What is the Dietitian Licensure Compact?

Interstate occupational licensure compacts, like the Dietitian Licensure Compact, are constitutionally authorized, legally binding, legislatively enacted contract among states. There are approximately 111,000 registered dietitians in the United States. These practitioners are currently limited to providing services within the state where they are licensed.

The Dietitian Licensure Compact seeks to provide licensees with opportunities for multistate practice, increase mobility for individuals who are relocating, improve public safety and promote workforce development by reducing unnecessary licensure burdens.

Who can use the Dietitian Licensure Compact?

A dietitian is eligible to participate in the compact if they have:

- An active, unencumbered license in their home state participating in the compact.
- Either a current registration to use the title "Registered Dietitian" or have satisfied the following:
 - Completion of a programmatically accredited education program, completion of a programmatically accredited planned, documented, supervised experience in dietetics and nutrition, and successful completion of the RDN examination.
- Paid all required fees.
- Met any jurisprudence requirements.
- Passed a background check.

BENEFITS FOR PRACTITIONERS:

Facilitates mobility for licensees.

Expands employment opportunities into new markets.

Eases the burden of applying for and maintaining multiple licenses.

Supports relocating military spouses and families.

Improves continuity of care.

BENEFITS FOR STATE DIETITIAN LICENSING AUTHORITIES:

Reduces an administrative burden.

Creates a “compact information system” that supports the facilitation of licensure and discipline information for dietitians.

Expands cooperation among state licensure boards during investigations and disputes.

Allows regulators to retain jurisdiction over licensees practicing in their state.

BENEFITS FOR THE STATE:

Promotes workforce development and strengthens labor markets.

Expands patient access to highly qualified practitioners.

Enhances public safety through a shared interstate data system of licensure and disciplinary information, allowing for rapid verification of licensure status and cooperation among states.

Preserves state sovereignty.

What's Next?

The Council of State Governments (CSG) has facilitated the development of the Dietitian Licensure Compact model legislation. This legislation has been finalized for introduction. Each state must enact the model legislation to join the compact. Supporters of the compact can contact the state chapter or national office of their professional membership association and state legislature to advocate for the interstate compact.

To get involved or learn about advocating for the interstate compact, please visit dietitianscompact.org.

This project is funded by the Department of Defense.

Dear Leticia Metherell, Keri King and the Nevada Division of Public and Behavioral Health (DPBH) ,

We are writing on behalf of the Nevada Academy of Nutrition and Dietetics, to express our support for advancing the filing of dietitian compact legislation in the State of Nevada during the upcoming legislative session.

It seemed everyone was supportive of the legislation at the recent Dietitian Advisory Group meeting on May 9th. We have received news that the Department of Defense hopes to proceed with licensure compact legislation in Nevada. This bill would include the compact licensure for dietitians. Before moving forward, the Department of Defense wants to ensure we have the general support of DPBH.

As we explore next steps with our legislators, we seek your guidance. We ask for your confirmation that the Department of Public and Behavioral Health would not oppose the filing of this compact legislation.

We kindly request your response by June 24 to assist us in moving forward.

Thank you for your time and consideration. More information may be found at <https://compacts.csg.org/compact-updates/the-interstate-compact-for-dietitians/>

Sincerely,

Dawn Matusz, MS, NDTR
NvAND President
