I do not consent and I will not consent to my child being vaccinated with something that is as provably ineffective and dangerous as the current covid vaccines regardless of their FDA approval status. I will pull my child from any institution that is requiring any vaccine that I do not approve of, I will strip my tax and tuition dollars as well as any monetary contributions from those schools and I will advise every parent I know to do the same!!!! ( And I know a lot of parents)... I suggest you allow parents and their students to make their own choices about their health before you decide to mandate a drug that is currently being tested on the American populace.

Thank you,

Kristin
