management:** Effectively manages time and resources to coordinate and supervise service delivery. Supervises staff and consultants, oversees budgets, and communicates with clients, colleagues, and funders, ensuring efficient and effective project operations.

## EDUCATION

---

**University of Nevada, Reno, MPH, Epidemiology, 2016**

**University of Nevada, Reno, MA, Social Psychology, 2002**

**Nebraska Wesleyan University, BA, Psychology, 1998**

## CERTIFICATIONS

---

**Nevada Behavioral Health Association, Prevention Specialist certification, 2017-present**

**Hawaii Alcohol and Drug Abuse Division Certification Board, Certified Prevention Specialist, 2013-2015**

## PROFESSIONAL EXPERIENCE

---

**University of Nevada, Reno, Reno, NV**

**2017 – present**

**Senior Manager, Workforce Development**

**Center for the Application of Substance Abuse Technologies**

Supervises, coordinates, and delivers training and technical assistance (T/TA) to states, tribes, jurisdictions, and communities, increasing capacity in substance abuse prevention fundamentals and implementation of SAMHSA’s Strategic Prevention Framework:

- Manages and oversees the Center for the Application of Prevention Technologies (CAPT) West Resource Team (RT) contract budget of over one million dollars per year for five years, resulting in high-impact services within budget limitations and 100% spend-out.
- Assesses current T/TA service needs of clients at the individual and regional level.
- Sequences services on a single topic and leverages opportunities for multiple services to achieve greater impact, which results in the West RT exceeding the quantity of T/TA

services required by the contract by 13 percent. Participants also report high levels of satisfaction (97.5 percent of participants indicate being satisfied or very satisfied) and high likelihood of using the knowledge and skills gained from training (98 percent report being likely or very likely).

- Develops and delivers trainings and presentations at national events and conferences.
- Supervises six administrative faculty, all of whom consistently receive unsolicited praise from our clients for their services and meet or exceed annual performance objectives. Trains staff and consultants to deliver high-impact T/TA.
- Responds to special requests from funding agencies, consistently on-time and with positive feedback from our funder.

Supports CASAT management and functioning:

- Participates in CASAT Senior Manager meetings and other university meetings at the CASAT director's request.
- Identifies and responds to relevant funding opportunities to increase CASAT grant and contract portfolio.
- Chairs or participates in various ad hoc committees, such as the "New School" committee when CASAT was preparing to re-locate to a new unit within the university.

**University of Nevada, Reno, Reno, NV**

**2009 – 2016**

**Project Manager**

**Center for the Application of Substance Abuse Technologies, Division of Health Sciences**

Supervised, coordinated, and delivered T/TA to states, tribes, jurisdictions, and communities, increasing capacity in substance abuse prevention fundamentals and implementation of SAMHSA's Strategic Prevention Framework:

- Managed and oversaw the Center for the Application of Prevention Technologies (CAPT) West Resource Team (RT) contract budget of over one million dollars per year for five years, resulting in high-impact services within budget limitations and 100% spend-out.
- Assessed current T/TA service needs of clients at the individual and regional level.
- Delivered evaluation capacity-building services to communities in the western U.S. and Pacific jurisdictions.
- Sequenced services on a single topic and leveraged opportunities for multiple services to achieve greater impact, which resulted in the West RT exceeding the quantity of T/TA services required by the contract by 10 percent or more annually. Participants also report high levels of satisfaction (98.5 percent of participants indicate being satisfied or very satisfied) and high likelihood of using the knowledge and skills gained from training (99 percent report being likely or very likely).
- Investigated emerging issues and trends to offer training opportunities that prepare clients for new challenges, such as planning a two-day intensive meeting on the emerging issue of adverse childhood experiences as risk factors for substance abuse prevention facilitated by a nationally-recognized expert on adverse childhood experiences to state prevention leaders.
- Developed and adapted trainings, such as the adaptation and implementation of a virtual Training-of-Trainers model now used in eight states within the western service area resulting in over 40 new trainers.

- Supervised seven administrative faculty and classified staff member, all of whom consistently receive unsolicited praise from our clients for their services and meet or exceed annual performance objectives. Trained staff and consultants to deliver high-impact T/TA.
- Responded to special requests from funding agencies, consistently on-time and with positive feedback from our funder.

**University of Nevada, Reno, Reno, NV** **2008-2009**  
**Associate Director, CSAP's Western Center for the Application of Prevention Technologies, CASAT, College of Health and Human Sciences**

Assisted in setting the direction for the Western CAPT, ensuring consistent, high-quality services across the Western Region. Delivers evaluation capacity-building services to communities in the western U.S. and Pacific jurisdictions. Supervised three administrative faculty, all of whom consistently received positive feedback from clients and exceeded performance objectives and contract requirements. Worked with the management team to resolve human resource issues. Responded to special requests from funding agencies.

**University of Nevada, Reno, Reno, NV** **2008**  
**Evaluation Manager**  
**Center for Program Evaluation, College of Health and Human Sciences**

Provided evaluation services and T/TA to Drug Free Community (DFC)-funded coalitions, a statewide parent involvement initiative, a local mentoring program, school district dropout prevention initiatives, multiple service-learning initiatives, and cardiovascular disease prevention initiatives. Developed scopes of work and budgets in collaboration with our client, resulting in relevant evaluations. Facilitated client meetings to develop and review evaluation plans and progress, ensuring that client capacity was built and evaluation results fully utilized. Supervised or conducted all aspects of data collection, entry, management, analysis, and interpretation for both qualitative and quantitative data, resulting in accurate data for client use. Wrote, edited, and presented evaluation reports to clients. Altered the Center's approach to presenting data to clients by developing fact sheets and data briefs for clients in lieu of lengthy and dense evaluation reports; clients reported that these formats were more useful to them for program planning, communicating with stakeholders, and preparing new grant applications than traditional evaluation reports. Assisted with grant-writing, increasing the amount of new evaluation projects brought into the center, including the highest-dollar contract the Center received this fiscal year.

**University of Nevada, Reno, Reno, NV** **2004 – 2007**  
**Evaluation Coordinator**  
**Center for Program Evaluation, College of Health and Human Sciences**

Provided evaluation services and T/TA that increased the evaluation capabilities of State Incentive Grants and DFC-funded coalitions, local and statewide parent involvement initiatives, a statewide parent involvement initiative, a local school-based mentoring program, school district dropout prevention initiatives, multiple service-learning initiatives, and cardiovascular disease prevention initiatives. Developed scopes of work and budgets, keeping to time and task. Facilitated regular client meetings to develop and review evaluation plans and progress. Located

or developed measures, tools, and administration protocols that were implemented by staff and clients. Supervised or conducted all aspects of data collection, entry, management, analysis, and interpretation for both qualitative and quantitative data. Wrote, edited, and presented report reports, fact sheets, and data summaries to clients. Assisted with grant-writing. Served as a data manager for a NIDA R21 grant with the University of Nevada School of Medicine (UNSOM).

**Turning Point, Inc., Virginia City, NV**  
**Evaluation Associate**

**2002 – 2005**

Provided evaluation services and technical assistance to SIG and DFC-funded substance abuse prevention coalitions, parent involvement initiatives, service-learning programs, teacher professional development initiatives, and several other educational, health, and community programs and initiatives. Built the evaluation knowledge and skills of clients by: designing evaluation measures and tools; coordinating data collection; conducting focus groups; analyzing data; writing, editing, and presenting reports, fact sheets, and data summaries.

**University of Nevada, Reno, Reno, NV**  
**Letter of Appointment**  
**Program Evaluation and Partnership Development Services, Human Development and Family Studies Department**

**2002 – 2004**

Provided evaluation services and evaluation support that strengthened the evaluation capacity of educational and health-related programs and projects by: designing evaluation measures and tools; coordinating data collection; conducting focus groups; analyzing data; writing, editing, and presenting report reports, fact sheets, and data summaries to clients.

**University of Nevada, Reno, Reno, NV**  
**Research Assistant**  
**Program Evaluation and Partnership Development Services, Human Development and Family Studies Department**

**1999 – 2002**

Provided evaluation services and evaluation support that strengthened the evaluation capacity of educational and health-related programs and projects by: designing evaluation measures and tools; coordinating data collection; conducting focus groups; analyzing data; writing, editing, and presenting report reports, fact sheets, and data summaries to clients.

### **TEACHING EXPERIENCE**

*CHS 747: Applied Research Methods* (Spring 2018). Practical skills in collecting and examining public health data, designing and executing studies in diverse populations. School of Community Health Sciences.

*CAS 255: Substance Abuse Prevention* (Spring 2016). A basic overview of substance abuse prevention with emphasis on scientifically defensible substance abuse prevention research and practices. CASAT, Division of Health Sciences.
