Subject: UNSHE student vaccination
Date: Tuesday, August 17, 2021 4:54:15 PM

As a former student of UNR, spouse of an employee, and parent of an ineligible-for-vaccination preschooler at UNR exposed to undergraduates, I urge you to require vaccination for return to in-person classes for students and employees. It is for their health, and the health of all those exposed to them who don't get to choose.

Dan Lazzareschi,
