

CONFIDENTIAL
Health Alert Network

PURPOSE: (CONFIDENTIAL): The data below is used to enroll State of Nevada Health Alert Network (NVHAN) system. This system is designed to alert enrolled individuals during emergent events. The system used to read the NVHAN alerts is password secured and you will need to register to see the documents. The information below will be used to create a username and temporary password for you to log into the system in order to read these NVHAN alerts.

For your information: All data collected is strictly protected and never released without written permission from the System Administrators, or authorized representative. Unauthorized disclosure may subject the person to criminal prosecution by the Nevada Attorney General's Office.
