Nevada Administrative Code, Chapter 433 - Background

The proposed regulations are being moved forward as required by Senate Bill (SB) 69 of the 81st (2021) Session.

Section 8 of the bill, in general, requires an adult to be certified by the Nevada Certification Board, or its successor organization, as a peer recovery support specialist or peer recovery support specialist supervisor before providing or supervising the provision of, as applicable, peer recovery support services for compensation as a regular part of his or her job duties; provides for the imposition of a civil penalty against an adult who violates that requirement; and authorizes an adult who is not certified to provide peer recovery support services to adults for compensation as an intern under certain circumstances.

Section 15 of the bill authorizes the Division to bring an action to enjoin any adult from providing or supervising the provision of peer recovery support services in violation of section 8.

Section 15.6 of the bill requires an employer, a person or an entity who employs a person for the purpose of providing or supervising the provision of peer recovery support services in a position where the person has regular and substantial contact with minors or retains an independent contractor to provide those services in such a position to undergo a screening to determine whether the person has, within the immediately preceding 5 years, been the subject of a substantiated report of the abuse or neglect of a child; or a violation of provisions prohibiting certain sexual conduct regarding minors, corporal punishment in public schools or the use of aversive interventions against pupils with disabilities in private schools. In general section 15.6 prohibits the employment of a person or retention of a person as an independent contractor for the purpose of providing peer recovery support services in a position where the person has regular and substantial contact with minors if the person has been found to have engaged in such conduct within the immediately preceding 5 years; and requires the termination of an employee or independent contractor who provides peer recovery support services in a position where the person has regular and substantial contact with minors and has been found to have engaged in such conduct within that period. It also authorizes an employee or independent contractor who believes that the information provided through a screening is incorrect to attempt to correct the information.

Section 15.6, subsection 7 of Senate Bill 69, requires the Division to adopt regulations to establish civil penalties to be imposed against any person or entity that fails to comply with the requirements of Section 15.6. In addition, it authorizes the Division to adopt regulations establishing a process to determine whether an employee or independent contractor who has been found to have engaged in such conduct within the immediately preceding 5 years may continue to provide peer recovery support services and have regular and substantial contact with minors.

Nevada Administrative Code, Chapter 640D, Music Therapists - Background

The proposed regulations are being moved forward as a result of Assembly Bill 330 of the 81st (2021) legislative session which requires each regulatory body, in this case the Board of Health, to adopt regulations to effectuate the purposes of the following bill requirements:

- 1. A person who, in secondary or postsecondary education, completes a training program for occupational, vocational, career, trade or technical education approved by the State Board of Education and receives a certificate for the completion of that program is eligible to receive equivalent credit towards the satisfaction of requirements for the issuance of any professional and occupational licenses and certifications relating to the training received.*
- 2. For a person to be eligible to receive equivalent credit pursuant to subsection 1, the secondary or postsecondary education received by the person pursuant to title 34 of NRS must be consistent with the requirements for the issuance of professional or occupational licenses and certifications established pursuant to the provisions of title 54 of NRS and the regulations adopted pursuant thereto.*
- 3. Any person aggrieved by a decision of a regulatory body concerning eligibility for equivalent credit pursuant to this section may appeal to the regulatory body for a determination whether the training satisfies the requirements for professional or occupational licensure or certification, as applicable. An appeal made*

pursuant to this subsection must be conducted as provided for the appeal of the denial of a professional or occupational license or certificate by that regulatory body.

In addition, the proposed regulations amend NAC 640D.200 relating to unlicensed music therapy complaints by requiring the Executive Officer to investigate such complaints, not allowing unlicensed individuals to engage in music therapy services until the individual becomes licensed, and other related provisions.

The proposed regulations also amend NAC 640D.210, as it relates to a complaint against a licensee or an applicant for a license to practice music therapy, to allow the Executive Officer to conduct an investigation, and if substantiated, to forward the complaint, information collected as part of the investigation, and the investigative results to the Certification Board for Music Therapists.

Nevada Administrative Code, Chapter 640E, Dietetics - Background

The proposed regulations are being moved forward as a result of Assembly Bill 73 and Assembly Bill 330 of the 81st (2021) legislative session.

Assembly Bill 330 requires each regulatory body, in this case the Board of Health, to adopt regulations to effectuate the purposes of the following bill requirements:

- 1. A person who, in secondary or postsecondary education, completes a training program for occupational, vocational, career, trade or technical education approved by the State Board of Education and receives a certificate for the completion of that program is eligible to receive equivalent credit towards the satisfaction of requirements for the issuance of any professional and occupational licenses and certifications relating to the training received.*
- 2. For a person to be eligible to receive equivalent credit pursuant to subsection 1, the secondary or postsecondary education received by the person pursuant to title 34 of NRS must be consistent with the requirements for the issuance of professional or occupational licenses and certifications established pursuant to the provisions of title 54 of NRS and the regulations adopted pursuant thereto.*
- 3. Any person aggrieved by a decision of a regulatory body concerning eligibility for equivalent credit pursuant to this section may appeal to the regulatory body for a determination whether the training satisfies the requirements for professional or occupational licensure or certification, as applicable. An appeal made pursuant to this subsection must be conducted as provided for the appeal of the denial of a professional or occupational license or certificate by that regulatory body.*

Assembly Bill 73 removes the requirement that the Board of Health establish a fee for the late renewal of a license and the issuance of a duplicate license. The proposed regulations follow suit by removing these fees. Assembly Bill 73 amends the requirements for a provisional license; therefore, the amendment to NAC 640E.100 (1) in section 4 of the proposed regulations, as it relates to the issuance of a provisional license, refers back to NRS 640E.180.

In addition, the proposed regulations amend NAC 640E.200 relating to unlicensed dietitian complaints by requiring the Executive Officer to investigate such complaints, not allowing unlicensed individuals to engage in the practice of dietetics until the individual becomes licensed, and other related provisions.

The proposed regulations also amend NAC 640E.210, as it relates to a complaint against a licensee or an applicant for a license to practice dietetics, to allow the Executive Officer to conduct an investigation, and if substantiated, to forward the complaint, information collected as part of the investigation, and the investigative results to the Commission on Dietetic Registration.

The proposed regulations also omit NAC 640E.120 and NAC 640E.130 which are no longer relevant with the passage of Assembly Bill 73.
