Source: Division of Public and Behavioral Health, Sexually Transmitted Disease Management Information Systems (STD\*MIS), data as of April, 2017.

\*Crude rates per 100,000 population were calculated using 2015 population projections from the Nevada State Demographer vintage 2015 data.

\*\*All other counties include Churchill, Elko, Esmeralda, Eureka, Humboldt, Lander, Lincoln, Mineral, Nye, Pershing, Storey, and White Pine.

\*\*\*Count totals reflect all Nevada cases and include those whose resident county and gender are unknown.

†Reported numbers less than 12, as well as estimated numbers (and accompanying rates and trends) based on these numbers, should be interpreted with caution because the numbers have underlying relative standard errors greater than 30% and are considered unreliable.
